UDAANDA ABUJ.  
FRIDAY, AUG. 19, 1932.

Public Opinion.

It is now usual a fortnight since the publication of the Minutes of the meeting of the Executive Committee of the Kenya Legislative Council and the Kenya Legislative Council have been sent to the various Government departments for their consideration. It will be recalled that the Government had intended to amend the Budget for 1932-33, but that the Executive Committee had decided to leave the Budget as it stood. The Minutes of the meeting of the Executive Committee are now being issued. The Minutes contain a number of interesting items, and it is interesting to note that the Government has agreed to amend the Budget for 1932-33, but that the Executive Committee has decided to leave the Budget as it stood. The Minutes contain a number of interesting items, and it is interesting to note that the Government has agreed to amend the Budget for 1932-33, but that the Executive Committee has decided to leave the Budget as it stood.

**The Air Mail.**

Special Airways "City of Johannesburg" arrived at Nairobi, Kenya, on 14th inst. The "City of Johannesburg" left Johannesburg on 13th inst. at 6.45 p.m. on Wednesday. The "City of Johannesburg" was a Lockheed Vega, and was piloted by Mr. J. H. G. (Jack) Gifford. The "City of Johannesburg" was the first of a series of air mail services to be operated between Johannesburg and Nairobi. The "City of Johannesburg" was the first of a series of air mail services to be operated between Johannesburg and Nairobi.

**Firearms License.**

There is a great number of persons who are licensed to possess firearms in Kenya. It is interesting to note that the Government has decided to issue a large number of firearms licenses to persons who are engaged in agriculture. The Government has decided to issue a large number of firearms licenses to persons who are engaged in agriculture.

Empire Sial and the Ottawa Conference.

MAJOR WALSH'S REPORT ON NEGOTIATIONS IN CANADA.

Proposals Welcomed.

THE ABANDONMENT OF DUTIES ON FOREIGN FIBRES.

At an important meeting of the Sial sub-section of the London Chamber of Commerce Major Walsh reported on his work in Canada in connection with the Empire Sial Institute.

In view of the opposition of Canadian manufacturers to any attempt to lay their raw material, insisting upon an adequate Empire content for all binder twine manufactured in Canada and the United Kingdom.

After considerable discussion the figure of 50 per cent had been agreed upon and it was stated that the great hope in the proposals lay in the possibility of the manufacturers in the United States of America adopting twice with a 50 per cent. Empire content.

A resolution was passed emphasizing that the meeting welcomed the proposal and congratulating the negotiators on their efforts but postponing consideration on the proposal for abandoning the duties on foreign fibres.

Greatest Goodwill Maintained.

It was stated that the meeting was held in London on the 14th inst. and that the proposals as to the duty on foreign fibres were discussed on Wednesday afternoon.

The proposals were discussed in detail and it was stated that the meeting was held in London on the 14th inst. and that the proposals as to the duty on foreign fibres were discussed on Wednesday afternoon.

# Kenya Coffee in Canada and the United States.

## VISIT BY REPRESENTATIVE OF THE INDUSTRY.

### The Importance of San Francisco.

#### WAYS OF INCREASING ATTRACTIVENESS OF LOCAL PRODUCT.

A representative of the Kenya coffee industry recently visited Canada and the United States of America for the object of pointing out the merits of the product and of discovering ways in which it might be made more attractive to the buyers in those countries.

On Thursday Mr. C. J. Valentine was entertained to luncheon in Nairobi by the Coffee Farmers' Union of Kenya and East Africa and outlined the work which had been carried out during his visit to those countries.

In Mr. Valentine's opinion, San Francisco was definitely the place upon which Kenya should concentrate as in this city the coffee industry was taken very seriously. All the coffee brought there from Columbia.

It was particularly stressed that the quality of Kenya coffee should be consistent and complaints were heard that this had not been so in the past. Some difficulties with regard to methods of bagging were also mentioned and remedies suggested as well as that with a greater demand for Kenya coffee might be maintained.

### Methods of Bagging.

Mr. C. J. Valentine was the guest on Thursday of the Coffee Farmers' Union of Kenya and East Africa, a luncheon which was given in his honor at the residence of his recent visit to Canada and the United States of America. During the visit, he carried out work on behalf of the Kenya coffee industry.

Mr. W. McMillan Wilson, President of the Union, was present and Mr. H. J. H. Bergan (Kinshasa), Mr. H. F. Bergan (Lamu), Capt. F. H. Sprent (Mombasa), Mr. J. H. M. (Mombasa), members of the Executive Committee of the Kenya coffee industry.

Mr. W. McMillan Wilson, President of the Union, was present and Mr. H. J. H. Bergan (Kinshasa), Mr. H. F. Bergan (Lamu), Capt. F. H. Sprent (Mombasa), Mr. J. H. M. (Mombasa), members of the Executive Committee of the Kenya coffee industry.

### Variables in Quality.

When he asked those who were present why the quality of Kenya coffee was not uniform, Mr. Valentine said that the reason was that the coffee was not being grown in the same soil and under the same conditions.

Mr. Valentine said that the reason was that the coffee was not being grown in the same soil and under the same conditions.

Mr. Valentine said that the reason was that the coffee was not being grown in the same soil and under the same conditions.

Mr. Valentine said that the reason was that the coffee was not being grown in the same soil and under the same conditions.

Mollison Conquers the North Atlantic.

THIRTY HOUR FLIGHT FROM EAST TO WEST.

British Puss Moth Triumph.

REMARKABLE FEAT OF ENDURANCE AGAINST ADVERSE CONDITIONS.

Mr. J. A. Mollison, the holder of the Australia to England and England to South Africa air records, has completed the first east to west crossing of the North Atlantic in a light aeroplane, leaving Fortmeark, near Dublin, he landed, thirty hours later, at Fennell Ridge, near St. John's, Newfoundland.

The weather was unfavourable and for eighteen hours Mr. Mollison encountered trying conditions with clouds, mist and coastal fog.

In view of continuing his arrival to New York Mr. Mollison was exhausted on his arrival, decided to fly to an Air Pagant near Montreal on Saturday. He was expected to continue to New York on Monday.

It is the intention of Mr. Mollison to visit some days in the American Continent before attempting the return flight to Britain. It is possible that his wife, Mrs. Mary Johnson, will join him in New York and that they will fly to Atlantic together.

Clouds, Mist and Coastal Fog.

Mr. Mollison's success in flying a British Puss Moth across the Atlantic in thirty hours is a remarkable feat of endurance and skill. The flight was made in a light aeroplane, the Puss Moth, which is a small, single-engine aircraft. The flight was made in a light aeroplane, the Puss Moth, which is a small, single-engine aircraft.

Channels of Trade in the Empire Enlarged.

SUCCESS AT OTTAWA AN ACCOMPLISHED FACT.

Definite Agreements Reached.

FORMAL APPROVAL AT FINAL PLenary SESSION.

The success of the Ottawa Conference is now an accomplished fact. Trade agreements have been reached with all the Dominions, with the exception of the Irish Free State, and these were to be formally approved at the final Plenary Session on Saturday.

A general adoption of the policy of imperial economic co-operation has been secured and the channels of trade throughout the Empire have been enlarged.

It is believed that each bilateral Treaty will contain a clause signifying the intention of the United Kingdom to maintain an all round Empire preference after November 15.

"Hastening Recovery."

Trade agreements have been reached between the United Kingdom and all the Dominions with the exception of the Irish Free State, and these were to be formally approved at the final Plenary Session on Saturday.

Trade agreements have been reached between the United Kingdom and all the Dominions with the exception of the Irish Free State, and these were to be formally approved at the final Plenary Session on Saturday.

Nature and Railway in Final. CALLED POOR DISPLAY.

Nature Athletic passed into the last stage of the (disputed) Cup. The final was played at Otago on the latter's ground. It was not a sparkling game by any means, and the play was slow and lifeless. The only real play was seen in the first few minutes, when the batsmen were on their feet, and they were always seen in dangerous places in their bats. The batsmen were on their feet, and they were always seen in dangerous places in their bats. The batsmen were on their feet, and they were always seen in dangerous places in their bats.
