The question of the protection of a newspaper's rights in copyright of news has been raised in various countries and recently has been the subject of judgment in the courts and elsewhere.

The question of what is believed to be infringement and piracy of the "East African Standard" decided some time ago in the "Times of East Africa" case. It was in this case that the "Times of East Africa" was held to have infringed the copyright of the "East African Standard" by publishing its news and committing acts of piracy and other wrongs.

(THROUGH REUTERS AGENCY.)
The two-month crisis between the British Government and the Mandatory Power in Palestine has ended.

Mr. Ramsay MacDonald has issued a letter to Dr. Weizmann, President of the Jewish Agency, removing misconceptions regarding the British policy in Palestine as laid down in the White Paper of the last year. Dr. Weizmann has made a statement therein to the effect that the time has now come to re-open negotiations with the Mandatory power.

The Government will accept any proposal for a settlement which will secure work in Palestine.

(THROUGH REUTERS AGENCY.)
The Working Committee of the Congress to-day began the discussion of a draft programme prepared by Gandhi laying down the conditions which the Congress would be prepared to accept and to help in the furthering of the work of the Round Table Conference.

It is understood that the conditions include a general amnesty for political prisoners, the immediate cessation of all repression, an enquiry into the conduct of the Police in connection with the incidents at Bhandarkar and Mirzapur, and liberty to picket liquor shops and foreign stores.

It is stated that a truce, which he willing to call, would be the first step towards the settlement of the Indian problem.

London, Feb. 15.
A result of the cotton trade conference held at Manchester to-day, the manufacturers have agreed to withdraw the lock-out notices and to discontinue the more or less to the "wearer experiment at Burnley."

The mills will re-open on Monday.

(BY WIRELESS.)
Rugby, Feb. 15.
A settlement of the cotton dispute by the withdrawal yesterday by the employers of the lock-out and the discontinuance of the more or less to the "wearer experiment at Burnley," has been announced by the Prime Minister.

Mr. Poleson declared that public service salaries and wages in all services, including those of Customs, Ministers and Members of Parliament, will be reduced by the per cent from April 1, with the wages of people employed in public works will be reduced to 10 per cent.

The "Times of East Africa" has been found to have infringed the copyright of the "East African Standard" by publishing its news and committing acts of piracy and other wrongs.

The "Times of East Africa" was held to have infringed the copyright of the "East African Standard" by publishing its news and committing acts of piracy and other wrongs.

It is also reported that a number of the members of the Congress, who are active opponents of the work of the shaping the constitution of the Dominion, will be present.

Letter to Viceroy.

Albany, Feb. 15.
In response to the request of Mr. George Murray and Sir T. Bhabha, Mr. Gandhi has sent a letter to the Viceroy suggesting a meeting for a talk across the table as to the Indian problem.

It is related also that General Senechal has decided to resign following an interview with the Labour leader, Count Benetton, who told the Prime Minister that he would act for the composition of a Constituent Assembly as soon as Parliament was dissolved—probably a month hence.

Mr. MacDonald, leader of the Cabinet has resigned, leaving the Government without a head.

It is anticipated that, apart from the surpluses, the deficit for the year will possibly amount to £100,000, and the value of exports for the financial year will probably be 20 per cent below last year's.

Mr. Forbes also intimated that there would be increases in motor tax, petrol rates and indirect taxes in order to meet the prospective shortage in the Budget and the cost of the deficit.

OUR WOMEN'S PAGE.

A Letter from Paris.

dress comes in fairly low neck and hood. The hem of the skirt which for afternoon wear is even cut just above ankles. It can be let down merely by unfastening deep waistband pieces that have been fastened up underneath the skirt, waist or great skirt. The skirt is then floor length. The kind of frock looks very well in gold-and-brown or black-and-brown.

Although such clothes are really and very useful to a woman who is always on the move, I think the not-so-happy woman will be better advised to have two complete sets, one for afternoon and one for evening.

Jewellery Sets.

The newest necklace decorates the back, not the front of the evening dress. There is a chain along across the throat and there are three graduated chains, weighted by a diamond pendant, partly to fill in the low line, as the dress is open in front. The chain is made of small steel balls which have been polished till they shine like diamonds. The three back rows are graduated, the lowest falling just above the edge of the bodice. Each consisting of one of four small balls strung on a thin chain.

Oral, jet and seed pearls are all used together, and they make pretty, if a little sad, ornaments. The most beautiful of all are crystal, all carved, pale and shimmering silver. The beautiful, but weakly product on the necklaces.

Always hang down the back. Neckline, savings, and perhaps a bracelet for each arm makes up the set, although it may include also a chain for the belt one for the handbag, and a clip for each shoulder.

The jewelled slip, which has had an enormous success, has now a rival in the form of a knobby, with a hanging pendant, designed in the latest modern way of dress. A pendant knobby looks very nice on the shoulder, at the back of an evening gown, or even in a little bonnet hat.

The Non-Slip Shoulder.

Talking of the low décolletage, I wonder if you have found it almost impossible to prevent about thirty things of a V or W cut, and a shoulder from slipping? A clever designer has discovered a good idea—the back and front of the gown inside an small sheet of the material into which are slipped roundly but hard wriggle, such as any used for helping curdles to hang well. These wriggle being close to the figure, holding the material down in a graceful fold—and the unbecoming slipping shoulder is prevented.

EGG AND LIVER SAUSAGES

Ingredients—1 lb. liver salt and pepper; 1 raw egg; 1 raw onion; 1 raw carrot; 1 raw mushroom; 1 raw nutmeg; 1 raw bread-crumbs.

Chick chickens in least of boys and girls is the material suggested for a smart little dress this. The deep oval neckline of the bodice is partly filled in with a beige stripe of above and an attractive lace-edge collar either a pretty fabric.

Fig Jam.

Ingredients—1 lb. sugar; 2 lbs. figs; juice of 1 lemon; 1 lb. vanilla essence; water—about 11 cups.

Boil the sugar in the water till it begins to boil, then add the figs, remove spits, and cut the figs into small pieces. When the sugar is nearly dry, mix in the vanilla essence and vanilla essence. Take the jam away from the fire, and stir in the egg-skip figs. Stir gently to mix, replace on the fire, and boil for 10 minutes. The right consistency is obtained. It should be rather soft because, as it cools, it becomes firmer. When the jam has cooled, turn it into jars.

A Pica for Simplicity.

His Excellency Sir Joseph Byrne struck a popular note in his latest speech to the Legislative Council when he was discussing simplicity in the Government's budget.

There are those who hold the view that the Government's policy of the Caledonian is the maintenance of these reserves and with the probability of a reduced rate of imports and exports.

AGRICULTURE CREDIT—MILK IN D.I.Z.

To the Editor, "The Standard."

As the world's requirements of milk increase so rapidly, it is not surprising that the industry will be forced to turn to the Government for aid.

These farmers are now struggling to get their milk to the market, and who now find themselves in a state of financial difficulty.

Let us now consider the position of a great farmer who has to deal with 4,000 bags of maize...

What is the alternative? If the result of the sale is to be a loss, it is inevitable in the loss of the market.

It is in this way that the Government will be able to assist the farmer in his difficulties.

MOMBASA CHAMBER AND CLOSER UNION.

Dar-es-Salaam Resolution Rejected.

A CENTRAL AUTHORITY.

Essential for Early Co-Ordination of Services.

The Mombasa Chamber of Commerce at its monthly meeting last week rejected the motion regarding Closer Union passed at the Dar-es-Salaam session of the Association of E.A. Chambers of Commerce.

The Mombasa Chamber has in the past advocated the early co-ordination of essential services under a central authority. This was advocated in a cable sent by the Mombasa Chamber to Sir Samuel Wilson in June last. At that time the opinion was expressed that the Dar-es-Salaam motion sought, however, to postpone the issue and delay on by means of advisory committees appointed by the three Legislatures, which course was not approved by the Mombasa Chamber.

The situation was, therefore, reviewed by the Mombasa Chamber last week, and after considerable discussion a motion was carried unanimously rejecting the Dar-es-Salaam resolution and reaffirming the point of view as outlined in the cable sent to Sir Samuel.

It was stated by the Chairman of the meeting that it was his belief that the Mombasa Chamber had found reason for advocating the point of view in the unification of public services, but if Mombasa subscribed to any such view, it would represent a complete change of attitude and would be consistent with any expression of opinion ever given by the Mombasa Chamber.

Advisory Committee Proposed.

Mombasa. (By mail.) At last Wednesday's monthly meeting of the Association of Chambers of Commerce and Industry, the subject of the Closer Union was discussed.

The resolution was submitted to the consideration of the Mombasa Chamber of Commerce at Dar-es-Salaam, and was rejected on the following terms:

- (1) That the Association request the Government to co-ordinate the following services: Railways, Posts and Telegraphs, Customs, Excise, and the Communications Research, Law and Legal Procedure, in the way of services to be administered by the United Kingdom, Uganda and Tanganyika Territories (proposed).
- (2) That the terms of reference be amended so that the Hon. Colonial Secretary, Kenya, Chief Commissioner, Tanganyika Territory, and the Hon. Colonial Secretary, Uganda, and the Hon. Colonial Secretary, Kenya, be members of the Joint Parliamentary Committee.
- (3) That the following be the terms of reference: To inquire into the desirability of the following services: Railways, Posts and Telegraphs, Customs, Excise, and the Communications Research, Law and Legal Procedure, in the way of services to be administered by the United Kingdom, Uganda and Tanganyika Territories (proposed).
- (4) That the delegates from Mombasa be asked to see that their resolutions are referred to the Joint Committee.

Subsequently, following the Dar-es-Salaam meeting at which this resolution was withdrawn and amended as above, the Hon. Colonial Secretary, Kenya, advised that the Hon. Colonial Secretary, Tanganyika Territory, and the Hon. Colonial Secretary, Uganda, had agreed to the terms of the resolution passed at Dar-es-Salaam.

The Dar-es-Salaam Resolution on this resolution reads as follows:

(A) That the Association request the Government to co-ordinate the following services: Railways, Posts and Telegraphs, Customs, Excise, and the Communications Research, Law and Legal Procedure, in the way of services to be administered by the United Kingdom, Uganda and Tanganyika Territories (proposed).

(B) That the following be the terms of reference: To inquire into the desirability of the following services: Railways, Posts and Telegraphs, Customs, Excise, and the Communications Research, Law and Legal Procedure, in the way of services to be administered by the United Kingdom, Uganda and Tanganyika Territories (proposed).

THE PROBLEMS OF INDIA AND EAST AFRICA.

A Contrast in Measure of Fidelity to Pledges.

CONFIDENCE SHAKEN.

Sir Edward Grigg Examines the Principles of Policy.

Edward Grigg, lately Governor of Kenya, made some very interesting and thoughtful comparisons between the problem of India and the problem of East Africa in a recent London address...

He pointed out that the problems now presenting themselves in East Africa all began to show above the horizon in India within the last fifty years...

He pointed out that in the case of India no one had suggested that minorities should be forced to abandon securities they considered essential yet in East Africa the Imperial Government considered a Common Roll an object to be aimed at and attained.

He also pointed out that the most important policy, however, was that the 1950 declarations were the reversal of one of the cardinal objectives of the Imperial Government...

Reversal of Decisions.

He pointed out that in the case of India no one had suggested that minorities should be forced to abandon securities they considered essential yet in East Africa the Imperial Government considered a Common Roll an object to be aimed at and attained.

SCIENCE vs. WHITE ARTS

A startling story of triumph over great difficulties is at last revealed by the manufacturers of Celotex. Five years ago, despite the fact that it contains nothing of food value, it was found in a few cases certain species of termites could attack it.

The problem of white art was solved by the Research Department of the Celotex Company, resulting in imposition of permanent termites repellent chemicals during course of manufacture. Thousands of pounds have been spent in this research and the result is that:

Celotex
IS NOW GUARANTEED WHITE ANT-PROOF.

At no Extra Cost.

Keays has long endorsed the amazing properties of resisting heat and sound, the extreme lightness and the decorative beauty of its surface.

MUTHAIGA.
Rhodes' 131.
1 30 15 10 30 30 30

On Sunday, the Nairobi Harrier Club were the guests of the Muthaiga Club and were on the first morning by 7.30 a.m.
Winning the race, Helway defeated to total and Helway and Hamilton went out to force the bowing of Gwathwa and Hamilton in the final over. Helway edged a half into the slip for Gwathwa to hold a goal which he did not score. Hamilton followed soon afterwards, being bowled by Gwathwa for 15 (5-0-7). Noon and Collier then used the last two hands and 50 runs were added by Helway. Noon was caught in the long-field by Niblock-Stuart. Stuart got backstroke, and finding he could not get the ball with two hands, he held on his right hand and the ball struck. (90-4-70). With the addition of 11 runs, Rhodes attempted Tote. (95-4-70). Daily, caught by Rhodes and Thomas' 12-0-0-0. Helway edged the most long hitting 122-2-30. The innings lasted 11.20.30 p.m. Desmond being out with 27 runs to his credit.
Rhodes paid Muthaiga 27 runs to the bowling of Phillips and Hamilton and proceeded to hit out. The pair were together when lunch was taken, the score being 34. Rhodes having taken 37 and Matthews 12. The end of morning had averaged 110 per hour.
After lunch, the scoring slowed down somewhat, after adding 3 runs to his morning's score, Matthews played 'back to a goal'
