'A STRONG CO-ORDINATED WHITE STATE.'

The Aim To Work For in Eastern Africa.

TANGANYIKA SETTLERS' VIEW.

Present Native Policy of Equal Opportunity Sufficient.

Concluding their evidence before the Joint Committee, the two settler witnesses from Tanganyika said they desired to impress their honest belief that they were of East Africa would advance better through a strong co-ordinated White State and that was the end towards which they must work.

Major Down said that the settlers in Tanganyika would be quite content if Governors made no definite efforts to get into touch with public opinion by asking public bodies to suggest names of suitable public representatives.

A Hint To Governors.

The settlers were gradually re-organizing their affairs. Major Lead said it was plain to him in a rather definite position.

Sir Donald Cameron.

TANGANYIKA REPLY TO HIS EVIDENCE.

To the Editor, "E.A. Standard."—Sir—The evidence of Sir Donald Cameron as given to the Committee of the Joint Council of Parliament will be read with some interest. It is not a very long or elaborate statement, but it is a statement which will be read with some interest. It is a statement which will be read with some interest. It is a statement which will be read with some interest.

He states that in 1920 the production of the natives for export was 219,000, or 21,000 more.

Non-native production in 1920 for export was 219,000, or 21,000 more.

The total approximately 400,000, or 1,500 non-native production was finally produced or caused to be produced, the result.

There are 4,000,000 natives in Tanganyika and yet the result of the export of 400,000 natives is less than that of 1,500 non-natives.

One would think that logic demands the fact, therefore, that the smaller number were at least as good as the larger number in terms of production. Sir Donald Cameron "disagrees" strongly.

Again, referring to the application of the White Paper, the main points are, that the natives are being carried out more in Tanganyika, he states that they are there regarded as an entirely satisfactory.

I am afraid that there is an error. For the Congress of Associations have consistently and unanimously.

He also states that it is the wish of a large number of the people of the country that the native should remain in "a place who establish" it. On this subject, he says that the percentage of the people who wish to stay, he states that they do not wish to stay, he states that they do not wish to stay, he states that they do not wish to stay.

Previous to this it may be recalled, the main article on the subject of the White Paper, the main points are, that the natives are being carried out more in Tanganyika, he states that they are there regarded as an entirely satisfactory.

Previous to this it may be recalled, the main article on the subject of the White Paper, the main points are, that the natives are being carried out more in Tanganyika, he states that they are there regarded as an entirely satisfactory.

What portion of my first letter could fairly be read as an attack on the evidence they require to be presented. My letter would have read rather more carefully before I sent it. I am sorry that I have not been able to do so. I am sorry that I have not been able to do so. I am sorry that I have not been able to do so.

TO THE EDITOR, "E.A. STANDARD."

As long as the present Native Department is in the hands of the present Native Department, it is not likely that any change will be made. It is not likely that any change will be made. It is not likely that any change will be made.

Under these circumstances I think it is not surprising that the public sentiment here is in favour of the natives.

THE EAST AFRICAN AIR SERVICE.

Cause of Delays Explained by Asst. General Manager. DIFFICULTIES ENCOUNTERED.

Lessons Which Have Been Learned.

Colonel H. Burckell, D.S.O., Assistant General Manager of Imperial Airways, gave a resume yesterday to members of Nairobi Rotary Club of the difficulties which have hindered the air mail service between London and Kisumu and Mwanza. Despite the fact that not all the machines were available when the service was started in March, he still held it was not a gamble but a reasonable commercial proposition to have started that they would do the same again were it necessary.

As to the machines, Col. Burckell's view was that to have tried the dual experiment of new machines on a new route would not have taught any clear lessons.

With regard to the future, he believed that by the beginning of June the service would be a standard of reliability equal to that achieved anywhere else.

"Not a Gamble."

On the occasion of the weekly luncheon meeting of the Nairobi Rotary Club, held at Tor's Hotel, London, May 6, the Assistant General Manager of Imperial Airways, D.S.O., Colonel H. Burckell, D.S.O., gave a resume yesterday to members of Nairobi Rotary Club of the difficulties which have hindered the air mail service between London and Kisumu and Mwanza. Despite the fact that not all the machines were available when the service was started in March, he still held it was not a gamble but a reasonable commercial proposition to have started that they would do the same again were it necessary.

A Reasonable Decision.

"Whether that was an unwise decision or a gamble is not a matter of which I am qualified to judge," he said. "I am sure that it was a perfectly reasonable one in the light of other events which were taking place at the time. I am sure that it was a perfectly reasonable one in the light of other events which were taking place at the time. I am sure that it was a perfectly reasonable one in the light of other events which were taking place at the time."

The Book.

"I am glad to see the general interest in the book," he said. "It is a very interesting and useful book, and I am sure that it will be of great value to all those who are interested in the history of the East African Air Service. I am sure that it will be of great value to all those who are interested in the history of the East African Air Service."

BRITISH TRADE IN THE FAR EAST.

Economic Mission's Report on Conditions.

PUBLICITY LOOKING.

(THROUGH REUTERS AGENCY.) London, May 7. The decline in British trade in the Far Eastern markets in comparison with the principal competitors, Germany, Japan and the United States is primarily due to prices which is by far the heaviest burden on British goods, according to a report of the Economic Mission to China and Japan, under the Chairmanship of Sir Ernest Thompson.

Four Facilities.

The report complains that British manufacturers do not study the market requirements and the facilities in the Far East, and in addition, complain to explain the possibilities of the utilization of other should be sought by every country, thus to give to British fair purchasing power.

The report also said a leading step in obtaining the necessary facilities in the Far East is to seek recommendations from the Government to financial and industrial leaders to explore the possibilities of the participation of the Government in the development of China which would open new markets.

This is one File.

This is the one which makes all your papers available immediately.

Illustration No. 1 shows the file with the papers neatly bound into the folder. Every paper is in position for immediate reference.

One of the great advantages of this file is that the papers are placed inside, thus you have a complete reference to all details on the paper.

Remember that you can remove or add any paper you wish without disturbing the other papers in the file. Your papers are always in order - always ready - always safe. It is the one file which satisfies everyone and saves the paper on the market.

The mechanism is fitted with special gears, in six orders lockstep size. The fittings are metal and highly polished.

The only file that fits all the advantages of the lever arch file.

Price - Postage Free. Shs. 12/6 (Free). Shs. 1/6 (Free). Cash 7/6 each.

Read and Weather Report.

A faint amount of rain has fallen practically all over East Africa during the week but since the rains of the past few days have been heavy and heavy showers are still falling, it is probable that the week will be a very successful one for the crops. The weather is generally fine and the temperature is high. The wind is from the north-east and the sea is calm. The moon is in the first quarter and the sun is in the constellation of Taurus.

A New Proposal for the Joint Committee.

DR. HUNTER'S EVIDENCE.

Country Not Anxious For Any Closer Union Change.

Giving evidence before the Joint Committee on October 10, Dr. H. H. Hunter, the Commissioner of the Protectorate and an Unofficial Member of Legislative Council said the feeling in Uganda was that things should remain as they are.

He suggested that an alteration should be made in the boundary between Tanganyika and Uganda to the east at the moment Uganda had had to build 25 miles of road to Mandera Territory. This referred to a proposal to include Bukoba, or otherwise, that the Kagera River should be the boundary.

Special stress was laid on the importance of securing the natives that any alteration in the boundaries of the Protectorate would not involve changes of British constitutions.

Dr. Hunter also pressed for greater unofficial representation on Legislative and Executive Councils.

In regard to disputes between Kenya and Uganda, Dr. Hunter said that in Uganda, the opinion was held that if Kenya wanted Protection it should pay for it and not penalise Uganda.

Kenya Protection Policy.

London, April 11. Dr. Hunter, Commissioner of the Uganda Protectorate, in a memorandum submitted to the East Africa Committee has expressed his views on Kenya protection.

He suggested that the Government should be asked to relieve freight rates and customs duties on goods imported into Uganda from Kenya. He also suggested that the Government should be asked to relieve freight rates and customs duties on goods imported into Uganda from Kenya.

The Chairman suggested that the Government should be asked to relieve freight rates and customs duties on goods imported into Uganda from Kenya.

Dr. Hunter considered that the Government should be asked to relieve freight rates and customs duties on goods imported into Uganda from Kenya.

Dr. Hunter thought there was no particular difficulty with regard to relieving the Government of the cost of the roads to be built in the Protectorate.

On a question by Lord Loch-keith, Dr. Hunter's report that the Government should be asked to relieve freight rates and customs duties on goods imported into Uganda from Kenya.

In Uganda the natives would not be asked to contribute towards the cost of the roads to be built in the Protectorate.

On a question by Lord Loch-keith, Dr. Hunter's report that the Government should be asked to relieve freight rates and customs duties on goods imported into Uganda from Kenya.

Dr. Hunter said that the Government should be asked to relieve freight rates and customs duties on goods imported into Uganda from Kenya.

Shipped Laid at Mombasa Dredged.

A FAIRER ROUTE.

The Lamington's Association of East Africa has issued a statement in which it is stated that a rumour is being spread that a vessel carrying timber had been derailed at Mombasa.

The Bulletin, signed by Mr. A. C. Tappin, the Secretary and General Manager of the Association, states that the rumour is unfounded.

GOODYEAR builds dirigibles today with an eye alert on tomorrow. Goodyear is building your tyres in exactly the same state of mind. This is not altruism. It is simply the grim realization that to keep ahead in sales, one must continuously be ahead in value Only because people find in Goodyear Tyres special superiorities not to be found elsewhere, are Goodyear's the leading tyres of the world.

WE aim steadily to advance these superiorities, so that it will be as eloquently true tomorrow as now that "The world over more people ride on Goodyear Tyres than on any other make" This is good business for us; but it is something more. It is for you the very best insurance you could find of why it will pay you in the future to say "I Will Buy Only THE Leading Make of Tyre."

1 The famous All-Weather Tread is superior in traction. Note how the deep-cut, tight-gripping blocks are placed in the centre of the tread where they belong. Press the palm of your hand upon this tread and feel how the blocks grip and pinch the flesh. This illustrates the All-Weather Tread's hold-fast action on pavement or road. →

2 The Supertwist Cord Carcass is superior in vitality and long life. Under continued flexing or sudden road shock, where ordinary cords fatigue or snap, the extra-tastic Supertwist cords stretch and recover like rubber bands. Ask your Goodyear Dealer to show you on his cord-testing machine the extra stretch — up to 60 per cent. greater — of Supertwist cord over the best standard cord. ←
