Naval Party Arrives at Nairobi.

PROGRAMME OF WEEK'S EVENTS

Shortly before noon yesterday the naval contingent from H.M.S. "Effingham" arrived at Nairobi. The party consisted of some eighty strong, including officers and ratings. They were met at the station by a large number of people from the capital. There was no music demonstration, and the company of their band, and the remainder of the party at their leisure to view. The ratings are being billeted in the old building now occupied by the Standard Bank of South Africa, while the warrant naves and petty officers are being housed at the New Stanley Hotel. The whole party was entertained to luncheon in the New Stanley Hotel following their arrival through the kindness and generosity of the management.

Throughout the remainder of the week a busy time of social and sporting activities has been the order of the day. The first of these was a football match between "Home-Born" players against representative from "Effingham." The match was played on the ground of the Galien Club and attracted a large number of spectators. The "Home-Born" players were victorious, and the match was a very interesting one. The programme of events for the remainder of the week includes a football match between "Effingham" and "Home-Born" on Saturday, a tennis match between "Effingham" and "Home-Born" on Sunday, and a cricket match between "Effingham" and "Home-Born" on Monday.

Mr. THOMAS RESIGNS FROM RAILWAYMEN'S UNION.

Rather Than Submit to Demand to Leave the Cabinet.

HIS DUTY TO THE NATION.

Proposed Cuts in Salaries of Cabinet Ministers.

Further meetings of the special sub-committee of the Cabinet have been held, and their reports have been presented to the Cabinet, which is proceeding to the final stage of a comprehensive scheme for submission to Parliament.

Mr. J. H. Thomas has resigned from the post of Political General Secretary of the National Union of Railwaymen, after having been identified with the Union for nearly 35 years. His resignation followed his decision to continue in office in the National Government after having been requested by the Executive of the Railwaymen's Union immediately to return from the Cabinet.

In a letter to the Union, Mr. Thomas stated that his decision in the hour of national crisis was not hastily reached, and to withdraw now would brand him as a coward and a cad.

The question of cuts in the salaries of Ministers, Members of Parliament and Public servants is under consideration, and will be further examined. The decision to allow a reduction of the cost of living bonus to Civil Servants was made by the late Labour Government.

Another late Minister in the Labour Government has decided to resume office in the new Ministry, in Mr. Craigie Althison, K.C., Lord Advocate for Scotland.

The Premier has received an enormous number of letters from all classes of the community assuring him of support.

FROM JOHANNESBURG TO NAIROBI BY CAR.

A Journey Along the Great North Road.

INTERESTING EXPERIENCE.

The following article is a matter of fact... from Johannesburg to Nairobi... by car.

The desire of every South African amateur motorist to economize the journey or part of the journey over the Great North Road from Cape Town to Cairo springs out of the glamour which invests the East and the countries of Central Africa.

It is unfortunate that such a vast number of our motor cars should have been sent to the scrap heap because of their peculiar objective because they are not designed for the conditions of the East.

The test of an enjoyable motor trip lies in the ease with which it may be accomplished and the test of an adventure lies in the difficulty of overcoming obstacles.

We left Johannesburg in an everyday sort of car which had been running for over three years and had to do the 2,000 miles there and back with a considerable mileage measured in terms of thousands.

It is a pity that the road from London to London is not a better one than the road from Johannesburg to Johannesburg.

to make up the British possessions of the best material of any kind on plant and development.

The northern portion of the Transvaal provides a vast area of country which is rich in minerals and the road from Johannesburg to Nairobi is the best of its kind.

Some miles north of Broken Hill there are the rough leading roads of the Great North Road but one must be prepared to find a rough road in the British Congo and East Africa.

It is a pity that the road from London to London is not a better one than the road from Johannesburg to Johannesburg.

WHEN LAKE VICTORIA WAS A MUD PUDDLE

More or Less Dried Up at One Period. A GREAT DROUGHT.

Further Interesting Theories From Scientific Study.

If it had not been for a great drought in East Africa some millions of years ago might now be catching his Nile Porth at Kisumu or Entebbe. Study of the scientific evidence has caused the leader of the Cambridge Expedition to the East African Lakes to come to the conclusion that Lakes Victoria Edward and George and the smaller lakes in the Kenya Rift Valley dried up more or less completely during a dry period between the two major pluvial periods.

Migration to the North.

(Special to the "East African Standard," by Dr. E. B. Worthington, Leader of the Cambridge Expedition.)

During recent years we have heard much of the great pluvial periods of Africa, but less of the dry periods which equally intervened. In the following I wish to draw attention to the evidence which has been served between the two major pluvial periods in the East African Lakes. It is not clear from the data of the East African Lakes that they were dried up more or less completely during a dry period between the two major pluvial periods.

year in "the manner he had indicated. Commissioner Malik said he did not challenge the ruling, as he only wanted to be satisfied as to whether it was the proper procedure or not.

The Candidate.

The Mayor then said he would take names for the post of Mayor. Commissioner Wood rose and proposed that the names be "openly elected," "I do so advisedly," by a committee, upon Commissioner Green's proposal.

Commissioner Wood went on to say he did so advisedly because he had been looking around the members of the Council and had the impression of occupying the chair he found that he was not sufficiently acquainted with them to decline to serve.

At this juncture Commissioner Green rose on a point of order and asked "Is it not proper to give the names of the candidates?" The Mayor: No, I am talking about the name of my proposition.

Commissioner Malik: And others have to be considered, or is it in order to restrict or to put anything said in favour of the name? Don't you think that it would be desirable that you should have names put forward without qualification? The Mayor replied that he was not sure that was the wish of the meeting.

Commissioner Brown: I am sure that only names should be submitted without opposition. The Mayor then announced that Commissioner Wood's motion for the first meeting, Commissioner Wood said he would be asked for names and Commissioner Brown moved and Commissioner Malik said that he would be asked for names.

REDUCTION IN GOVERNMENT SPENDING POWER.

He said, and one of the main points was that the Government was not doing enough to help the people who were suffering from unemployment.

Under what he would have said had he been present at a meeting of the "Proprietors of Kenya." What a test for the Government of Kenya it would be to see whether or not it could afford to give the people who were suffering from unemployment the help that they needed.

Why, therefore this demand for an Income Tax? What is the object in proposing the proposal? It is to have the Government to have a better method of raising its revenue.

Will the position at the moment be that nothing short of extensive savings in administrative expenditure can save the country from a financial disaster?

PROHIBITION.
 To the Editor, "E.A. Standard."
 I would like to think Mr. Joseph Morrison for going so far as to raise the question of whether or not it would be possible to have a better method of raising its revenue.

HOW THE FORD POLICY PROTECTS YOU

The Ford dealer will give you good value in a Used Car just as he gives you good value in a new car. The Ford policy is one of fast dealing in every transaction.

The Used Cars offered for sale by Ford dealers have been taken in trade for new Fords. Because there was no replacement at that time, there is no overcharge in the price you pay. We have our attention on the best value of the Used Car. It is ready to you on the same basis.

Our Used Cars include many makes and many types - open and closed. Some are relatively new - some have some great deal of service. There is a wide range of prices, depending on the make and condition of the car. And before we offer a Used Car for sale it is given over carefully by experienced mechanics and put in good serviceable condition.

Our business grows in accordance with the wants we render ourselves in our territory. We know that giving good lowest value in Used Cars will lead to more sales of new Fords. We want your business, your friendship and your respect. So we, therefore, when you want a good Used Car, you can be confident of receiving good value for your money.

DIFFICULT TASK FOR THE EMPEROR OF ABYSSINIA.

Resolved to Put an End to Slavery in His Country.

BRITISH AID

Aborigines Protection Society's Practical Suggestions.

The Emperor of Abyssinia's intention to liberate all the slaves, estimated to be 100,000, in his country was announced a week or two ago in the form of a letter addressed by Ras Tafari to the Anti-Slavery and Aborigines' Protection Society.

The letter was in reply to a communication from the Society welcoming a previous intimation of his intention to abolish slavery in Abyssinia and inviting to send a deputation to advise him on practical details of the task.

Below are given extracts from the letter in which the Society offered financial assistance in the establishment of a school for freed slaves at Addis Ababa.

School for Freed Slaves?

London, August 21. Following an interview on the 17th inst. with the Emperor of Abyssinia on the subject of his intention to abolish slavery in his country—

His Imperial Majesty, His Majesty, King of Kaffa, Comptroller-in-Chief of the Empire of Ethiopia.

"You Majesty has graciously granted the Aborigines Protection Society's Minister, accredited by Your Imperial Majesty, the welcome intimation of your resolve to attempt to liberate all the slaves of your dominions."

"We desire to thank you for this intimation and to express our confidence in your determination to liberate the slaves of your dominions. We are glad to see that you have taken the views of the whole British people into consideration in your decision to put an end to slavery and the establishment of a school for freed slaves."

"The British and Abyssinian peoples are united in their confidence in your Majesty's determination to put an end to slavery and the establishment of a school for freed slaves."

"We are glad to see that you have taken the views of the whole British people into consideration in your decision to put an end to slavery and the establishment of a school for freed slaves."
