### PRIDE of POSSESSION

You will take a good deal in the smart style and finish, and beauty of the Ford just as you will find an extraordinary combination in the sleek, snappy and responsive character of the motor.

From the mere dash of speed to the tip of the steering wheel, under their feet, the motor shows to the eye and the ear, the character and harmony of your handiwork through possible only in an engineering masterpiece.

It is today's low price that is the real attraction, but, for its combination of speed, power and economy, you will find it a really "low" value. It is a really "low" value. It is a really "low" value. It is a really "low" value.

SURVIVORS' EVIDENCE AT R.101 ENQUIRY.

Normal Working Five Minutes Before the Crash.

A STEEP DIVE.

Airship Rebounds After First Contact with the Earth.

Dramatic evidence of events immediately preceding the disaster were given by survivors at the official enquiry, into the loss of the R. 101.

One of the witnesses, an engineer, entered the engine room five minutes before the crash. Everything that occurred to be in order up within a very short time the ship dived and struck the ground. He stepped the engine just before a second crash followed by an explosion.

The former engineer was in the smoke room when he was thrown down by a sudden steep pitching of the airship. She had hardly regained herself when she struck the ground, all the lights going out at the same moment.

LIGHTS EXTINGUISHED.

(By WIRELESS). As he went to turn the engine to slow, the ship took a steep dive. He had allowed up the engine but the door had been closed and he had not appreciated that something serious was about to happen. He struck the ground. He stepped the engine immediately and a second crash came followed by an explosion.

Some scenes elapsed between the crash and the enquiry.

If the name Eley or Kynoch is stamped on the head of a cartridge you may be sure that it will accomplish all that a cartridge is expected to do. It will kill its bird, be comfortable in use, will eject easily and will not damage your gun. In a war Eley and Kynoch cartridges are dependable.

The "Good Gun" is loaded with S&W-Cordite, the most powerful of the modern types of powder, and it is guaranteed to be accurate and dependable.

It is a very inferior cartridge in your gun. Use ELEY OR KYNOCHE. BRITISH and BEST.

RAS TAFARI—"KING OF KINGS."

Barbaric Splendour of Coronation Scenes.

WORLD-WIDE INTEREST.

"Effingham's" Band Assists at the Celebration.

A highly ceremonial event took place on Sunday at Addis Ababa, the capital of Abyssinia when Ras Tafari was crowned Emperor.

The importance of the event from an international point of view may be gauged by the fact that all the Big European Powers and the United States of America were represented at the ceremony which took place in a specially constructed Church. The Duke of Gloucester represented His Majesty the King and the band of H.M.S. "Effingham" is taking a prominent part in the celebration.

The new Emperor who is called amongst other titles "King of Kings," "Lion of Judah" and "The Light of Ethiopia" is descended through a long line of ancestry from David, King of Israel and Solomon, his son who is supposed to have made a marvellous marriage with Hagar, Queen Regent of Ethiopia.

The special article given below depicts a picturesque account of a country which whilst steeped in medievalism is one of the latest recruits to the League of Nations.

THE CEREMONY.

(THROUGH REUTERS' AGENCY.) The ceremony consisted of a ritual of prayer (the Abyssinians hold that a primitive form of Christianity) after which the Archbishop received the Emperor who is believed to be the son of the Virgin Mary.

AN EMPEROR DICTATOR.

(Special to the "East African Standard" by De-Colomb E. A. Abate, Ababa, Nov. 2.)

The street scenes in Addis Ababa are unmissable by any visitor to the city who wishes to see the Emperor in person. The Emperor is crowned Emperor of Ethiopia on Sunday at Addis Ababa.
