WORK OF E.A.S.P.C.A. IN KENYA DURING 1925.

Need For Greater Support From the Colony.

BIG STRIDES BY THE JUNIOR BRANCH.

The amounts show an excess of expenditure over income amounting to Sh. 5,965/25, but it must be borne in mind that Sh. 5,044/00 represents a payment...

In order to secure additional representation shall be appointed, where available. The Secretary will be pleased to furnish full particulars of the services District Representatives can render...

The Committee is pleased to report that the Game Ordinance was amended to include game animals in captivity in the category of animals protected from cruelty...

Reports have been received concerning captive wild animals in Nairobi, and these have been investigated with the assistance of the Game Warden. In some cases it has been possible to obtain an improvement in the conditions under which the animals were kept...

Representations have been made to the Government concerning the possibility of deer being introduced over the

Just finished and completion of the subject requested, with a list of regulations being drafted on the subject of deer.

The number in which animals are sent by sea has also received attention, but this is a very difficult matter to adjust to take action, and the Society can only appeal to all importers of dogs and other animals to instruct the shippers to see that everything possible is arranged for the comfort of the animals on board ship.

Condition of the slaughter house in Nairobi remain much as they were a year ago, and no material improvement has been effected since the new abattoir was erected. The best of suitable water to properly disinfect the slaughtering pens after each animal is slaughtered has made humane treatment impracticably difficult, and it is hoped that the erection of the new building will not be much longer delayed.

A few human killers have been abolished by the Society, and any person desirous of obtaining such a weapon may see some of the different types upon application, and this article will be best for his, or her, purpose before ordering.

The Committee desires to record its gratitude for donations during the year from: "The Daily Comet" Shs. 200/00; "The Whittaker's Cat" Shs. 100/00; O. Rivers, Esq., (two copies of his work on the occasion of the opening of B.R.F. The Prince of Wales) Shs. 17/00; The Football Association of Kenya Shs. 100/00; The Junior Branch of the Kenya Club, Shs. 22/30.

The Kenya Club of Kenya Football has given permission for collections to be made at the Race Meeting, and Shs. 545/71 was received from the same. The Committee is gratified to the stewards of the Kenya Club and the members of the Junior Branch who assisted.

Thoughts are given that in the Agricultural and Horticultural Society of Kenya has kindly granted a sub-committee of the East African Agricultural Society to hold in Nairobi, and it is regretted that it was not found possible to take advantage of the opportunity on that occasion.

The outstanding feature of the year has been wonderful progress made by the Junior Branch, through the Hon. Secretary, Miss M. A. R. Walker, and the Committee with the help of her energy and initiative. The Hon. Secretary reports that the membership of this branch was 774 at the beginning of 1925 and during the year increased to 1,100 at the end of December 1925. There were included in the membership 106 Indian children belonging to the 100 Indian schools included in the "Lions Members" who do not go to school.

Her certificate and badge has been distributed to every member. The badge was designed by Miss C. Day through the courtesy of the South African Trade Commission in Nairobi, and Mrs. Walker has been entrusted with the design and appropriate design for the badge which was printed locally.

Eighty-six boxes have been distributed among the members in regularity with the Society, to form the nucleus of a Society for the Prevention of Cruelty to Animals. Library and all other projects interest in and love for animal study and to have for the many groups and kind of work which it is possible to carry through this idea.

Through the courtesy of the East African Standard, a monthly column entitled "The Black Mercury" has been published in the daily and weekly paper with news of the Junior Branch. Competitions have been set on foot in drawing, painting, photography, and nature study, and the monthly prizes presented to the winners. These have been won by Misses A. R. and C. R. and a number of other members who have helped and assisted the work.

Miss F. Tall Jones inaugurated a scheme of collecting money by herself on a day called "Shillies" and wrote a letter from her pen "Janine Watson the Explorer" to this effect. The amount collected was £100.00, which was not less than £50.00. It was in part collected in the way in which mentioned in the "Janine Watson" letters in the monthly magazine in non-competition has a great success. Miss Margaret Collins has also sent out the money collected through giving advice for each day, amounting to Shs. 210/-, and also also very kindly drew the

**A TRIBUTE FROM UGANDA.**

(WANDAHO) (CORRESPONDENT.)

Those of us who had the privilege of knowing the late Sir Frederick Jackson, will have read with very deep regret of his death in England.

Sir Frederick endeared himself to all of us during the long period of service as High Commissioner and later Governor and Commander-in-Chief.

A noble nature and a high spirit of self-sacrifice were his chief characteristics. He was a man who held the duties of his office in the highest degree, and his work was done with a thoroughness and a conscientiousness that were a source of inspiration to all who came in contact with him.

He had a vast knowledge of African life and the intricacies of its administration, and his reports were always fascinating.

A legend of the late Sir Hubert Haggard, Sir Frederick shared the great man's first adventures in this Continent. It is a story which is reported that Captain Hood, with the inevitable expression, one of the adventures portrayed in "Ain Omdurman," was none other than Sir Frederick Jackson.

By his death Uganda has lost a man who held the scales of justice just as the Protectorate was founded, and to whom credit of its present prosperity may be ascribed. And the world has lost a great gentleman.

There is little to report on this week beyond the fact that the Kenyan growers continue to send large quantities of seed to the Lango and Nile basins, although the quantity in Lango has not yet started. The Nile basins, however, are still in the hands of the Government, and the quantity of seed sent to the Nile basins is being sent in small lots, and it is estimated that about thirty tons were sent last week.

The Kenyan growers are being encouraged to send more seed to the Nile basins, and it is estimated that about thirty tons were sent last week.

When food enters your stomach, large quantities of acid are secreted. If too much gastric juice is secreted, the food soon becomes a sour, fermenting mass, which may remain in the stomach several hours, causing great pain and distress. Instant relief can be obtained in cases of this kind by taking half a teaspoonful of "Bismarck" Magnesia powder, or two or three tablets in a little water immediately after eating or whenever pain is felt. This acts safely, surely and quickly neutralizes the excess acid, stops the fermentation, soothes and heals the inflamed stomach lining, and at once restores peaceful, normal digestion. Lady Grigg accompanied by her mother, Lady Hinchinbro, and Lady Lysons, attended the Norwich Chamber of Commerce Reception at the Exhibition of Gifts for Africa, at Church House on March 16 a large baby, naked and destitute, will be given pieces of gay working material, such as cotton, muslin and silks for African mothers to make dresses for their babies. A large African basket will be ready to receive the gifts.

Mr. Wilfred Paine, M.P., who will be remembered, recently visited Tanganyika, has been appointed a Whip of the Labour Party.

Colonel Charles Grey, the brother of Lord Grey of Fulford, was killed recently in Kenya from injuries received from a buffalo, lost property in this country £10,000, but personally £10,000. Lady Hilton Young was a victim of a motorist this last week, when one of her own cars in motion, the figure of a man holding a baby, and mistook her for a thief from her front garden who subsequently sold it to an antique dealer in the neighbourhood. The motorist was given all right but there is no trace of the man who sold it though he seems to have been some poor sort of second hand.

Mr. E. Hilton Young today addressed the Conservative members of the House on his East African Report, through the press. The members of the House who were present. This is the first step in the way of facilitating the members of the House with this document, which very few of them have read.

East African News Mr. Montagu Barrow and his wife are becoming interested to know that he has become Chairman of Eastern Oil Industries Limited, a new company with an issued capital of £500,000.

The Universities Mission to Central Africa are announcing an Exhibition of work for Africa at Church House.

which he was a former member of St. John's owing to ill-health. He hopes to return to Africa some day, but for the present he is remaining in Oxfordshire waiting to be ordered back to London. He was asked about his work in Africa. Dr. Stanfield, who is a very modest man, refused to say anything.

Amidst the Lord of Uganda, addressed a meeting at Lomeoony this week. He said that Africa had changed enormously during the last few years, and when the advent of the white man the natives' conception of God had been revolutionized. Old fetiches and charms had disappeared, and had the white man's religion, the sight of whose white men came with the result that a new religion was spreading. Africa for the Africans. They were wanting our interest, of African powers who were selling the land their own. A question had arisen which would have to be faced.

Major Corbet Ward has come back from Birmingham, where the Midlands Congress Exhibition was held in the Strand Hotel. One hundred thousand people visited it and Major Ward is more than satisfied with the publicity obtained. He is of some force in the trade in sales of the packets of Kenya coffee and Standard tea, single packets from Kenya, 100 packets of Standard from Harare, 200 packets of Standard from 20 Southern Rhodesia. I mention these amounts because the retail grocery trade is so unorganized, that some of their own business that they will not permit any increase in the size. This is of course, a very foolish business who sell without the usual amount, which they can buy in small shops you would stimulate demand. ### THE MUNICIPAL VOTERS' ROLL.

Necessity for New Registration.

### ELECTION IN APRIL.

Government has asked the Nairobi Town Council to take steps to get the voters' roll prepared for the early preparation of a voters' roll. It is expected that the roll will be completed under the terms of the recent Municipalities Bill. Government (Municipalities) Bill, the present voters' roll becomes invalid.

There will be certain formalities, the voters' roll has been completed, and before completion of the roll for the Municipal Council may be called for, but it is expected that the election will probably take place at the end of April.

Forms of application to be placed on the voters' roll may be obtained at the Municipal Office and applications will be received up to March 15, next. It is emphasized that the previous voting roll will be of no legal value and votes are only allowed on the basis of the present applications are accepted.

### Municipal Auditor.

### TOWN COUNCIL AND THE GOVERNMENT.

The difference of opinion between the Nairobi Municipal Council and Government regarding the fee for auditing the Corporation's accounts has been settled. The Acting Commissioner for the Government has informed the Corporation that the fee payable in respect of the services of the Auditor will be assessed under the Local Government (Municipalities) Ordinance in force at the time and time involved in the performance of the duties.

It was reported that the Town Council on Tuesday that the Planning Committee had considered the matter and that it had been resolved that Government should be informed that in the opinion of the Committee the sum already allocated, namely £100 for the payment of the Auditor is on the high side. The Council voted that this opinion, the Mayor, Councillor A. Wood, pointing out that they are over-burdened with having charges levied against them without having a voice in the matter. The Town Council wanted to indicate to Government that there had been a two parties to a contract.

# They Stand the Punishment

THINK, the next time you are driving over a particularly rough stretch of highway, of what punishment your tubes must stand. Think how they are required to take the varying pressures caused by irregularities in the road. Think how they are obliged to receive the bulk of every blow, yet must retain their full volume of air. Goodyear Tubes are built to withstand such gruelling service. Cured on a circular mold, they conform naturally to the shape of the cover, and so fit perfectly. Thus may they be relied upon to carry a full volume of air and to hold it - unflinchingly.
