(BY WIRELESS.)
Rugby, February 11.
Commissioner J. H. Higgins,
Chief of the Salvation Army,
in a letter issued yesterday,
refers to the question of leadership
which will be discussed by the Council
at the meeting of the High Council
in Westminster on Wednesday next.
It is understood that Mr. J. J. K. Higgins
will represent General Booth.
If the General's attitude on the deed
concerning the Paris Convention of 1914
is approved, the position will
revert to that existing prior to the
1914 deed, which was the
present General nor any nominee
of the committee to be appointed
to give effect to any scheme whatever.

General Smuts' Vision.
We republish this morning
an interesting bit now, expression
of some of the political views
of General Smuts given by him
at an interview granted to the
special correspondent of the
"Daily Express" who recently
visited the East African High
Commissioner in London.
The interview was of great
importance to the High
Commissioner for two reasons.
The first place because a General
in South Africa stands
highly in the estimation of
the public and the second
because the High Commissioner
of South Africa would
certainly be prepared to shape
the future of the East African
Territories and Empire.
The High Commissioner's
views on the subject are
of great importance to the
public and to the High
Commissioner.

COFFEE AREAS BEAT OFF THE FIRST LOCUST ATTACK.

Fierce Fire and Smoke Battle on a Long Front.

THE INVASION OF NAIROBI.

Swarms Reported at Nakuru and on the Eastern Plateau.

Nairobi was the storm centre of the locust campaign on Tuesday. Although the swarms arrived at the neighbourhood of the suburb and the Mission on the previous afternoon, they did not enter the residential areas of the town until yesterday.

They began to move again early after midday and drifted over Westlands, Parklands and Marlborough Estate all afternoon. A strong wind was blowing and a few of the locusts alighted but they continued to depart and return during the day.

In nearly every garden small fires were lit and clouds of smoke rising from vacant plots and from organised fires on the gardens in the suburbs blew across the ridges and up the valleys on the Parklands and Kabete side of the town.

Latest reports show that the town is surrounded on three sides by swarms.

It is indicated that although either two or three groups flew over the town on Tuesday, that it is not the end of the infestation. It is probably the beginning.

But the main fact stands out that the locusts were worried in their first mass attack on the main city area of the colony and the victory which followed the night of Monday night, described below, heartens those who have been manacled by serious losses during the past few weeks.

AGRICULTURAL DEPARTMENTS' WARNING.

The Chief Inspector of Farming... The locusts are now in the neighbourhood of the town and the number of the swarms which are reported to be in the neighbourhood of the town is increasing.

On Tuesday morning the locusts were on the move in the Forest Station area and in the neighbourhood of the Forest Station and in the neighbourhood of the Forest Station.

It is undoubtedly largely due to the protection taken and to the warning of crops which that danger of crop loss is not so great as in the past.

Kyamba Clearing... Later news from the Department of Agriculture on Tuesday afternoon shows that the swarms which have been in the Kyamba district are now evacuating that district.

A message was received by the Department of Agriculture during the afternoon from the District Commissioner, Kyamba, to the effect that the locusts which had settled in the Kyamba Township and at Mweri, District of Kericho, have moved off in the direction of Kericho about 8 p.m.

Extraordinary shows of enthusiasm on the part of the Irish crowd of spectators marked the close of the game. The enthusiasm was unprecedented, and the Irish players received a great ovation from their countrymen.

ELDORET DEFEAT KITALE AT CRICKET.

C. W. Arnold's Mastery Century for Winners.

(STANDARD CORRESPONDENT)

Eldoret, Feb. 10. Eldoret met Kitale in a return match and was again successful by beating the home side with a substantial margin to spare. The chief feature of the game was the splendid innings of the Eldoret skipper, C. W. Arnold, who, in spite of being one or two chances, gave a masterly display. With the score at 130 for 7, Arnold was pinned at the wicket by Kitale, but after one or two more runs he had scored a century—started gradually. The tenth and last run of the Eldoret side led Kitale some food with the somewhat formidable total of 214 to win. Apart from Mwanjama very little scoring was effected hereafter, and Kitale were dismissed for the total of 99 runs. The Eldoret wicketers were unopposed to lunch at the Kitale Hotel and both sides spent a very pleasant day.

The Kenya Controversy.
 Lt. Dorman had a very successful meeting at Kyamboni on Wednesday when a unanimous vote of confidence and support of the continuance of the recent Conference of Elected Members and Executive of the Convention was passed. Incidentally Col. Dorman drew attention to an article which appeared in the report of his London speech with reference to Elected Members. He said that Kenya had "a type of man" not "a type" as reported.

KENYA KONGONIS MATCH.

Heavy Scoring in East and West Match.

(STANDARD CORRESPONDENT)

The sides in the East and West Kenya Kongonis match, which was played on the 2nd and 3rd inst. were intended to be representative of East Kenya and West Kenya. It is likely to play here limited to members of the Kenya Kongonis club. Unfortunately at the last moment a number of players had to be scratched and rather than cancel the game they were compelled to play the depleted ranks of the West with numerous players chiefly from Nairobi and Kisumu. The representatives of each match of the East and West after having 4 wickets for 60, proceeded, partly due to a fine innings of 60 by Wilson, and to a run out of the responsible total of 261. Allen, who gave no chance, was not so very good each by Gate at post. The following day Gate completely outplayed the West bowling and scored 400 runs in four and a half hours batting. Unfortunately for the West, Phillips, of whom nothing much was expected, was unable to turn out due to illness. Nevertheless 4 wickets were down for 50 runs. P. O. Wilson then scored P. Walker and the 5th wicket added 111 runs. Wilson was hitting the bowling when and where he liked when he was very freely caught by Killeck off his own bowling; a one handed catch from the "straggler" driver, hit as hard as the batsman was able. The remaining batsmen all hit out. Harborne played probably the best innings of the match. P. Walker batted very well and gave only one chance, but he was staid with Wilson, which led the foundation of the big score.

West 200 runs behind, had two and a quarter hours in the field, but not so score their game. After such a crushing time in the field it seemed more than likely that they would be out next evening. Symes Thompson and Harborne batted steadily, however, and put 145 for the first wicket. Allen and Harborne carried the score to 172 before Harborne was out. The game then ended in a draw, the West being 20 runs ahead with six wickets in hand.

The record for the number of runs scored in one day on the ground is held by the West. In the game, 624 runs were scored and only thirteen wickets fell during the day. Taking both days the total was considerable, 1200 runs were scored in 10 hours cricket.

Such an orgy of scoring would seem to indicate that both sides were very weak. For the West, Wilson, Killeck and Allen bowled well and steadily. The bowlers of Phillips made a great difference to the East. Ensey could not find a high instance, but the two Wickets and Harborne bowled well.

LION'S LITTER CONTROVERSY.

Animal Actors in a Thrilling Drama of Wild Life in Kenya.

The legend of the elusive white rhinoceros includes a chapter of mystery. It is the most mysterious "zoological mystery of interest" which has ever been recorded by man. It is a legend which has been passed on from generation to generation in a brief but fascinating tale. The white rhinoceros is a creature of the bush, and its habits are still a mystery to the hunter. It is a creature of the bush, and its habits are still a mystery to the hunter. "HOME, ROGERS!"

Shop-windows glowing through a drizzle of warm grey . . . scarlet buses prowling cautiously over the wet wood-pavement . . . a warm mephitic waft from the doors of the Piccadilly Tube . . . what a climate! . . . let's go home and have tea in comfort, with the armchairs drawn up to the fire!

Tea at home means Lipton's Tea—the best tea in the world. Its flavour, its fragrance, its perfection of choice leaf and skillful blending have made it a favourite everywhere.

Have Lipton's Tea here in Kenya, just as they do at home—you can't find anything better, for Lipton's are tea-growers themselves, and experts in all that pertains to Tea.

Lipton's Tea is packed in airtight tins which keep it fresh and sweet. Look for the LL Trade Mark.

Make your teeth stronger, whiter, healthier with KAZANA

Dr. H.E.W. writes in the "N.A. Medical Review" "Whichever there is evidence of disintegration of the enamel, the following is a valuable contributing factor. Take of each of the following ingredients: 1. 1/2 oz. of the finest quality tooth powder...

ONLY by supplementing your daily diet with extra calcium will you overcome the common causes of calcium deficiency and make your teeth stronger, healthier and secure against decay.

But any form of calcium will do. It must be KAZANA, for only in the scientific form of KAZANA tablets is a combination of calcium lactate and hydrochloride—the calcium best taken up by your blood and retained by your body.

After a few weeks' use of KAZANA most teeth will become strong and safe to withstand decay. Your general health, too, will greatly improve and you will build up a strong constitution.

Start taking KAZANA today.

CLOSER UNION REPORT

The lamentable spirit of the Kenya Leaders' reply to the Closer Union Report must be strongly deplored by all who have the truest interests at the Colony's future at heart...

The private of truthfulness that the law must be observed and upheld in its broadest and most generous sense...

It is a matter of fact that a highly placed, distinguished and usually authority must be introduced in authority should be referred to the Secretary of State only...

From obvious arguments in the Indian opinion presented in the Indian opinion presented in that so very elaborate or before the Government...

Yet we have placed that in the hands of the public and demanded the Convention and decided to decide from it...

I was bold enough to hazard the opinion before the Convention made public that its honor would be irretrievably lost...

It is a matter of fact that a highly placed, distinguished and usually authority must be introduced in authority should be referred to the Secretary of State only...

THE GREAT INDEPENDENT ESTABLISHED IN 1912

FRIDAY, FEB. 15, 1929.

A Tanganyika Dispute.

The Uru-Bahain correspondence appears the development of a critical situation in Tanganyika which, while sufficiently alarming, is not entirely unexpected. It is a situation, however, of considerable interest to the rest of East Africa, at a time when national principles are in the balance. The trouble appears to have begun in the settled, or 'white', areas where the Uru-Bahain Association passed a resolution on conditions in the Governor, and dissociated themselves from his views.

The Association, in a letter to the Colonial Office, demands for Uru-Bahain status for the appointment of a Governor, who will promote with equal justice the interests of the non-Communist. The Association also started a movement of the 'settled' type by sending the cable to all the other districts in the country.

It is of all matters that are of the greatest importance to the Government. It is a matter that is of the greatest importance to the Government. It is a matter that is of the greatest importance to the Government.

THE LOCUST MENACE IN KENYA.

'Slightly More Favourable Outlook.

In the report of the locusts, published in the week ending February 14, the locusts have been described as 'slightly more favourable outlook. There is no sign of a locust plague, but a slight, although justifying, outbreak of locusts is reported.

It is in the Kenya Valley further south, where the locusts have been reported. The locusts have been reported in the Kenya Valley further south, where the locusts have been reported.
