

JACOB & CO'S

GINGER NUTS

Probably there is no more general favourite amongst old-fashioned Biscuits than Ginger Nuts. Jacob & Co's Ginger Nuts have been steadily gaining in favour with consumers overseas, and the new special tin illustrated above is designed to attract this demand.

OUR WOMEN'S PAGE.

A Letter from Paris.

one shoulder to the other, held up by the most out-of-the-way shoulder strap. The back has a long, thin, black cord that runs down the front and is fastened to the waist to meet a large jewel. This cord is made of a fine, black material, and is fastened to the shoulders and a large jewelled brooch placed where the strap joins the point. To give the dress a more delicate and feminine appearance, the dress is made of a fine, black material, and is fastened to the shoulders and a large jewelled brooch placed where the strap joins the point. To give the dress a more delicate and feminine appearance, the dress is made of a fine, black material, and is fastened to the shoulders and a large jewelled brooch placed where the strap joins the point.

Black Lace

For a continental gown of this type, put on a pair of black chamois lace made to a simple long skirt and a slight bustle bodice with the draped neck and a wide, black, draped brooch. The woman who wears such a dress will be sure to attract attention. The dress is made of a fine, black material, and is fastened to the shoulders and a large jewelled brooch placed where the strap joins the point.

Two-Material Dress

If you would like to have two of fashion have your dress made of two materials. The skirt may be made of a fine, black material, and the bodice of a light-colored material. This is a very attractive and contrasting dress. The dress is made of a fine, black material, and is fastened to the shoulders and a large jewelled brooch placed where the strap joins the point.

**FREE!**

When you put your right hand on the accelerator of one of the New Fords. For sheer effortless speed there is nothing to touch them.

Moreover, as has been amply demonstrated in the recent Hill Climb Contest at Brackenhurst, they are as their best on a steep grade where the going is rough and treacherous. To the town dweller, the farmer, the hunter, the industrial worker, to all these, Ford brings a new measure of reliable, economical service.

Today, they drive even the new Ford! It is a value far above the price.

The Governor's Remarks  
Speech.

His Excellency Sir Joseph Byrom, Governor of Kenya, made a preliminary speech when he opened at Kakamega the East of a new "Farmers Days." It was a well-timed speech. It recognized frankly the present condition in public opinion and its complete lack of sympathy with the Government's present policy and its consequent disapproval of the Government's present policy and its consequent disapproval of the Government's present policy.

**GOODS OF OVER 70 FIRMS REPRESENTED IN EXHIBITION.**

The British Africa Trade Development Expedition, organized for the purpose of advertising British manufactures, arrived in Nairobi on Saturday.

This expedition, which consists of four motor cars, two motor vans, a motor-trailer and a motor-cycle, is a British manufacture, has travelled overland from Rotterdam, has visited several European countries, and is now in East Africa. Its ultimate destination is Cape Town.

The expedition, which is led by Captain Geoffrey Malins, M.C., F.R.S., is not a Government Trade Mission, but purely a private enterprise. The party represents, however, a large number of manufacturing firms of Great Britain who are anxious to open up markets for their products in the various parts of Africa, particularly in Africa.

**Finding New Markets.**

The party left London on April 11 last, and made their landing in Rotterdam. They then went to Cologne, where they had the exhibition of goods in 22 booths, and the exhibition of goods in 22 booths, and the exhibition of goods in 22 booths.

They then went to Brussels, where they had the exhibition of goods in 22 booths, and the exhibition of goods in 22 booths, and the exhibition of goods in 22 booths.

French Plan Unlikely to be Approved.

CONTRARY TO THE IDEALS OF THE LEAGUE OF NATIONS.

British Press Comment.

SIR JOHN SIMON ON THE LIMITATION OF ARMAMENTS.

The French proposal—to create under the aegis of the League of Nations an international force to preserve—is not likely to meet with general acceptance.

It is pointed out that the League was formed as a society for the maintenance of its own independence and sovereignty and that international disputes seem to be settled by peaceable methods of arbitration and diplomacy.

Referring to the proposals at the Disarmament Conference yesterday, the British Foreign Minister said the proposals demanded close study and would receive the sympathetic attention of the British Government.

Proposed Solution of China Problem.

Foreign Office Plan.

GENIES OF DEMILITARIZED ZONES SUGGESTED.

[TANIGUCHI SAYS AGENCY.] Tokyo, February 7. What are frankly admitted to be feeling out at the permanent solution of the Shanghai problem in particular and the China problem in general were put out by the Foreign Office this morning.

The proposal is to establish demilitarized zones from 15 to 20 miles wide in Shanghai and other principal trading ports while Manchuria would also be demilitarized though a portion of the latter district Chinese troops would be allowed as police.

Year's Expenditure in Tanganyika.

OFFICIAL ACTING & TRAVELLING ALLOWANCES ABOLISHED.

Government's Estimate.

REDUCTION AS COMPARED WITH LAST YEAR.

The Estimated Expenditure for Tanganyika Territory (excluding Railways and allied services and Loans) for 1933-34 is estimated at £1,700,000 as compared with £1,904,100 in the approved estimate for 1932-33, or a decrease of £174,100. The provision for 1933-34 is estimated at £1,700,000.

The total recurrent expenditure of £1,700,000 is £138,000 less than the recurrent expenditure for 1932-33. This has been due to the reduction in the programme of works, the suspension or abolition of a number of public works, the abolition of travelling and setting allowances, and the revision of rates of pay of the African Civil Staff.

Service Vacancies Not to be Filled.

Estimated expenditure for 1933-34 is £1,700,000. The estimated expenditure for 1933-34 is £1,700,000. The estimated expenditure for 1933-34 is £1,700,000.

Approved Estimates - 1,904,100. Loss savings effected - 182,000. Non-Vuln. Taxes - 11,024. Income Tax - 11,024. Refund of Public Works - 40,076. Colonial Development - 21,841. Public Works - 106,648. Revised Estimate - 2,077,914.

Revenue Receipts.

The total recurrent expenditure of £1,700,000 is £138,000 less than the recurrent expenditure for 1932-33.

There will be a general reduction in the amount of expenditure on the various services, and a consequent reduction in the amount of expenditure on the various services.

Many posts have been abolished and all existing vacancies are being filled as they arise. All travelling allowances have been abolished.

Increases. The main increases are under the heading of Public Works. Charges on account of Public Works are estimated at £210,000 for 1933-34 as against £190,000 for 1932-33.

The Cabinet Split Over Tariffs. LIBERAL MEMBERS OPPOSE INTRODUCTION. A New Principle.

MR. BALDWIN EXPLAINS THE REASON FOR "AGREEING TO DIFFER."

The House of Commons rejected by a huge majority the Labour vote of censure on the Government for dropping the principle of free trade for protectionism over the tariff question, and for other alleged misdeeds.

Mr. Stanley Baldwin justified the Government's departure from the usual principle of joint responsibility on the grounds of the effect upon the tariff question, and the Government's resignation within a few months of the formation of the National Government.

According to the "E.A. Standard" London correspondence, the Cabinet disagreement came as no surprise, since the Cabinet members could not be reached in a Cabinet formed of all shades of political opinions, on such an issue as tariffs.

Mr. L. S. Amery, the ex-Conservative Minister and an ardent Protectionist, has also criticized the departure from constitutional procedure, and says that the outside Minister does not care who are or who are not Ministers.

It is stated that there is a likelihood of the Samuel Liberals disappearing from the Cabinet before many months have passed and their places taken by more fervent Protectionists of the type of Mr. Amery.

Labour Vote of Censure Rejected.

London, February 9. The House of Commons today rejected by a vast majority the Labour vote of censure on the Government for dropping the principle of cabinet responsibility for the tariff question, and for other alleged misdeeds.

Mr. Stanley Baldwin, Lord President of the Council, said that the Government had departed from the usual principle of joint responsibility on the tariff question, and that the Government had departed from the usual principle of joint responsibility on the tariff question.

Geological Features of Kenya Colony.

THE DIVISIONS OF THE PRE-CAMBRIAN ROCK SYSTEM.

Nyanza Peculiarities.

HOW MINERALISED DEPOSITS HAVE BEEN FORMED IN PAST AGES.

The "East African Standard" is indebted to the Kenya Director of Public Works, Mr. H. H. Sikor, for an interesting article on the geology of the Kenya district with special reference to mineral occurrences at Nakuru.

In the first portion published by Mr. Sikor explains the main features of the Kenya's Geological formation as a background.

Speaking at Nakuru last week, His Excellency the Governor of Kenya intimated that the Geological Survey geological survey will be instituted in the near future. Mr. Sikor's article is therefore both timely and authoritative.

Investigations Since 1895.

In these notes only a very brief outline of the geological history of the country of the Nyanza Province, is being made on a general basis, as it is not possible to do more than this in a short space. It is hoped that the geological survey which is being carried out in the Nyanza Province will be of great value to the country as a whole.

Geology of the Colony.

In order to make myself clear in referring to the geological history of the Nyanza Province, it is necessary to state that the geological features of the Nyanza Province are of great importance to the country as a whole.

Pre-Cambrian System.

The main divisions of the Pre-Cambrian system, generally known as the "Archaean" in a restricted sense, are the Gneiss, Schist, and Quartzite.

## CHELSEA'S DOUBLE CUP CHARGES.

### An Unpopular Action.

"AFRAID OF OYER-CROWDING."

[\* "STANDARD" CORRESPONDENT.]

London, January 26.  
By air Mail.

On Saturday we had the fourth round of the Cup and although it was there was plenty of excitement the only real surprise was the defeat of United States by Earlley after their recent brilliant and Stottshire's draw at Newcastle.

From a London standpoint only the red flag of Highbury and the blue of Stamford Bridge remain features in the brackets of the 12 London clubs which set out high hopes to date the little, blue, with 50,000 tones on its shirts, and the South's twelve which the most popular of Highway where the Arsenal opposed Plymouth Argyle, though some of people were slight when the gates were closed on a packed ground a minute before the start, while at Stamford Bridge, where Chelsea against West Ham, admission charges were doubled. There were 36,000 spectators to a ground that accommodates 75,000. At High-bury mounted police had to clear the roads before the kick-off and many cases of fainting. Women were the chief sufferers, some passed over the heads of the crowd in the case of High-bury, where they received attention. The Arsenal contingent telephoned the railway company saying that the ground was full and requesting them to send some more tickets. There were four times inside the Arsenal ground where a second round was held, some who had paid £4,000, 15,000. Plymouth Argyle who travelled to Highbury included a group who sat in the stand reading poetry while waiting for their kick-off.

Chelsea's action is anything but popular, especially when it is taken into account that the match with St. Paul's in the first round of the cup was played at half price. Chelsea's first round charge was 2s. to stand, which is anything but sporting on the part of the authorities when the work has been so very hard up. One's eyes evidently get sore there was one Stottshire goal that where the charge was doubled, and another at Highbury where it was tripled to 30,000, a price in truth that last year Chelsea did for admittance but where have been charged since then. Chelsea's return for which they were afraid of would be more likely to be a consolation. If sufficient police are engaged and the gates closed

when the turnstile has to be closed, they should never have permitted the officials to enter the stadium at all. It is a disgrace that the officials of the stadium should have to see the officials of the stadium when they have to see the officials of the stadium when they have to see the officials of the stadium.

### Goal Scoring.

The only goal of the season so far was scored by Plymouth Argyle in the first round of the cup. The goal was scored by Plymouth Argyle in the first round of the cup. The goal was scored by Plymouth Argyle in the first round of the cup. The goal was scored by Plymouth Argyle in the first round of the cup.

was chaotic. This was because of the "young planks" who look at the officials, some of whom were also "young planks" who look at the officials, some of whom were also "young planks" who look at the officials.

As regards the other teams, a few of them were playing like a first division team. One of these was the team from North East, which were very strong. They were very strong. They were very strong. They were very strong.
