GRAVE VIEW OF IRISH CONTROVERSY

British Note to the Free State.

MINISTER'S STATEMENT TO HOUSE OF COMMONS.

Treaty Obligations.

THE OATH OF ALLEGIANCE MUST BE RETAINED.

The British Government will insist on the Irish Free State Government fulfilling its Treaty obligations.

This is the effect of a statement made to a crowded House of Commons by Mr. A. H. Thomas, Dominion Minister, in reply to a formal communication from the Irish Free State Government announcing the latter's intention of doing away with the Oath of Allegiance and a speech by Mr. De Valera in which he announced the payment of land annuities to Britain would be discontinued.

A Note will be sent to the Irish Free State Government setting out the British Government's attitude.

There was some collocation in Parliament when details a plan for discussion of the issue to be deferred. Two Cynical Members persisted in discussing the matter, one of them in a manner which qualified as insulting. "This is war for three million pounds." The Speaker intervened.

The Speaker Intervenes.

The present view is taken of the Irish developments. His Majesty the King is expected to call on the King of the Belgians in the latter part of the month. The British Government will insist on the Irish Free State Government fulfilling its Treaty obligations. Income Tax. MAJOR GEORGE BURNETT TO A GRIED.

To the Editor, "E.A. Standard," Very anxious concerning the proposed income tax, and would glad to give the attention to the theory, practice and social repercussions of Income Tax which would make a complicated problem a simple one.

Quite distinctly both in Mortgage and Land Investment the effect of an income tax on the interest and the rest of income. As happened on the last financial year the income tax has become more or less a tax on capital.

I would suggest to Britain that the effect of an income tax on the interest and the rest of income should be considered in a more practical manner.

March 20, 1932. Mr. H.—An Income Tax on the profits of the business would be a good thing for the Empire.

To the Editor, "E.A. Standard," Mr. H. has had a very interesting letter but I do not think it is a good idea to have a tax on the profits of the business.

Easter Tournament Practice.

A Great Match. The Nairobi golf course has been the scene of many a fine tournament taking the observant viewer to get the best of the links.

On Monday last Kyanba "A" team had a very exciting test for the Easter Tournament at the four ball match. Victory was every one, but of them I believe, "retirated" on the last green.

A Great Match.

For the first time in the memory of those who follow, Bob Dinley last saw a Nairobi "B" team in a match against a Kyanba "B" team on the Kyanba course.

WHAT WHISKY SHOULD A MAN ORDER?

Avoid the mistake, in your club or hotel, of asking everybody for a whisky. Be more specific. Ask for White Horse, and have the bottle brought to your table.

That is a good start. Having allowed of no question about the quality of your drink you are now free to admit the quantities you will, and in a moment or two, you will be drinking the whisky which cannot be bettered. So smooth and beautifully blended, Scotland's Senior Whisky

America's Big Effort to Balance Budget.

\$300,000,000 TO BE RAISED BY NEW TAXATION.

Fluctuating Dollar Exchange.

NERVOUS SELLING IN NEW YORK DURING THE HOLIDAY SEASON.

Deprecate endeavours are being made by the United States of America to balance the Budget.

New Taxation is proposed to raise the colossal sum of \$300,000,000 dollars. The measure will include a tax on stock sales, another on motor cars, increased postage, excise duties on furs, cosmetics, jewellery, etc., and a reduction of the free income limit in connection with the surtax. A Theatre Tax will also be introduced.

American's financial position has been seriously affected by the dollar exchange which fell heavily with a consequent rise in sterling but the fall in American currency has now been checked.

Inferred circles in London do not consider there is any probability of America being forced off the gold standard.
