"Wherever the Board shall have occasion to refer to the provisions of the Ordinance, it shall be the duty of the Board to refer to the provisions of the Ordinance as if the word 'shall' were substituted for the word 'may'."

GOVERNMENT DECLINES TO RE-DISCUSS ECONOMY

Elected Members' Motion for Select Committee Defeated.

GOVERNOR'S APPEAL

Withdrawal of Their Help and Co-operation Would Be Deplorable.

The Kenya Government declined yesterday to accept the Elected Members' motion, in Legislative Council, that the statement of economics recently made was submitted to a Select Committee for examination and report.

Two main reasons were given: (1) that the economies were already in train and to examine them now would be like going through the motions; (2) that Government intended to prepare their 1953 Budget at an early date—the beginning of August—and would then submit their New Budget to a Select Committee for full examination.

The Elected Members laid great emphasis on the need for continuing the co-operation with the unofficial representatives which had been so successful in the past, and explained that the motion was not one of censure or lack of confidence but was intended to suggest the most effective and practical way of understanding and dealing with the position.

His Excellency the Governor—who had been congratulated in his handling of the financial problems—particularly within the next few months. It was because of the difference of opinion he should be deprived of that help and co-operation it would be deplorable.

1932 Budget in August.

In accordance with notice of intention given the previous day, Lord Bledsoe (Rt Hon) will be the Member of the House representing the Kenya Legislative Council, in the House of Commons, on the 26th of August.

The Estimates of 1953 Budget proposals referred to the Select Committee on the Estimates for examination and report.

It was pointed out, however, that the Government, in the past, had been in the habit of presenting the Budget in August, and that it was to be expected that the Government would do so in the future.

Lord Bledsoe said he did not think it was necessary to discuss the estimates in any way, as the Government would be presenting the Budget in August.

It was pointed out that the Government had been in the habit of presenting the Budget in August, and that it was to be expected that the Government would do so in the future.

Hon. Secretary, Hon. 865, Nairobi.

There has been a very busy month for us and although we have not carried any very important business, we have been doing our usual good to help of our members. It is a pity that we have not had time to do more for our members. I hope to be able to do this in the future. Don't forget to send us your names for the month of June. The Animal's Home.
On the 15th of June a little house and a little house were opened in the Junior Branch of the N.A.P.F.C.A. for the purpose of housing the animals who were brought to the station by the members of the branch. It is a pity that we have not had time to do more for our members. I hope to be able to do this in the future. Don't forget to send us your names for the month of June. The Little Animal Friend.
If only I were not so small I'd guard all helpless things. Those with four legs and those with two legs and those with one leg. I'd make them all happy if I could. I wish when I go walking out that I had some of those things with me. I'd make them all happy if I could. I wish when I go walking out that I had some of those things with me. I'd make them all happy if I could.

A Wash and Brush up for Sixty Pounds.
