THIS YEAR'S MEETING OF THE BRITISH ASSOCIATION.

First Session in South Africa Since 1905.

A VISIT TO KENYA.

Government Formulating Plans for the Entertainment of Visitors.

In the forthcoming meeting in Capetown of the British Association for the Advancement of Science, East Africa has been given an additional interest by the expressed intention of a large number of members to visit this part of the African Continent on their return to Europe.

It is expected that close on 600 scientists from all parts of the British Dominions as well as representative leaders from other countries will attend the Capetown meeting.

Arrangements are well advanced for their reception at the Cape, and in anticipation of the visit to Kenya of about 150 members of the Association, plans are also being made under the auspices of the Kenya Government for their entertainment.

Many members will avail themselves of the opportunity of visiting the Colony and it is felt that a satisfactory knowledge of the country will be gained by a visit to the territories also.

CHANGES AFTER 24 YEARS.

The Capetown meeting of the British Association on July 1st and the attendance will be augmented by the presence of members of the British Association for the Advancement of Science.

It is expected that close on 600 scientists from all parts of the British Dominions as well as representative leaders from other countries will attend the Capetown meeting.

Arrangements are well advanced for their reception at the Cape, and in anticipation of the visit to Kenya of about 150 members of the Association, plans are also being made under the auspices of the Kenya Government for their entertainment.

DEATH OF THE EARL OF ROSBERY.

Lord Rosbery was the first of the great statesmen of the Victorian era... He was born in 1829 and died in 1905.

At one time of England party warfare, early in the present century, Lord Rosbery seemed almost to have outlasted the age of his party.

Lord Rosbery began to take an increasing interest in politics at the age of 30 and shortly after that he joined the Conservative party.

Lord Rosbery was a member of the House of Commons from 1854 to 1860, and of the House of Lords from 1860 to 1885.

Lord Rosbery was a member of the Privy Council from 1860 to 1885, and of the House of Lords from 1860 to 1885.

Lord Rosbery was a member of the House of Commons from 1854 to 1860, and of the House of Lords from 1860 to 1885.

**OPENING OF THE NEW  
SCHOOL AT ELDORÉ.**

(Continued from page 1.)

In appreciation of their work, Mr. and Mrs. Humphries came over to see the school in 1912 and travelled the world in 1913 and 1914 by motor vehicle. Now in the United States they are on the Uganda Railway (main line) and are on their way to the East African Highlands and the possible new school at Eldoré. It may be said that all the time he and his wife have been working in the school it has been thoroughly financial in regard to the very day that we are celebrating the school has always been successful. It is perhaps rather a reasonable thought that Mr. Humphries should be retiring on the very day that we are celebrating the school's anniversary; but let us look rather on the other side of the picture and congratulate Mr. Humphries on the fact that his endeavours for the advancement of education in Eldoré to the stage which we mark today. I have no doubt that the many of you who express sincere thanks to Mr. Humphries for the years of successful work he has devoted to the development of Eldoré school.

Now that new buildings have been erected in connection with the school, we should like to say that we understand that he will be required to attend to the school's affairs for some time to come. I am happy to say that the duties of the school are to be entrusted to Mr. R. E. Mudge. By his industry, qualifications and experience he is fully fitted to take the school to the stage which we are celebrating today.

By his industry, qualifications and experience he is fully fitted to take the school to the stage which we are celebrating today. It is a pleasure to see that his professional knowledge is entirely up to date. For the sake of the school, we think we are to be congratulated on the fact that Mr. Humphries, under the direction of Mr. Humphries for an exceptionally long period, has built up and equipped buildings which are to be the nucleus of the school's future. These buildings are fully fitted to the needs of the school, and are in a position to receive the best of the educational ideal which is being put into the school and in the school.

the beauty of which they are so proud."

Mr. O'Brien.

The Hon. Mr. T. J. O'Brien said that he was very much interested in the school, and that he was glad to see that the school was in such a position to receive the best of the educational ideal which is being put into the school and in the school. The Control of Credit.

A movement which has been in the air during different times following the post-war depression and created a final impetus from the United Kingdom in the 19th May, has been revived in the public mind by the increasing cost of living in the Colony, has culminated in a definite scheme to control the credit of credit in retail trading. An application has been made to the Government in regard to a license directing an association, about to be formed under the title of "The East African Society for the Protection of Trade," to be registered with limited liability. Objectives to the application must be lodged with Government before the end of the present month. The objects of the new Society include the main conditions in the commercial life of the Colony which it is proposed to ameliorate and, if possible, eliminate. They include protection of the producers of the Society against bad credit; facilitation of multiple proceedings; a service to the members on principles of commerce and business; collection of debts; cooperation with Chambers of Commerce; consideration of improvements in commercial law; facilitation of trade organizations outside East Africa and the general steps considered necessary to place the Society on a sound basis and to give it a status and authority in the eyes of Government and local bodies. The objects are wide and comprehensive, suggesting something less simple than an agreement between the bankers, the producers and the grocers of a town to refuse credit to doubtful customers. But, on the other hand, the history of the attempts made to control credit during the past few years have revealed the great difficulty of reaching agreement between business houses and shopkeepers. Although credit conditions have been notoriously loose in Kenya, although the "old" system has been abused to an extent which prevented a return to the whole structure and although some firms have carried a load of bad debts out of proportion to the original capital invested in the business, and represented by the banks and the farmers, there has been a strong reluctance on the part of retail commerce to organize itself against the bad shopkeeper. Trading conditions are peculiar in Kenya. The "big" business is done on credit, with payment usually made in advance. The "small" business is done on credit, with payment usually made in advance. The "big" business is done on credit, with payment usually made in advance. The "small" business is done on credit, with payment usually made in advance.

AMATEUR BOXING TOURNAMENT IN NAIROBI

Seeking to Foster the Game in East Africa.

NEW GESTURE BY GOVERNING BODY.

A Second Monthly Promotion to be Held in the Memorial Hall.

Of late days there has been a remarkable revival in amateur boxing in East Africa.

One effect of the tournament held in April has been the growth of a number of clubs in Nairobi, and the new society is manifest in the announcement that the Railway Club has applied for and been granted affiliation to the Association.

On Saturday evening the second production of the Amateur Boxing Association is to be staged in the Memorial Hall, Nairobi, and a new gesture has been given by the decision of the promoting body to grant cups for the various contests.

A HEALTHY FUTURE.

It is safe to say that amateur boxing in Kenya has all the appearance of a healthy future. With the new gesture of the Railway Athletic Club towards the governing body of the sport the Olympic revival in Kenya has been given to a game which was widely regarded as a means of obtaining that valuable attribute, the physique.

Programme for Saturday.

The programme is already arranged as follows: 7.30 p.m. (Middleweight). 8.15 p.m. (Lightweight). 8.45 p.m. (Flyweight). 9.15 p.m. (Bantamweight). 9.45 p.m. (Welterweight). 10.15 p.m. (Light Heavyweight). 10.45 p.m. (Heavyweight). 11.15 p.m. (Super Heavyweight).

Opps for Winners.

A new prospect is apparent in the week's programme and one who has a chance of being a champion, and it is hoped to arrange bouts for the following: 1. W. Van Dyke vs. L. Sprague (Middleweight). 2. ### BY IN 'KENYA'

To the Editor, "E.A. Standard."  
Sir—Considerable comment has been made about the state of affairs in the Colony and there is no doubt that many people are expressing their views on the subject. Of course the impact and the effect of the various measures responsible for this state of affairs are not yet fully known, but it is not only the public who are expressing their views on the subject, but also the Government.

The Government should be very careful in its handling of the situation, for if it is not done properly, it will lead to a state of affairs which will be very serious.
