### The POLICY OF KILLING GERMAN.

#### Maintaining our Armies in the Field.

#### PARLIAMENTARY TOPICS

(From Our Own Correspondent.)

London, September 21. People are becoming impatient with the progress of the war. The only consolation is that the enemy is on the way. #### THE BANKS.

Most of the papers are now agreed that the situation of the banks is not so serious as it was. The banks are now in a position to meet their obligations. The banks are now in a position to meet their obligations.

#### NO "PITCHED-UP" PRACE.

You need only glance nowadays through a paper to see a "pitched-up" price. The price of a commodity is now a "pitched-up" price. The price of a commodity is now a "pitched-up" price.

**A LARGE CONSIGNMENT ACTUALLY HERE**

Months have elapsed, since we said good-bye to our last TEMPUS WATCH, and never a day has passed, but what we have had numerous enquiries for these popular Timekeepers. We are pleased to state that numbers of our customers have had their orders REGISTERED, rather than accept a substitute. No other watch is just as good as the price, and many watches costing a great deal more simply stop with amazement when introduced to our "TEMPUS," and sad to relate, some never go again.

THE delicate nature of Royal Vinolia Solidified Brilliantine, and its freedom from heavy grease, make it most attractive for dainty toilet. It is not only more convenient for use than any liquid preparation, but it makes the hair more supple and glossy, without giving it an oily or greasy appearance. Though solidified, it disappears completely on application to the hair, imparting a soft, wavy texture and appearance. Its regular use makes dandruff impossible.
