Sands & Co.

By Order Public Trustee AT OUR 6th AVENUE PREMISES, NAIROBI.

Wednesday 15th June at 11 a.m. Maize Farm.

As a going concern Oxen, Ploughs Implements. Acting on instructions from the Public Trustee we will offer for sale a going concern. The maize farm of the late Mr. J. C. Houston, the farm consists of approx. 912 acres of which approx. 400 acres is under the plough, but the whole of the farm can be ploughed in one season for 20 years, total 37 per annum. The improvements on the farm consist of a Wattle, Drah Dwelling House. A large stone store, two maize cribs, also three teams of oxen, ploughs, etc. The farm is bounded on the East by the Rongai River and is about a mile from the Rongai Railway Station. The land is grown first class maize land and has produced very heavy crops. Following is a list of Land Office Estate, approx. 272 acres, Annual Rental Shgs. 17 Gs. 6, Farn No. 2 Portion No. 1/14 of the Belvedere Estate, approx. 309 acres, Annual Rental Shgs. 19 Gs. 8d, Farn No. 3 Portion No. 1/15 of the Belvedere Estate approx. 330 acres, Annual Rental Shgs. 20 Gs. 6d.

Arrangements in view of the farm can be made with Mr. J. R. Chandler who is in charge.

The auctioneers can recommend the above farm as being wanting a really made farm, with a large earning capacity right away. Terms 25 per cent. Cash on Fall of Hammer, balance on Transfer with reserve.

SANDS & Co. AUCTIONEERS.

Sands & Co. Sale of High Grade Ayrshire Cows.

ANGLO EGYPTIAN CRISIS.

Battleships Arrive at Alexandria.

STATEMENT BY FOREIGN SECRETARY.

London, June 3. (Special Cable.)—The Foreign Secretary has issued a statement regarding the Anglo-Egyptian crisis.

He stated that the British Government is determined to maintain the integrity of Egypt and to support the Egyptian Government.

The statement also mentioned the arrival of British battleships in Alexandria and the readiness of the British fleet.

Further details were given regarding the diplomatic efforts to resolve the crisis peacefully.

The Foreign Secretary emphasized the British commitment to the principles of international law.

He concluded by stating that the British Government will continue to work for a just and lasting settlement.

The statement was widely reported in the press and has led to further speculation about the future of the Anglo-Egyptian crisis.

It is noted that the British fleet's presence in the Mediterranean is a significant show of force.

The crisis remains a major international concern, with many eyes watching the developments in the East.

Further reports from the region suggest that tensions are still high, and a peaceful resolution is not yet in sight.

The British Government's stance is seen as firm, and it is expected that they will continue to stand by their principles.

The crisis has also led to a re-evaluation of British foreign policy in the Middle East.

As the situation evolves, the role of the League of Nations will be closely watched.

The East African Standard continues to provide comprehensive coverage of the crisis and its implications.

ROYAL COUPLE AT MAURITIUS.

Wonderful Reception by Natives.

London, June 3. (Special Cable.)—The King and Queen have just returned from their visit to Mauritius.

The royal couple were met with a warm and enthusiastic reception by the islanders.

The visit was a success, and the royal couple were highly pleased with the hospitality they received.

The King and Queen will be returning to Mauritius in the near future for another visit.

The people of Mauritius are looking forward to the return of their royal visitors.

The visit has strengthened the ties between the United Kingdom and the island of Mauritius.

The royal couple's tour of the island was a memorable one for all who had the privilege of meeting them.

The success of the visit is a testament to the goodwill and friendship between the two nations.

The King and Queen's visit to Mauritius is a significant event in the history of the island.

The people of Mauritius are proud to have hosted their royal guests.

The visit has also brought attention to the needs and aspirations of the Mauritian people.

The royal couple's presence in Mauritius has been a source of pride and joy for the islanders.

The visit is expected to have a lasting impact on the relationship between the UK and Mauritius.

The King and Queen's visit to Mauritius is a historic moment for the island.

The East African Standard continues to report on the latest news from Mauritius.

£180,000 FOR A CAPTOWN MECHANIC.

Second Prize Won by London Clerk.

London, June 3. (Special Cable.)—The results of the £180,000 prize competition for a mechanic in Cape Town have been announced.

The second prize was won by a London clerk, who submitted a highly innovative design.

The winning design was praised for its practicality and efficiency, and it is expected to be implemented.

The competition was a success, and it has attracted the attention of many other engineers and inventors.

The £180,000 prize is a significant amount, and it is well-deserved by the winner.

The London clerk's achievement is a testament to his skill and ingenuity.

The competition was held in Cape Town, and it was a great success for the city.

The winning design is expected to revolutionize the mechanic industry in Cape Town.

The London clerk's victory is a source of pride for his hometown.

The competition was a great success, and it has inspired many other inventors.

The £180,000 prize is a well-deserved reward for the winner's hard work.

The London clerk's achievement is a source of inspiration for many young inventors.

The competition was a great success, and it has brought attention to the needs of the mechanic industry.

The London clerk's victory is a historic moment for the mechanic industry.

The East African Standard continues to report on the latest news from Cape Town.

FLAG DECLARATION BY GEN. HERTZOG.

Greater Respect for Union Jack Than Any.

London, June 3. (Special Cable.)—General Hertzog has issued a declaration regarding the Union Jack.

He stated that the Union Jack is the symbol of the British Empire and should be respected above all other flags.

General Hertzog's declaration is a strong statement of British loyalty and pride.

The declaration has been widely reported in the press and has led to further discussion about the Union Jack.

General Hertzog's words are a source of inspiration for many British citizens.

The declaration is a testament to the strength and unity of the British Empire.

General Hertzog's declaration is a source of pride for the British people.

The declaration is a strong statement of British values and principles.

**K. McIVOR & Co., NAIROBI.**

**Tyre Craft**

DUNLOPS work into their tyre treads... You see, just as carbon, when mixed with pure iron, turns it into tough, strong steel, so similarly rubber carbon powders. The finer the powder, the more thoroughly can the rubber absorb its fortifying properties, and the greater its fortifying power. It is hard to imagine anything finer than Dunlops, like all craftsmen, imagined first and produced next.

First of all they burned zinc to get powder called "zinc oxide," and then they burned hydro-carbon gases and vapours to get "amorphous carbon." Apart from rubber, these are the main ingredients of a perfect tyre tread, and the Dunlop way is the only perfect way to make it. Competitors may tell you that this is all smoke, but ask any tyre user which is the longest wearing tread rubber he has ever experienced and he will say "Dunlop."

# GOOD EQUIPMENT Makes a Good Farmer Better

## McCormick-Deering Triple-Power Tractors

THE POWER FOR YOU—FOR 18 GOOD REASONS.

### Drawbar Belt

Powerful Engine. These tractors have valve-in-head, heavy-duty engines. They are built to deliver an abundance of power over a long period of years. Working parts are thoroughly protected from dust and dirt.

Removable Cylinders. Each cylinder is cast separately and fitted into the engine block which makes it economically. New cylinders make practically a new engine.

Crankshaft. The heavy-duty two-bearing crankshaft runs in large ball bearings.

Throttle Governor. The throttle governor regulates the fuel to the load and keeps the speed practically uniform.

Pistons. The pistons are close-fitting and have four rings which insure good compression and most power from the fuel.

Gear Drive. The power is transmitted to the drive wheels through high grade gears that run in oil.

High-Tension Magneto. The high-tension magneto supplies a hot spark for starting and running. International engineers consider this the best type of ignition for a farm tractor.

Oil-Pump. The oil is kept in circulation by a gear oil pump which assures proper lubrication on grades, hillsides, etc.

### Power Take-Off

Fenders. Strong, durable fenders protect the tractor and operator from dust and dirt.

Platform. The platform adds to the comfort of the operator and provides carrying space.

Oil Air Cleaner. Air that reaches the cylinders must pass through the oil air cleaner which removes the dust and dirt.

One-Piece Main Frame. The main frame is a single casting. There are no weak joints bolted together. It is dust-proof and oil-tight.

Gears Run in Oil. All gears run in a bath of oil.

High Grade Bearings. An unusually large number of ball and roller bearings are used which are easily lubricated, reduce friction, and save power for productive work.

Cooling System. The thermo-siphon system of cooling maintains uniform engine temperature.

Accessibility. Engine working parts are readily accessible by removing handhole covers and plates.

Clutch. The multiple-plate, dry-disk clutch is large and insures proper transmission of the power.

IBC Service. International Harvester service covers the country, and it is easy to get extra parts whenever necessary.

Manufactures of better and better Implements for 94 years.  
For further information apply to the Manufactures own Branch house.

### ALTERNATIVE SCHEME OF COLONIAL DEFENCE.

#### Proposals Accompanying Petition.

The Petition addressed to the Secretary of State, on the subject of the defence of the East African Colonies, is a lengthy explanatory memorandum from Nairobi, and is accompanied by a list of documents by the petitioners Committee, having been presented on Monday.

The East African Standard has received for publication, from the highly noted correspondence column in the Colony, a brief, but the petition in the question of the defence of the East African Colonies, and an alternative scheme of defence.

The proposed scheme of defence based on military service in the East African Colonies is a novel one, and is a departure from the usual method of defence.

From the fact that the East African Colonies are situated in a strategic position, and that they are surrounded by a hostile population, it is not surprising that the Government should have taken steps to provide for their defence. The proposed scheme of defence based on military service in the East African Colonies is a novel one, and is a departure from the usual method of defence.

We maintain that all these things are essential factors to be taken into consideration in formulating a scheme of defence for the East African Colonies. The proposed scheme of defence based on military service in the East African Colonies is a novel one, and is a departure from the usual method of defence.

## THE MENACE OF THE STALK BORER.

### Great Damage Caused in America.

#### DEVIATION THEORETICAL IN THE MAIZE ZONE.

It is well known that there have been cases in Kenya where the crops have been practically ruined by the stalk borer. These cases have, fortunately, been comparatively few. Reference to the maize industry in America shows that stalk borers have done great damage there.

The following article by Henry L. O'Brien, which appeared in *American Agriculture* in 1925, and was translated into South African in *The Eastern Province Agricultural Journal* several months ago, is very good indeed and will be of great interest to all maize growers in this country.

It now appears to almost all farmers with the exception that the European stalk borer has been the greatest pest of maize in this country—perhaps the one that has caused the most damage.

The borer has been in New England for ten years, and in Ohio, just inside the Ohio line, for five years, but it is not until the past few years that the country at large began realizing what it all meant.

It took the rapid advance westward of the borer in 1920—some twenty miles farther than any previous year, across Western Ohio, across Southern Michigan and into Indiana, and the fact that the material loss in Ohio for the first time was estimated at \$10,000,000.

It was not however, until the start of the present year that the European stalk borer was first reported in the United States. It was first reported in the State of Ohio in 1926, and in the State of Pennsylvania in 1927.

The borer has been reported in the State of Ohio in 1926, and in the State of Pennsylvania in 1927.

The borer has been reported in the State of Ohio in 1926, and in the State of Pennsylvania in 1927.

### GOLF IN KENYA.

The Plateau Course at Eldoret.

THE NJORO TOURNAMENT.

(By "Shabiki")  
Four days of last week's report at Eldoret, and it was a pleasure to read the course, which I like very much, and to see the improvement that has been made in the layout of the club, and the fact that the course is now in a very good state of repair, and that the members are very much pleased with the results of the tournament.

On the 1st and 2nd both were played, however, in the afternoon, and on the 3rd and 4th both were played in the morning. The 1st and 2nd were played in the afternoon, and on the 3rd and 4th both were played in the morning.

The 7th is the first of the week-end tournaments, and it is a very important one, as it is the only one of the kind in the country. It is a very important one, as it is the only one of the kind in the country.

# REMARKS ON NOTES

Margaret Owen

My dear Sir,

Thank you for your letter of the 21st inst. and for the trouble you have taken in sending me the copy of the notes.

I have read the notes and find them very interesting and well written.

I am sure they will be of great value to the members of the League.

I am, dear Sir, yours faithfully,

Margaret Owen

# POULTRY NOTES.

## Sick Birds.

I get a number of sick birds brought to me by the owners of the flocks.

The most common complaint is a disease known as cholera.

This disease is caused by a bacterium which is very common in the soil.

The symptoms of cholera are a sudden drop in temperature, followed by a diarrhoea.

The birds die very rapidly, and the disease is very contagious.

It is important to keep the birds clean and to avoid contamination of the water.

I am, dear Sir, yours faithfully,

Margaret Owen

## THE GARDEN

### Junior Competition Prize Essay.

#### A FIVE ACRE LAY OUT!

The following is the prize essay in the competition organized by the Horticultural Society of Kenya for the best essay written by a pupil on "A Garden," the prize being presented by the R. A. Blundell. The only winner was Miss S. Forman of the Government School, Nanyuki.

Normally it is the people who look round and select the site for their garden. In my case, I simply have to fence the best of a few acres and fence North with a gentle slope facing a permanent stream. This is a black cotton, and for the growing of European fruit trees, so I have decided to spend a portion of two in getting it staked and I believe it will be money well spent.

### Herbert, Wain Heron, and Cape Cod.

Herbert, Wain Heron, and Cape Cod have put in a small patch and will vary from the orange trees, as exposed to the sun all day.

Immediately behind the house I have a kitchen garden with a good supply of all vegetables and fruiting. On the fence I have a few cabbages, a few pumpkins, and a few other vegetables.

The large old round which the drive comes in from the house is covered with Chest Trees and filled with rose bushes.

The small gate leading to the Summer house has a bell attached to it, and it is a great delight to the children to receive their friends in their own little summer house, which is covered with a

THE TOURING CAR—Six Pass.

## Ride in this most Beautiful CHEVROLET

"The Buick Public" left and scratched the tail end of his car in the road as he went away.

The beauty of the new Chevrolet is equalled only by the revelation of comfort, power and smoothness experienced when one rides in the new cars.

All the changes in construction, effected primarily to improve appearance, have resulted also in much greater comfort and much better performance. Reducing the height, for example, has resulted not only in a better looking car but in improved roadability.

Will you come in and let us prove to you that all we have said is true—that, rather than exaggerating, we have really underestimated the new cars?

THE SEDAN—Six Pass.

### CORRESPONDENCE.

To the Editor, "E.A. Standard"—I have been reading your issue of the 27th and I am glad to see that you have been able to get a copy of the "E.A. Standard" for me. I am sure that you will find it very interesting and useful.

### CONDITIONS IN ITALY.

To the Editor, "E.A. Standard"—I have been reading your issue of the 27th and I am glad to see that you have been able to get a copy of the "E.A. Standard" for me. I am sure that you will find it very interesting and useful.

Italy is a country of great contrasts. The cities are beautiful and the people are hospitable. However, the political situation is very unstable. The Fascist Government has been in power for some time, but there are many who are opposed to it. The economy is also in a state of depression, and there is a lot of unemployment.

The theatre and other favourite haunts of Rome as well as all other cities of Italy have not in fact, lost their traditional gaiety and interest: they are largely frequented by "sold, and sea" and "finesse" are found to-day more than ever in the enjoyment of a breeze and serene atmosphere. Those who look for excursions and other scenic places which are devoid of signs of moral and social weakness and decadence certainly should not fail to visit Italy.

### A DARING ESCAPE IN PARIS.

Detectives Searching for Youth.

Detectives are searching this for a youth of the name Leduc, who has been a daring escapee from the Brest prison. Leduc, it is known, was serving a sentence for a theft of a watch in the workshop, the work of the inmate will, if he is not found, be a great loss of work, and the police are searching for him. He is believed to have escaped through the hole in the wall, and the police are searching for him.

# More Power Less Friction

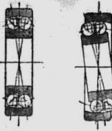

BY

## Applying SKF Ball Bearing Plummer Blocks TO YOUR LINE - SHAFTING

BECAUSE

- SKF SAVES 15%—20% OF TOTAL POWER
- " " " " 75% OF FRICTION LOSSES.
- " " " " 50%—60% OF LUBRICANT BILLS.
- " " " " 15%—30% OF BELT COSTS.
- " " " " 40%—80% OF MAINTENANCE COSTS.

### The Self-aligning Feature of SKF Bearing

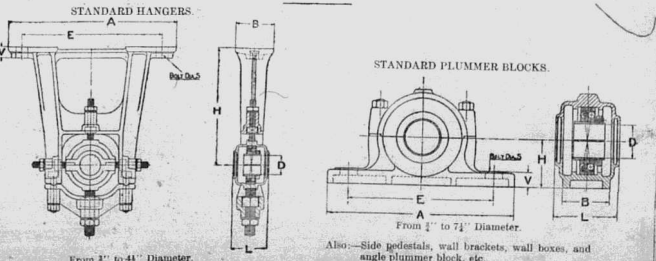

- Ensures—
- No hot bearings through badly aligned shafting
  - that setting of floors, columns or other supports do not effect the bearings as with other types.
- Hence—
- Heavy repair bills and continual attention are eliminated.

### Speed of Shafting can be increased

- The maximum speed for Transmission Shafting is usually 450 R.P.M.
- With SKF self-aligning Ball Bearings the shafting may safely be run as high as 1000 R.P.M.
- Hence—
  - 1. Smaller pulleys may be used.
  - 2. Same power can be transmitted by smaller diameter shafting.
  - 3. Belts may be narrower.

### Renewal of Lubricant only Required every SIX MONTHS
