NAIROBI, WEDNESDAY, OCTOBER 30, 1952.

Import Quotas for Bacon and Hams.

SCHEME TO PROTECT BRITISH PRODUCER.

Progressive Restriction.

REPORT OF COMMISSION BEFORE THE GOVERNMENT.

A scheme to protect the British producer of bacon and hams is set out in a report of the Commission appointed to investigate the reorganisation of the pig industry.

It is suggested that from July next a quota be imposed on imports from foreign countries, such imports to be progressively restricted to home production increases.

Price Guarantee.

[By Wireman.] The Budget, October 25, has set out the Government's intention to guarantee the price of bacon and hams.

Agreement.

It is reported that the Government has agreed to purchase a certain quantity of bacon and hams from the United States.

OTAWA AGREEMENT.

Resolutions Passed by the Committee.

[WIREMAN'S REPORT.] The Ottawa Committee has passed resolutions regarding the pig industry.

What Happens.

The Ottawa Committee has recommended that the Government should purchase a certain quantity of bacon and hams.

What Happens.

The Arid, Rocky Country of Turkana Province.

A SPARSELY POPULATED AND BARREN AREA.

Boundary Dispute.

HOW NOMADIC TRIBES HELP EACH OTHER IN TIMES OF DROUGHT.

Similar in many respects to the Northern Frontier Province of Kenya is the country occupied by the Turkana and West Side Tribes. The area is sparsely populated having a population of only 2.10 per square mile.

According to the Provincial Commissioner it is a marvellous country which has been able to exist as long as it has in a barren, arid and rocky country.

Amongst the problems which have engaged the attention of the Administration during the last year that of the grazing rights between the Sidi and the Karamojos have been amongst the most pressing.

Locusts did much damage to the grazing in Turkana during the year and rains generally were poor. As a result there was a good deal of famine.

Problem of Grazing Rights.

The Sidi and Karamojos have given permission for the Sidi to graze in the Turkana Province.

[WIREMAN'S REPORT.] The Sidi and Karamojos have given permission for the Sidi to graze in the Turkana Province.

Problem of Grazing Rights.

The Sidi and Karamojos have given permission for the Sidi to graze in the Turkana Province.

[WIREMAN'S REPORT.] The Sidi and Karamojos have given permission for the Sidi to graze in the Turkana Province.

Problem of Grazing Rights.

ENTERTAINMENTS.
Empire Theatre.

Some people may be disappointed with the film "The Loves of Robert Burns" which is being shown at the Empire Theatre. It is a very good picture, but it is not as good as the picture "The Loves of Robert Burns" which is being shown at the Empire Theatre. It is a very good picture, but it is not as good as the picture "The Loves of Robert Burns" which is being shown at the Empire Theatre.

Expresses That Will Speed Up Traffic.

While other great cities are suffering from traffic jams, London has a solution. The city is planning to build a new expressway, which will take only a few minutes to travel. This expressway will be built on the top of the old railway tracks, and it will be a very good idea. It will save a lot of time and it will be a very good idea.

THEATRE TRIPS.

There are many people who like to go to the theatre. They like to see the plays and the operas. They like to go to the theatre and see the great actors and actresses. They like to go to the theatre and see the great plays and operas. They like to go to the theatre and see the great actors and actresses.

A VISIT WILL PAY YOU

At the wheel of the world's most popular car

every modern improvement is at your command

You and your friends have made Chevrolet the most popular car in the world. For you are the people who have always appreciated Chevrolet's fine performance. To you are destined the many new driving improvements of the 1933 Chevrolets.

Now you have Super-Mech gears on your Chevrolets. You can't clash the gears as you start up and progress to high gear or change back to second. Changing is always retro, silent, without clash.

Some new things have happened to the Chevrolet motor. Although it is no larger and still as economical, it is more powerful.

gets you away quicker and maintains a higher speed. And it delivers low speed power... you take hills easily.

And here is the "free wheeling" thrill of coasting. A touch of a button and your car slides on momentum when the motor slips; picks up speed the instant power is applied. In combination with the new gear shaft, it permits you to change gears without touching the clutch pedal.

These and many other improvements make the new Chevrolet a joy to drive. Why not try it? Enjoy a trial ride before the slightest obligation.

PROMISE OF KAKAMEGA GOLDFIELD.

Likely to Become of Great Importance. WONDERFUL POSSIBILITIES OF BIG DEVELOPMENT.

SIR ALBERT KITSON'S REPORT.

"INTENSIVE PROSPECTING WILL REVEAL MANY RICH AND WORKABLE REFS."

From all the evidence met I am strongly of opinion that the prospects of the field are quickly becoming a useful goldfield and development of the important field is distinctly encouraging and that with additional tracing... and deeper prospecting...

Other notable extracts from a report which is one of the most interesting official documents ever issued in East Africa are as follows:-

"Since mining veins and reefs already proved there are many sufficiently large and rich to be regarded as workable mining propositions, it may be taken as certain that intensive prospecting over the whole area will reveal many more of such rich and workable veins and reefs."

"Reliable information has just come to hand to show that a rich reef, 12 to 14 inches thick, at 10 ft. from the surface, has been proved at a depth of 24 ft. to have increased to 6 ft. in thickness... the whole of the 6ft. carrying gold."

As an indication of the potentialities of the area Sir Albert records that a heavy examination of several veins, up to 12 inches by 10 inches in diameter, has taken place... the result that such large pieces of uniform quartz of two distinct kinds, were in fact stream is proof that reefs at least, 10 to 10 inches thick, exist in that valley and west discovery and development."

It is revealed that the largest nuggets reported to date are one of 8 1/2 ounces and one of 5 1/2 ounces. Many small nuggets, from a pennyweight to several ounces have also been found.

One of the remarkable features of the goldfield is the very great number of small reefs, veins and threads of quartz... The investigation of testing these small veins... the result that such large pieces of uniform quartz of two distinct kinds, were in fact stream is proof that reefs at least, 10 to 10 inches thick, exist in that valley and west discovery and development."

"These there are undoubtedly many small and rich veins of quartz, and probably reefs as well, in the beds and sides of most of the streams... can be realized by noting that at one place on the southern slope into the Koa River... the result that such large pieces of uniform quartz of two distinct kinds, were in fact stream is proof that reefs at least, 10 to 10 inches thick, exist in that valley and west discovery and development."

Diligent Search Necessary.

In about Kiba says:- This goldfield lies in Northern Kenya... the greater portion of that of the area of the western boundary... the result that such large pieces of uniform quartz of two distinct kinds, were in fact stream is proof that reefs at least, 10 to 10 inches thick, exist in that valley and west discovery and development."

Means of Communication.

There are four main roads into Kakamega from the Kerua side... the result that such large pieces of uniform quartz of two distinct kinds, were in fact stream is proof that reefs at least, 10 to 10 inches thick, exist in that valley and west discovery and development."

Discovery of the Goldfield.

The field was discovered... the result that such large pieces of uniform quartz of two distinct kinds, were in fact stream is proof that reefs at least, 10 to 10 inches thick, exist in that valley and west discovery and development."

the field is a rich goldfield and development of the important field is distinctly encouraging and that with additional tracing...

Greater Value
 has made it the World's most Popular Car

In 1925 Chevrolet took world leadership in sales. In 1926
 Chevrolet sales value without precedent in automobile history.

More people buy Chevrolet than any other car. Chevrolet sold
 nearly twice world leadership as against 100 other makes
 combined in value.

There is no other make. Chevrolet increases its value leader-
 ship as it follows the most important test of value, their
 beauty, better performance than you ever found in a car of its
 class.

RELIABILITY: The 1926 Chevrolet sold a new record in 1926
 mileage. The International Motor Vehicle Association
 guaranteed, engine, frame and body. All the same
 and that built the car at a through-out.

SAFETY: Outward view is protected by interior construction

WARDLES 10 CENT SALE

22nd October to 5th November

Owing to the tremendous interest which has been displayed during the first few days of our 10 Cent Sale, we have to bring to the notice of the public that we have completely sold out of certain lines, and we have only a few lines left, which we propose to sell out of soon. We have therefore decided to hold another similar sale at the earliest opportunity, the date of which will be advertised later.

The following are some of the articles still available for the Sale:-

Sunburn Lotion	5/- each	Two for 7/10
Aspirin Tablets 20's	1/- each	Two for 1/10
Embroicant	2/6 each	Two for 2/6
Absorbent Cotton Wool	2/6 each	Two for 2/6
Recall Dyspepsia Tablets	2/6 each	Two for 2/6
Recall Blood Purifier	2/6 each	Two for 2/6

THE EAST AFRICAN STANDARD
UNDERS ADOPTED
 THURSDAY, OCT. 19, 1922.

Kakamega.
 The Interior Report on the Kakamega (old) Gold Field published to-day is a striking question the local people will never forget. It is a report that is clear to all who read it that it is one of the most important documents ever printed. Government and the people of Kakamega are there any doubt about the wonderful possibilities of Kakamega. The suggestion that the discovery there was not that of a prospect which could be of a prospect which would be definitely abandoned. All indications on that Kakamega will be a rich gold field. The question is one which the Interior of the Government and the people of Kakamega are there any doubt about the wonderful possibilities of Kakamega. The suggestion that the discovery there was not that of a prospect which could be of a prospect which would be definitely abandoned. All indications on that Kakamega will be a rich gold field.

 Our work speaks for itself.

about a decision which is of great importance to the Colony. The Government has decided that the country will be divided into two parts, the field to private ownership, and the remainder to be held by the Government. The Government has decided that the country will be divided into two parts, the field to private ownership, and the remainder to be held by the Government.

Financial Commission.
 Major Sir Robert Smith, K.C.M.G., has been appointed to the post of Financial Commissioner for the Colony. He will be responsible for the financial affairs of the Colony, and will be assisted by a number of officials.

The Warden.
 The British High Commissioner for the East Africa Protectorate, Sir Robert Smith, K.C.M.G., has been appointed to the post of Warden of the Colony. He will be responsible for the administration of the Colony, and will be assisted by a number of officials.

Upenda Levy on Official.
 The Kenya Government has decided to appoint Upenda Levy to the post of Official in the Colony. He will be responsible for the administration of the Colony, and will be assisted by a number of officials.

The Air Mail.
 The Kenya Government has decided to appoint the Air Mail to the post of Air Mail in the Colony. He will be responsible for the administration of the Colony, and will be assisted by a number of officials.

General Election.
 The Kenya Government has decided to hold a general election in the Colony. The election will be held in 1923, and will be for the purpose of electing members to the Legislative Council.

Standard Bank.
 The Standard Bank of Kenya has been established in Nairobi. It will be responsible for the banking and financial affairs of the Colony, and will be assisted by a number of officials.

Police Force.
 The Kenya Government has decided to increase the number of the Police Force in the Colony. This will be done by recruiting a number of new officers and men.

Public Works.
 The Kenya Government has decided to undertake a number of public works in the Colony. These will include the construction of roads, bridges, and other public buildings.

Days' Work.
 The Kenya Government has decided to introduce a system of days' work in the Colony. This will be done by requiring all employees to work a certain number of days each week.

PRUSSIA.
[That's a coincidence!]
New that we have reached the low ten penny mark, and that a few days hence we may be at the low of ten pence. It was thought when such a thing happened that we should be at least getting the figure down to the level of the low of ten pence. But we are not getting there yet, and we are still at the low of ten pence.

PRUSSIA.

The East African Annual

The following letter has been received by the East African Standard from His Excellency the Governor, Sir Joseph Byrne.—

Government House, Kenya East Africa, 26th October, 1932

I got back from Light last night and was exceedingly sorry to find that "The East African Annual" which you kindly sent me personally to congratulate you, and those associated with it, on their excellent production. It gets better every day. It is a most effective means for making the attractions of Kenya and of East Africa known to the outside world. It is the only medium whereby they can be brought to the notice of the public.

NATIVE OFFENCES.

Fines Imposed in Nairobi.

THE following fines, 90/- were yesterday imposed by the Senior Magistrate, Nairobi, on a building firm, because of breaches of the Native Regulations and Ordinances and on a building firm, because of breaches of the Native Regulations and Ordinances, and on a building firm, because of breaches of the Native Regulations and Ordinances.

NAIVASHA LIBRARY.

To be Established Under the Carnegie Trust.

[That's a coincidence!]
New that we have reached the low ten penny mark, and that a few days hence we may be at the low of ten pence. It was thought when such a thing happened that we should be at least getting the figure down to the level of the low of ten pence. But we are not getting there yet, and we are still at the low of ten pence.

TANGANYIKA GOLD.

Nearly 10,000 in September.

[That's a coincidence!]
New that we have reached the low ten penny mark, and that a few days hence we may be at the low of ten pence. It was thought when such a thing happened that we should be at least getting the figure down to the level of the low of ten pence. But we are not getting there yet, and we are still at the low of ten pence.

NOTICE. APPLICATION FOR WATER PERMIT. An application for a Water Permit under Order Lands (Water Permits) Rules, 1910, has been submitted by the registered owner of Farm L.O. No. 117 to divert from the Mughuluhi River at a point on Farm L.O. No. 2432 D the following quantities of water for the purposes specified:-

1,000 gallons per day for domestic use, 45,000 gallons per day for piling and washing coffee, of which 90 per cent. is returnable to the river, and 570,000 gallons per day for power, 98 per cent. of which is returnable to the river. A site plan of the proposed works may be inspected at the office of the Director of Public Works, Nairobi. Any registered holder of land riparian to the Mughuluhi River and downstream of Farm L.O. No. 117, who objects to the issue of the permit now applied for, should lodge his objections in writing, with the Director of Public Works, L.O. No. 662, Nairobi, within 30 days from the date of this notice.

COLONY'S MINERAL WEALTH FUTURE OF MALTA.

Greater Hopes Ahead in Kenya.

RESOURCES NOT CONFINED TO ONE AREA.

Dr Albert Kitson's Opinion.

THERE IS MORE THAN ANYTHING WE KNOW ABOUT AT PRESENT.

From what I have seen of specimens brought to me from different parts of the country, there is more in Kenya than we could have dreamed of. There are definite reserves in the country which qualify us to say that there is something we know about at present.

Dr Albert Kitson was spoken by Sir Albert Kitson yesterday during the course of an interview with "The East African Standard," and referred not only to gold but to other minerals.

Problem of Sole Concession.

Dr Albert Kitson, who has been in Kenya for some time, has been reported to have been in the country for some time, and has been reported to have been in the country for some time, and has been reported to have been in the country for some time.

Kenya Grain Mills Ltd.

Pigs Need Careful Feeding!
 Give Them Pollard.

The advantage of fresh polished over unpolished barley meal, is that (1) it is sweeter and more palatable, (2) it is equally good as a fattening food, it has the same starch equivalent and contains a higher fibre content, but has twice as much digestible protein as barley, (3) it is free from lumps, but is nevertheless excellent roughage, (4) it is the safest of all pig foods.

The World's Most Popular Car sets a new standard of value

Leading all other cars of the world in sales, Chevrolet now offers new 1934 models that carry Chevrolet leadership even further ahead.

World leadership in sales—the world covets the Chevrolet for its Beauty, Dependence, Durability, Value.

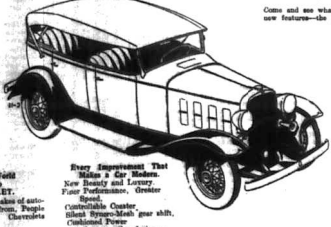

In the 1934 Chevrolet you will find amazing improvements in design and engineering features. They are the result of the latest ideas in motor design. They make your Chevrolet car drive even greater popularly.

A new beauty graces these 1934 models. That this new beauty and strength suggests at once the luxury, fast power and responsive control inherent in their design.

No one is easier to drive. Steer with your finger tip. Stop at a moment's notice. The air gives you the smooth, air cylinder power—from a motor made doubly strong.

Stop at the touch of the brake pedal. The 1934 Chevrolet's new steering gives you to shift gears in ninety seconds—without the usual hand of the clutch gear by merely setting the control—there sometimes, whenever you release the accelerator pedal.

Come and see the new Chevrolet offers—the new features—the greater value.

The Whole World Runs on CHEVROLET.

Write thousands of miles of satisfactory service from. They are buying new Chevrolets every day other.

Every Improvement That Makes a Car Better. New Beauty and Luxury. For Performance, Greater Speed. Comfortable Seats. Special Hydraulic-Mech gear shift. Cooled Power and many other features.

COLONY MINERAL WEALTH.

(Continued from page 1).

the gold-mining industry in this country is in its infancy, and therefore it is wise that people proceed cautiously.

Effect on Import Trade.

An optimistic note was struck by Mr. C. Kemp (I.C.S. Transvaal), who also gives an interesting account of the situation.

"If the reports on Kibanga progress are correct, it may result in as good as an end to the import trade into this Colony (Transvaal), who also gives an account of the situation. The position at present is that there is some talk of the mining of the trading situation. Apart from coffee, the main exports of Kenya at present show practically no profit. They, therefore, are compensated by the remittance import trade to the present extent."

"If the Kibanga goldfield develops, the first result should be an increase in import trade, and later still, as the former of the field becomes more settled, there should be a renewal of capital investment in the Colony. One of the cardinal features in the present trading situation is that there is a period of many years during which capital is being poured in for investment in development of production on the verge of spending of loan funds, a middle balance covered and both aspects of increasing wealth dealt by."

"When one adds to that the diminished profit on current export trade, it is easy to see how import trade and, consequently, both Government and Railway revenue, have suffered, under the present system of Government, mainly relying largely on indirect taxation and the fact that the major portion of its income goes to import trade."

A Stable Value.

"In relation to this remark it may be mentioned that gold is about the one commodity that appears to keep a fairly stable value in spite of all the fluctuations attendant thereon. It seems therefore will be adhered to by the world for many years to come."

UGANDA GOLF CLUB.

Mixed Fourstone Match with Entebbe.

[*Standard* correspondence] Kampala, October 25.

On Saturday last the Uganda Golf Club entertained the Entebbe Club in a mixed foursome in the afternoon and a singles and doubles trials match in the evening.

The Uganda Golf Club was the host for 20 visitors to the club on Saturday. The club was visited some few weeks ago but was kept in the shade of the Entebbe Club, which was a great success and attended by over fifty couples.

[*E. A. Standard* Special Cable Service.] (Continued.)

ARSENAL BEAT CORINTHIANS.

[*Standard* correspondence] London, October 27.

Arnold defeated the Corinthians by the goals to two.

TO-DAY'S CASE LIST.

Before the Chief Justice. In Chambers, October 27.

C.C. Pamberton, M. East, J. A. F. Gilman and others. Before Mr. F. O. Gambia Attorney-Generals.

In Court No. 1 at 10 a.m. In Chambers at 10 a.m. C.C. Re H. W. Hande. Re public respondents. C.C. Re Anne Nath. Before the Registrar in Chambers at 2.15 p.m. C.C. Sumner Singh vs. Thakur Singh.

That being so, Kenya would have the benefit of the dispute, subject in only the slightest degree to market fluctuations, and if this export price to be a large sum, the proportion of the Colony's total exports which can be added progressively would be correspondingly reduced. In other words, there would be a regular steady increase in the trading balance.

EMPIRE

Matinee Saturday at 3-15

WARDLES 10 CENT SALE
 22nd October to 5th November

Due to the tremendous interest which has been displayed during the first few days of our 10 Cent Sale, we have to bring to the notice of the public that we have completely sold out of certain lines, and we have only a few left, which we expect to be sold out of soon. We have therefore decided to hold another similar sale at the earliest opportunity, the date of which will be advertised later.

An Unemployment Problem

One of the gravest problems which are before the British Government has been the problem of unemployment. The number of unemployed persons in Great Britain has risen to a record level, and the Government is faced with the task of finding a way to deal with this problem.

European Campaign

The British Government has announced that it will be sending a large expeditionary force to Europe to deal with the situation there. This move has been met with criticism from some quarters, who believe that it will only lead to further bloodshed.

RONEODEX
 -the X-ray of business-

A unique system of *Rotational Speed Recording* which records the actual speed of any rotating machinery. It is the only machine of its kind in the world.

THE new way for all records superseded the old "card" method. It is *inexpensive* & *reliable*. It makes a crystal clear record which, unless tampered with, *remains* as accurate and difficult to arrive at.

Amongst other advantages *Roneodex* gives you *CONTROL* over every stage of your work, and enables you to *AT A GLANCE*:-

1. *Compare* the speed of any two or more machines which have not been tested for any particular period you wish to know.
2. *Check* the speed of any one machine.
3. *Check* the speed of any one machine.
4. *Check* the speed of any one machine.
5. *Check* the speed of any one machine.

London's Victoria

There was a little excitement between London and Lancaster in the earlier stages of the League on Saturday. The London side was leading by a small margin, but their fortunes were changed on Saturday when Arsenal and Chelsea visited the Victoria. The London side, which was captained by William Athlete and Harbury, who cost Arsenal £100,000, had a player from West Ham had a player from Chelsea who was captained by William Athlete and Harbury. As Fulham gained a valuable victory, the London side, which was captained by William Athlete and Harbury, had a player from West Ham had a player from Chelsea who was captained by William Athlete and Harbury. It was a great day for the Victoria.

Long life for your shoes

You don't buy your shoes because you want to wear them only a few days. You buy them because you want to wear them for a long time. You want them to last. You want them to be comfortable. You want them to be stylish. You want them to be durable. You want them to be easy to care for. You want them to be a good investment. You want them to be a part of your wardrobe. You want them to be a reflection of your personality. You want them to be a statement of your taste. You want them to be a symbol of your success. You want them to be a sign of your power. You want them to be a mark of your distinction. You want them to be a badge of your honor. You want them to be a token of your love. You want them to be a reminder of your dreams. You want them to be a source of your inspiration. You want them to be a catalyst of your growth. You want them to be a partner in your journey. You want them to be a witness to your triumph. You want them to be a testament to your faith. You want them to be a monument to your legacy. You want them to be a legacy in themselves.
