**WHAT WHISKY SHOULD A MAN ORDER?**

Avoid the mistake, in your choice of brand, of asking whisky for a whisky. Be more specific. Ask for White Horse, and have the bottle brought to you.

This is a good start. Having studied so much on the quality of your whisky, you are now free to adjust the quantity as you wish, in a moment or two, you will be drinking the whisky which cannot be bettered. So smooth and beautifully blended, Scotch's Scotch Whisky.

**THE Editor, &c., accept responsibility for the views expressed by the correspondents in this column and in all cases the name and address of the writer must accompany a letter, and not necessarily the publication, and a guarantee of good faith. Briefly it also means an honest contribution.**

**A JUDGE'S REMARKS**

To the Editor:—"A. S. Standard," The Judge writes in the 19th High Court has taken it upon himself to pronounce upon the merits of our land's Courts. The remarks appear in the "Herald" under the heading "The world without some kind of a law of order."

The fact that the remarks were made by a Judge of the High Court makes the case more serious. The Judge is a member of the East African Court of Appeal and has a right to be heard on any subject. Why then say, "I don't know why you go forth from the Court as the Judge that prescribes the law of order?"

It is not only the Judge's remarks that are of interest, but the fact that he is a member of the High Court. It is not to be expected that a Judge of the High Court should be so far from the world as to be ignorant of the facts of our country.

At one who is not prepared to believe the resolutions in their entirety "I venture to express the following criticisms regarding the resolutions."

**THE EAST AFRICAN CONFERENCE**

To the Editor:—"A. S. Standard," Sir—Kings stands one man, one law. A perfect Government, and it follows the law. It is not only the Judge's remarks that are of interest, but the fact that he is a member of the High Court. It is not to be expected that a Judge of the High Court should be so far from the world as to be ignorant of the facts of our country.

At one who is not prepared to believe the resolutions in their entirety "I venture to express the following criticisms regarding the resolutions."

**THE ECONOMIC PORTION**

To the Editor:—"A. S. Standard," Sir—It is hardly time that should be spent in the hope that the Union is being held white. An all-round policy of economic development is necessary to be adopted by our country. The fact that the Union is being held white is a serious matter. It is not only the Judge's remarks that are of interest, but the fact that he is a member of the High Court. It is not to be expected that a Judge of the High Court should be so far from the world as to be ignorant of the facts of our country.

At one who is not prepared to believe the resolutions in their entirety "I venture to express the following criticisms regarding the resolutions."
