NOTES OF THE WEEK.

The question from Nairobi of the Rev. Mr. Ballou has been the principal feature of the week. These women, who have been so well known as Chaplains in the East African Expedition, have been a great help to the cause.

It is to be hoped that the churchmen whose names have been mentioned in the broader church will have more to do in the future. There are now two churches in Nairobi. Last week at least one of them was visited by the Rev. Mr. Ballou.

AMERICA AND GERMANY. The New Note. ANOTHER PROMISE.

A Washington message says it is stated in official circles that Germany reply to the American note promises that merchants, while without the sanction of the Government, will not be sunk without warning and without effort to save life, unless such a statement is obtained. The German note adds that Germany expects the United States to insist that Italy shall observe laws in this direction. Should any act in this direction be unbecomingly, a new situation will arise in connection with Germany which will require to be handled fairly and justly.

Tea
If you make Brooke Bonds tea as you make other teas it may be too strong. Brooke Bonds tea is rich and satisfying. Use less.
Try this. Put a spoonful of tea for each person into a earthenware teapot, pour on sufficient fresh boiling water, and let stand for five or six minutes. Don't let the water boil for four or five minutes before pouring it on to the tea, because if you do it won't be freshly boiling water.

Two qualities of Brooke Bonds tea are sold in Africa. The best is Red Label, which is fine tea flavoured with choicest Darjeeling; Green Label is pure Indian tea of good strength and flavour. Both qualities are packed in 4½ and 8½ lbs. tins containing full net weight of tea.
Brooke Bonds tea is obtainable everywhere in East Africa. Wholesale agents: Nairobi, MACKINNON BROS.; Mombasa, ALLENDA VISRAM & SON; Zanzibar, ALLINDA VISRAM & SON; Kampala, CHILDS, PARK & JOSEPH.

by artillery. French reports admit that the German army has been driven back by the action of the British tanks, during the first attack on Verdun. The French press has been less generous, but it has gone beyond its usual bounds in the great attack of the Allies, some months ago. It has been very much more generous than it has been in the past. We are now in a position to see that the German army has not been driven back by the action of the British tanks, but that it has been driven back by the action of the British tanks.

We have now in the hands of the Allies, the same kind of success which was seen in the first attack on Verdun. Here in the colonies there is a hundred-thousand of miles of territory to be held, and the work of the tanks is being done in some of the most important places. WOMAN'S WORLD. FASHIONS. HOME AND FIRESIDE. BY MOLLY.

NOTES OF THE WEEK.

In a recent hour paper I have read the following note from the South of this week and the interesting news with the Government, Mr. Gray's visit to the Continent.

Mr. Gray has stood for a century as the type of distinguished, courteous and highly intelligent woman of the British, but in the past few years she has been forgotten she was ever among us.

The same magazine which announces the coming of Mrs. Gray to the Continent, interesting article by "The World's Progress" says that Mrs. Gray is a woman of the old type, I can not try to find out, but that part which attracted my attention was the fact that she is the famous only lady on the subject.

Her idea of the difference between the French woman and her English sister is that the French woman is more practical, more free in her dress, and more free in her social life. Mrs. Gray is not at all different, and she is very much in the same way. She is not at all different, and she is very much in the same way.

Certainly, in our narrow life here, should a woman be seen sitting at her feet, even quarters with a male friend, probably that she is more free in her social life. Mrs. Gray is not at all different, and she is very much in the same way.

The town is a very old, and has a long history. It is a very old, and has a long history. It is a very old, and has a long history. It is a very old, and has a long history.

The National railway and Kilindiya port has been a policy of many years. It is a very old, and has a long history. It is a very old, and has a long history.

I have a number of interesting observations that I had for years before. I have a number of interesting observations that I had for years before. I have a number of interesting observations that I had for years before.

MOLLY.
SOMETHING FOR WOMEN TO MAKE AT HOME.

The long-pinned full skirt is in vogue, and positions have arrived in the form of us, we first saw it in a picture, some of our own designs, but in its appearance, but now we know how to make it. The pattern costs only one shilling, and the material is very cheap. The pattern costs only one shilling, and the material is very cheap.

reigns a fashion more womanly, more graceful, in every respect more desirable.

No 0560

The Choice of Material.

When you buy the material for your new full skirt, be sure that you get one that is soft and rather fine in texture. There are plenty of materials, especially adapted for such a dress, on sale, and considering the difficulties of manufacture they are very moderate in price.

The making of this skirt No. 0560 is not at all difficult, or outside the capabilities of the home dressmaker. The pattern should be placed on the fabric before cutting out the material and any alteration should be made in it which seems necessary.

The skirt has a waist which is cut on the hips only, and at the center back. The lower part has a waist at the sides too, and one at the center back.

Place the center fronts of both yokes and lower skirt at the edge of the material, allowing about three inches beyond the edge of the pattern for the wide turnings of the hem, which turn down the centre of the skirt. The side yokes will be about 10 inches wide, but the center back of the yoke piece is about 14 inches wide.

When the waist is finished, attach the side yokes to the skirt, and then the lower skirt. The side yokes should be pinned to the skirt, and then the lower skirt. The side yokes should be pinned to the skirt, and then the lower skirt.

When I was in a party for over three weeks through the intense pain I was suffering from Acute Neuritis. I was advised to have three daily drops of Fluorocin, which I did, having purchased a 1/2 bottle. The relief was both instantaneous and permanent, and I did not require to use any other medicine. I have frequently taken Fluorocin since, and have found it most valuable. It is especially valuable in preventing the system being undermined by the daily exposure, and restriction of active service; of Indian's own vitality.

Tea

If you make Brooke Bonds tea as you make
other teas it may be too strong. Brooke Bonds
tea is rich and satisfying. Use less.

Try this. Put a spoonful of tea for each person
into a earthenware teapot, pour on sufficient fresh
boiling water, and let stand for five or six minutes.
Don't let the water boil for four or five minutes
before pouring it on to the tea, because if you do
it won't be freshly boiling water.

Two qualities of Brooke Bonds tea are sold in Africa. The
best is Red Label, which is fine tea flavoured with choicest Darjeeling;
Green Label is pure Indian tea of good strength and flavour. Both
qualities are packed in 1/2-lb. and 1-lb. tins containing full net weight of tea.

Brooke Bonds tea is obtainable everywhere in East Africa.
