Georges Philpott Still Afloat and Ablaze.

FIRE BREAKS OUT DURING THE NIGHT.

Spreads Rapidly Throughout the Vessel.

WIRELESS ROOM AMONG FIRST QUARTERS TO BE DESTROYED.

The first story of the fire at sea of the French liner "Georges Philpott" was brought to Aden by the British ship "Contractor." ... The fire broke out during the night. It apparently started in a vacant first class cabin and was caused by a wire ... All the rescued passengers were in their night attire having lost all their belongings.

There was no serious panic but there were some pathetic scenes among the passengers ... It is believed that as a result of the rapid spread of the fire, a large number of passengers were trapped by the flames in that they were unable to reach the boats and jumped into the shark-infested water.

A Mass of Flames.

### The Wheat Industry.

In a report published early this  
year the Imperial Commission on  
the wheat industry in the world  
situation. The chief purpose of  
the Commission was to lay before  
the Government the facts of the  
situation in Ontario a survey of the wheat  
industry in the world. The Commission  
also considered the wheat industry  
in Canada and the United States.  
The Commission was a temporary  
body set up by the Government to  
investigate the wheat industry in  
the world. The Commission's report  
is a valuable document for the  
Government and the public.

The Wheat Industry.

In a report published early this  
year the Imperial Commission on  
the wheat industry in the world  
situation. The chief purpose of  
the Commission was to lay before  
the Government the facts of the  
situation in Ontario a survey of the wheat  
industry in the world. The Commission  
also considered the wheat industry  
in Canada and the United States.  
The Commission was a temporary  
body set up by the Government to  
investigate the wheat industry in  
the world. The Commission's report  
is a valuable document for the  
Government and the public.

# The Wheat Industry in Kenya.

## FACTORS WHICH HAVE LED TO THE PRESENT SLUMP.

### Damage by Locusts.

A PROBLEM FOR EARLY ATTENTION BY BOARD OF AGRICULTURE.

The wheat industry of Kenya is passing through a most critical period, due to several factors, principally locusts and the world depression.

The crop has declined so much an extent that not only is there no surplus for exports, which recently had to be imported to meet local requirements.

In the following article an attempt has been made to review the industry from the time of the beginning of 1923 with reference to the difficulties which growers in Kenya are facing.

### The Local Market.

It is now about 25 years since wheat was first introduced into Kenya, and the promise of a large and profitable industry has been realized. The wheat industry in Kenya is now one of the most important and profitable of the country.

### Exporters' Inquiry.

In 1920, on the recommendation of the Government, a committee was appointed to inquire into the wheat industry in Kenya.

### The Beginning.

The pioneer of wheat growing in Kenya was the late Lord Delamater, who introduced wheat into the country in 1842.

### The Wheat Crop.

During 1920 the wheat crop failed, and the following year it was also a failure. The wheat industry in Kenya is now in a state of depression.

### Imported Wheat.

As a result of the depression in the wheat industry in Kenya, it has become necessary to import wheat from other countries.

# LORRY PULLED BACK BY LIONS.

## Incidents During a Recent Safari.

### TWO INTERESTING.

#### Private Hunter and Lion Hunter of Rhodes.

In the day time, a private lion hunter, who was on a safari in the district of Rhodes, was attacked by a lion.

The lion was killed, and the hunter was unharmed. The incident was reported in the local press.

Miss Clarice Mayne Captivated by Kenya.

"ONE OF MOST WONDERFUL COUNTRIES IN THE WORLD."

Surprised and Delighted. FAMOUS ACTRESS THINKS SHE WILL RETIRE IN THE COLONY.

Miss Mayne has captured the hearts of Miss Clarice Mayne, the famous variety artist, who is so charmed that she is seriously thinking of retiring in the country.

"It's a Health Resort"

"I think your country is one of the most wonderful in the world and with a steady list of people who are coming to see it... I'm going to retire in the colony."

Miss Mayne is so enthusiastic that she is going to let her friends to come to the colony, so.

She is to spend two or three weeks in the country and hopes to return by air in a year.

**ROSE CONSERVATORS PROPOSAL.**

The Editor "R.A. Standard" writes:—The following is the text of a letter received from the Rose Conservators regarding the proposed water supply for the town of Nairobi for the month of March.

The Rose Conservators propose that the water supply for the town of Nairobi for the month of March should be restricted to 100,000 gallons per day. This is a reduction of 50,000 gallons per day from the normal supply of 150,000 gallons per day.

The Rose Conservators state that the water supply for the town of Nairobi for the month of March is insufficient to meet the requirements of the town. They propose that the water supply should be restricted to 100,000 gallons per day for the month of March.
