THE DEBATE ON OTTAWA. Full-Dress Discussion in House of Commons.

CHANCELLOR REVIEWS THE POSITION. Agreements Attacked.

ABROGATION OF ANGLORUSSIAN COMMERCIAL TREATY.

The principal business when Parliament reassembled on Tuesday was in connection with the Ottawa agreements, the debate on which is scheduled to last three days.

The Chancellor of the Exchequer, Mr. Neville Chamberlain, outlined the present position with regard to the agreements and the benefits which would confer on the Empire. He declared that if the agreements increased the prosperity of the united British Empire that would be the best contribution to the restoration of world prosperity.

An attack was made on the agreements by Mr. George Lansbury and Sir Herbert Samuel, but in the main the debate is reported to have been cordial and is expected to be appreciated that nothing could stop their realisation.

The House was surprised by the announcement, made by the Secretary of State for Dominions, Mr. J. H. Thomas, that the Government has given six months' notice of the abrogation of the Anglo-Russian commercial treaty. He explained that the step was necessitated by the Ottawa agreements.

Amendment Rejected.

There was the most curious incident of the Ottawa agreement, which is scheduled to last three days in the House of Commons. Mr. J. H. Thomas, who introduced the motion, was asked to withdraw it.

A full-dress debate, which is scheduled to last three days in the House of Commons, will be held on the Ottawa agreement. The House will discuss the merits of the agreement and the benefits which it will confer on the Empire.

The House will discuss the merits of the Ottawa agreement and the benefits which it will confer on the Empire. The House will also discuss the proposed amendments to the agreement.

CAUSES OF BREAKDOWN IN NEGOTIATIONS. The Free State Case.

PRESENTED FROM HISTORICAL AND TECHNICAL POINTS OF VIEW.

A statement was made in the House of Commons on Tuesday by Mr. J. H. Thomas, Secretary of State for the Dominions, in regard to the failure of the Irish negotiations.

It had, he said, been impossible to reach an agreement. Mr. de Valera had consistently maintained that the only real and permanent solution to the Irish difficulty was a united Irish Republic with some connection with the British Commonwealth.

Validity of Agreements. Mr. de Valera's statement, recently stating that an ultimate financial settlement was imminent, had been misleading.

Breeding Services in Kenya.

EXPERIMENTAL WORK ON WHEAT AND MAIZE.

Improvement of Yield.

THE DEVELOPMENT OF NEW VARIETIES.

The course of the Plant Industry section of the annual report of the Department of Agriculture for 1917 is an interesting review of the Plant Breeding work in Kenya during the year.

Unsuitable experimental work has been carried out and results have been forthcoming. A large proportion of the work is of the long-range type and the results are likely to take some time to appear.

The varieties of wheat particularly suitable for certain soils have become available and it is believed that these are largely suitable to raise.

During the past year improved methods of maize growing have been adopted by a number of maize farmers with the result that largely increased yields per acre have been obtained.

Work Hampered by Locusts.

A number of the Plant Breeding work continued in the report of the Plant Industry section of the Department of Agriculture for 1917.

Wheat.

A new photographic form was found in the wheat growing in the district of the Kenya Station in the district of the Kenya Station in the district of the Kenya Station.

Demonstration by 10,000 Unemployed.

STONES AND IRON RAILS THROWN AT POLICE.

Numerous Arrests.

DISURBANCE ENGINEER BY COMMUNIST ORGANIZATION.

Ten thousand unemployed demonstrators took part in a rioting in London on Tuesday night. The disturbance, according to a statement made in the House of Commons, was organized by the National Unemployed Workers' Movement, a well-known Communist organization.

The demonstrators came into conflict with the police and a number of arrests were made. Stones, bricks and iron railings were thrown at the police who try to prevent them from advancing in the direction of Downing Street.

Over forty people were arrested for wild damage, larceny and assaulting the police.

In the House of Commons Mr. George MacDonald announced a request by Mr. Henry Lambson, the leader of the Opposition, for the matter to be referred to the adjournment.

To Be Debated in Commons.

At a meeting in London, October 29, the Communist Party of Great Britain held a meeting to discuss the London riots. Mr. George MacDonald, the Communist Party's general secretary, called for a debate on the adjournment of the Commons.

The "Mass Test" will be held in London, October 30, in order to disrupt several anti-Communist demonstrations. Mr. George MacDonald, the Communist Party's general secretary, called for a debate on the adjournment of the Commons.

On the whole, therefore, we are now hoping for a period of relative stability. The Communist Party is now working to disrupt several anti-Communist demonstrations.

The riots were also reported in London, October 29. The demonstrators came into conflict with the police and a number of arrests were made.

Mr. de Valera Addresses a Crowded Dail.

ANTI-IRISH FEELING ALLEGED.

Merits of the Position.

"BRITAIN NOT PREPARED TO CONCEDE SIMPLE JUSTICE."

The Dail was crowded when Mr. de Valera addressed it on the subject of the recent negotiations in London between Great Britain and the Irish Free State.

Mr. de Valera alleged that the position on the matter is not prepared to examine the position on the merits or to yield to the claims of simple justice.

It was presented forward, he suggested, by anti-Irish feeling in Britain and supported by the attitude of a minority in the Free State.

The British Government, stated Mr. de Valera, took their stand on the irrefragability of certain secret documents and refused to move from that view.

A Strong Attack
 (The Woman)
 Highly, October 25,
 The Princess of Wales, the
 Countess of the Irish Free State,
 Mrs. de Valera, gave an address
 in the Dail last night of the address
 of the most extraordinary
 of the Free State and the British
 Government. Her words
 struck on the British Government
 and declared that her husband
 was that they were not prepared
 to accept simple justice for her
 husband.

Mrs. de Valera admitted that the
 first attack was a matter of
 1890/1900, but she declared
 her husband's position in the
 Republic—British Official Wireless
 Service.

DRIVING is so easy in the World's Most Popular Car

here's why

Beauty and luxury are important in a car but that is not all that is in the Chevrolet story.

Drive the car. Chevrolet has become the world's most popular car not just because it has a distinctive appearance but because of its marvellous performance.

With an engine so large and more expensive to run, there is developed even greater power and smoothness. Its inter-uptible mechanism is made doubly smooth by a combined connecting rod.

Chevrolet's automatic steering makes guiding the car almost effortless. Day 1921 Chevrolet never will fail you just what this means.

The latest progress of Chevrolet's smooth positive steering is the latest of the Chevrolet story. A great advantage is "ride".

Now Chevrolet offers the famous *Spurto-Block* gear shift, originally patented by Cadillac. Shifting is always smooth, always fast.

Now Chevrolet has a new clutch. Coupling is at your service by coupling a button. Then your right foot controls the clutch in the same way as the accelerator instantly brings the full power of the motor into action.

Put on low gear and restful the car. Chevrolet is in drive. Try it without obligation. We will gladly answer a Chevrolet demonstration.

TENTATIVE FIGURES OF SURPLUS AVAILABLE FOR EXPORT.

The first attempt at a forecast of crop production in the present season is indicated in the Report compiled for the Statistics Branch of the Department of Agriculture for the month of September. It is expected that the figures quoted are liable to considerable variations and should therefore be treated with reserve.

In comparison with the previous year it is shown that the maize output by 5.9 per cent, but the total wheat yield is expected to be harvested has decreased by 14.4 per cent.

There is great difficulty at this stage in estimating accurately the amount of produce which will probably be available for export, from information so far reported it appears that this will be substantially greater than last year.

September Reports.

The Crop Reports for the month of September prepared by the Department of Agriculture in the present season are the first of the kind since the commencement of the present season. The figures of total crop production are available for the first time since the commencement of the present season. The figures of total crop production are available for the first time since the commencement of the present season.

Boer War Shell Explodes at Mafeking.

The last shot in the Boer War was fired at Mafeking last month. The shell, which was fired by the British, exploded, and killed a Boer soldier. The incident is a reminder of the Boer War, which was fought between the British and the Boers from 1899 to 1902. The Boer War was a significant event in the history of South Africa, and it led to the formation of the Union of South Africa in 1910.
