What a Beautiful Car! It's the CHEVROLET

Six.

Drivers of the costlicst cars admit that they admire the new Chevrolet. People pause to admire its sleek and grageful lines—and marvel at its sensational power on hills—its speed—its flashing pick-up—and the silence of its new overhead valve engine, that gives 24 miles and more to the gallon.

You are invited to have a ride in the sensational new car and drive it yourself. You will marvel at its perform-ance especially when you learn that it is in the same price range as the four.

Why Majority Committee Recommends Repeal.

NO PUBLIC WISH TO CO-OPERATE IN REMOVING DIFFICULTIES.

Minority Members Believe That Inconvenience Was Exaggerated.

Recently a brief resume of the Report of the Select Committee on the Daylight Saving Ordinance was published. In view of the revival of public interest in the question, the full Report is now published.

The Committee, with two exceptions recommend in favour of its repeal, having come to the conclusion that the majority of the inhabitants of the country are against the present time.

The Committee also feels, however, that much of the incommittee also feels, however, that much of the in-convenience and irritation complained of by wit-nesses could have been avoided by suitable adjust-ment but there was no general desire on the part of the majority to co-operate to make the new time workable as they could not see any reason why they should do so.

However inadequate many of the reasons for opposi-tion may be, the Majority Report feels bound to recommend repeal but that the matter be left to the open vote of the Legislative Council.

No. 3. The angle border, artistically striped effectively firms up the edge, so that you can roll elear out to edge of the spring with condience and with no sensation of falling out. This construction gives a flat even surface that adds immeasurably to the seriou.

No. 6. Every unit which makes up the Ace Spring has been carefully selected for the work required of it, and when seembled, makes the Ace the finest open coil spring wer differed to the public. The beautiful colour finish enlances the appearance of the spring, which will give you willestime of service and comitor. of service and comfort.

No. 7. The new 5" radius corner of the Ace
makes it an interchangeable spring, fitting
practically all standard makes of both
metal and wooden beds. It has another
advantage—the round corners will not

The Lamp is Smoking!

How often have you heard these words just as you have settled down into your comfortable chair—and up you have to get—perhaps several times in an evening.

Why not avoid these nuisances! It's so easy, just write SILVERLIGHT when you are next ordering lamp paraffin.

Silverlight ensures a steady clear flame, it does not smoke or smell, just a non-flickering—mellow light, in fact the light for your home.

The Lamp is Smoking!

How often have you heard these words just as you have settled down into your comfortable chair—and up you have to get—perhaps several times in an evening.

Why not avoid these nuisances? It's so easy, just write SILVERLIGHT when you are next ordering lamp paraffin.

Silverlight ensures a steady clear flame, it does not smoke or smell, just a non-flickering—mellow light, in fact the light for your home.

Brighter Outlook for Moderate Opinion.

lowing is a further extract from the Report of the Agricultural Commission. These extracts are be-ing made to afford the country an idea of the "atmosphere" of the Report which it is not possi-ble to gain from the bald recommendations.

section published below, the third of the series, sals with crop husbandry and examines the pros and come of experimental farms and the respon-sibility of the district concerned.

principle of special assistance to their own industry in the case of coffse and sisal planters is accepted but the Commission does not feel that the case is applicable to any other.
