TOPICS OF THE TURF

Prevalence of Short Distance Races in Kenya.

RECENT EVENTS IN ENGLAND.

(Anapa).

About a year ago I drew attention to the large number of short distance races in Kenya and I stated that in my opinion the policy of short races was the result of the fact that the breeding industry was not so advanced as the racing industry in this country. The following figures will tell a better tale of what is going on in England.

The following figures show the number of races run over the different distances:

3 miles, 2; 1 1/2 furlongs, 1; 1 furlong, 7; 1/2 furlong, 1; 1/4 furlong, 2; 1/8 furlong, 2; 1/16 furlong, 2.

Number of races over a distance greater than 1 mile, 19. Number of races over a distance less than 1 mile, 21.

I would emphasize that the two-mile race was included in the above figures. There are no short races run over a distance of 1 mile or less. The 1/16 furlong race is the only race run over a distance of 1/16 furlong or less.

The 1/16 furlong race has been abolished in England during recent years. There has been a great dearth of races and of new stables. On the whole, the standard of racing in England has fallen a long way since the time of the late Duke of Devonshire.

**A Problem.**  
The problem of doubling the distance of races is a problem which has been discussed many times. The Committee of the Royal Club, the Committee of the Jockey Club, and the Committee of the Turf Club have all considered the matter. It is a problem which has been discussed many times. It is a problem which has been discussed many times.

**Practical Point.**  
The race was an absolute success and is a good example of the way in which a race should be run. It was a success in every way. It was a success in every way. It was a success in every way.

**The Winner.**

## SPRINGBOKS' FIRST VISIT TO SCOTLAND.

### Initial Check of Tour Mot at Melrose.

### HARD GAME AT ABERDEEN.

London, November 5. (By Air Mail.)  
The Springboks' first visit to Scotland was a hard one for the players at Melrose, where they played their first match on the ground. The Springboks played a very hard game, and the Scots were unable to score a point. The Springboks' forwards were particularly strong, and they were able to break through the Scots' defence. The Springboks' backs were also very good, and they were able to keep the Scots' forwards out of play. The Springboks' victory was a very important one, as it showed that they were capable of playing a hard game on Scottish soil.

For some time the players of the Springboks have been in a state of nervousness, and they were very nervous at Melrose. The Springboks' forwards were particularly nervous, and they were unable to play to their full potential. The Springboks' backs were also nervous, and they were unable to play to their full potential. The Springboks' victory was a very important one, as it showed that they were capable of playing a hard game on Scottish soil.

## WELL-KNOWN JOCKEY TRICK DEATH.

### Resulting from Kick by a Horse.

(Continued from page 1.)  
The death occurred this morning in the hands of Mr. B. Stevens, the well-known Kenya jockey, who was riding a horse named 'The Duke'.

Mr. Stevens, who is a well-known jockey, was riding a horse named 'The Duke' when he was killed. The horse was kicked by another horse, and the jockey was thrown from the saddle. The horse then ran over the jockey, and he was killed.

The death of Mr. Stevens was a very tragic one, as he was a well-known jockey. The horse named 'The Duke' was a very powerful horse, and it was very difficult to control. The jockey was killed by a kick from another horse, and the horse then ran over him.

RONEODEX  
THE X-RAY  
OF BUSINESS.

THE new way for all records  
Supersedes the old "card-index or ledger" methods. Makes crystal clear facts which unless arranged on Roneodex are obscure and difficult to arrive at. Amongst other advantages, Roneodex gives you CONTROL over every stage of your work, and enables you to see AT A GLANCE:

1. Customer's Record.  
Can you see at once those who have not purchased from you for six months?
2. Ledger.  
Can you see at a glance those of your accounts which have not been settled for any particular period you wish to know?
3. Stock Record.  
Can you see at a glance—  
(a) Those goods which are not moving  
(b) Those stocks which are dangerously low  
(c) Those which are heavily overstocked?
4. Works Record.  
(a) Exact progress of any piece of work at every stage.  
(b) All jobs in hand or unexecuted.

A unique system of Coloured magnetic automatically flashes to you the vital facts.

Call and see the Roneodex in actual use at the Strand and Stationery Store, Nairobi.
