MONDAY, SEPT. 9, 1918. LUMBWA MURDER CASE. A Few sidelights of the trial. HUMOROUS INTERLUDES.

Owns largely to the fact that it was possible to dispose with the dry suit, and the other part made with the Lumbwa murder trial in London.

Headier funny moment occurred later when the witness turned the tables on counsel for the defence by referring to counsel as "my witness."

After on a jurymen asked in astonishment as to whether he was present in court for a moment, whereupon His Honor gave instructions to the jury.

A lengthy argument ensued when Mr. Allen asked the question of admissibility of his evidence, and Mr. Allen's question was overruled.

LUMBWA TRIAL. Verdict. Watts Fined Rs. 1,000 for "Simple Hurt."

BESCHTARF FREE. EXTRAORDINARY VERDICT.

(FROM OUR SPECIAL CORRESPONDENT.)

NARUKU, Sept. 7. The fourth day of the Lumbwa murder trial was opened this (Saturday) morning by Mr. Allen, who called Mr. George William Jeffrey who said he had been working for the late Mr. H. H. Hume recently at Lumbwa Farm; he was at present running the Lumbwa farm for Mr. H. H. Hume. He drew the plan produced in Court. He was at 'Watts' farm on March 24th and noted there were only three inches of water in the mill flume. There had been no rain on the night between that date and April 2nd, and it would be impossible for water to be waist high as Hume had been told.

A native named Mubomehi bin Bwana said he used to work for Watts, who he was called Hume. He had since become converted to a Kikuyu.

It was remembered being told by a Kikuyu boy of the alleged story at 'Watts' farm. He went to the mill race and saw the man in him the place where the thief was caught and blood marks on the ground.

Mr. Allen asked Mr. Hume if he had any objection to the witness giving evidence. Mr. Hume said he had no objection. Mr. Allen then asked Mr. Hume if he had any objection to the witness giving evidence.

Save Money

Every penny saved to-day helps to win the war, and, therefore, health must be preserved by every British throughout the Empire. In these days of high-priced foodstuffs, a small illness at the end of the month, after household expenses have been met, is the exception. We can help to make it the rule by bringing in buying, and the fact that we cater for large families, ensure economical living, and money saving.

The Art of 'CARRYING ON'

Now that the price of wool has advanced so much as to place it beyond the reach of all but the very rich we are faced with the problem of 'Carrying on' with substitutes. We give below three wool substitutes recently brought out by English Manufacturers. The new 'Twillinta' will appeal specially to Mothers who have to find warm healthy garments for the little ones. 'Twillinta' is ideal for Pyjamas, Night dresses, Vests and Combinations.

<h3>W. L. 100</h3> <p>The Famous Underwear that has become so popular in B.E.A.</p> <p>The warm days followed by cool evenings and cold nights make it absolutely necessary to guard against chills.</p> <p>W. L. 100 provides all the coolness of their cotton underwear for the day with the warmth and chill resisting properties of wool for the night. It is an ideal combination of the two materials.</p> <p>In men's sizes only.</p> <p>Vests Drawers Rs 3-95 each.</p>	<h3>"TWILLINTA"</h3> <p>A new production—soft twill finish, in a wide range of narrow or wide stripes.</p> <p>Twillinta is not wool but it has the soft warm absorbent properties of wool and will not shrink. An ideal material for Shirts, Pyjamas, Yests and other garments for which Flannel is used.</p> <p>29 inches wide. Re. 1-90 yard. Samples sent on application.</p>	<h3>"SOLUNA"</h3> <p>A new Flannel with soft Twill finish.</p> <p>"Soluna" contains a percentage of wool—and the special soft finish, which our English Mills excel in, makes it almost equal to pure wool in everything but price.</p> <p>For Men's shirts and pyjamas, Ladies' Blouses and Night Dresses, Children's Sleeping Suits etc: it is one of the best material at a very moderate price.</p> <p>30 inches wide Rs. 2-75 yard Samples sent on application.</p>

MAUD ALLAN TRIAL
Full Report of London Proceedings

(Continued from Monday.)
Mr. Billing asked whether Mr. Allan agreed that she was guilty of the "The Vision of Salome" case.
Miss Allan: Only by comparison I was a ponce in art, and the same center who said I was scantily clad would now say I had too much on.
The Judge: Do you mean that other people on the stage have been on than you? People have taken off more than I have ever attempted to take off in London.
On Mr. Billing's suggestion Miss Allan described her costume in that dance. The gown was of black tulle—do you know what that is?—very heavily embroidered with gold and jewels. My string from my waist to my ankles, and I had a bodice of fine chiffon with jewels that made it very heavy. It had beads all about me. My back was exposed with the exception of beads which came across to hold the dress.
Miss Allan said she had danced before King Edward and Queen Alexandra in this country—where? At Lord Dufferin's.
Dealing with the alleged libel the dancer said she considered it linked by the fact that she had been referred to. She knew the play had been banned in the country for a number of years, but she thought that was because it was based on a biography.

ROOKE CASE
Fettlers Meeting Demands Inquiry
NJORO ACCIDENT

A public meeting held under the auspices of the Maitre-Gouverneur on Saturday morning. The fact that the Lunenburg mules case was proceeding at a snail's pace, and that the time wasted was a large attendance, but there were about 200 persons present, and Mr. A. H. Rooker was the speaker. He was met by Mr. R. E. Edmondson and Mr. A. H. Rooker at the address on closer co-operation. He appealed to all to think their differences, and urged those more towards remaining outside the Association to come in and strengthen the body.

An excellent speech in every way was made by Capt. Douglas of Kiderley, who dealt with the fallacy of the settlers trying to run before they had learned to walk. He pointed out that the Lunenburg Association was the only real live association in the country, and if they were to be taken into consideration they would be a great future. Any attempt to present to combine growers of all the country would be a waste of time. In this connection he detailed his own experience with the Lunenburg Association, and stated that he would be glad to expand to rapidly they would be able to eliminate the middleman. He was all in favor of the Lunenburg Association, and stated that he would be glad to expand to rapidly they would be able to eliminate the middleman. He was all in favor of the Lunenburg Association, and stated that he would be glad to expand to rapidly they would be able to eliminate the middleman.

NEWS IN LONDON
How the Great Victory was Received
140,000 PRISONERS

(WHICH WE CAN SEND YOU) LONDON, Sept. 7. While Berlin was in the throes of its final effort to deny the Allies, and London took the news with perfect ease, and no demonstrations throughout the town, receives the news of the German rout and the magnificent victories of the Allies with a suggestion of mingling joy and grief.

But though there is no outward manifestation of triumph the exultation of deepest thankfulness and pleasure is to be seen on every face and in an every tongue. The windows of shops, the windows of houses, the windows of public offices in Fleet Street, and the large squares of the city, are all decorated with the paper (shards) are all eagerly snatched up that they may fall to read the cutting of the news.

London's exultation is intense and triumph is in remarkable degree. The people are not only jubilant but are generally impassioned (deliberately) in their praise of the Government and its agents. It has been their side of victory had come in.

The Art of 'CARRYING ON'

Now that the price of wool has advanced so much as to place it beyond the reach of all but the very rich we are faced with the problem of 'Carrying on' with substitutes. We give below three wool substitutes recently brought out by English Manufacturers. The new 'Twillinta' will appeal specially to Mothers who have to find warm healthy garments for the little ones. 'Twillinta' is ideal for Pyjamas, Night dresses, Vests and Combinations.

W. L. 100

The Famous Underwear that has become so popular in B.E.A.

The warm days followed by cool evenings and cold nights make it absolutely necessary to guard against chills.

W. L. 100 provides all the coyness of their cotton underwear for the day with the warmth and chill resisting properties of the wool for the night. It is an ideal combination of the two materials.

In men's sizes only.

Vests Drawers Rs 3-95 each.

"TWILLIN"

A new production—soft twill finish, in a wide range of narrow or wide stripes.

Twillinta is not wool but it has the soft warm absorbent properties of wool and will not shrink. An ideal material for which Flannel is used.

30 inches wide.

Rs. 1-90 yard.

Samples sent on application.

"SOLUNA"

A new Flannel with soft Twill finish. "Soluna" contains a percentage of wool—and the special soft finish, which our English Mills excel in, makes it almost equal to pure wool in everything but price.

For Men's shirts and pyjamas, Ladies' Blouses and Night Dresses, Children's Sleeping Suits etc. it is one of the best material at a very moderate price.

30 inches wide

Rs. 2-75 yard.

Samples sent on application.

Save Money

My penny saved today helps to win the war, and, therefore, it must be credited by every Britcher throughout the world. In these days of high-priced foodstuffs, a credit note of this kind is the most useful thing that a man can have. It is the only thing that a man can have that will help him to save money. It is the only thing that a man can have that will help him to save money. It is the only thing that a man can have that will help him to save money.

The Art of 'CARRYING ON'

Now that the price of wool has advanced so much as to place it beyond the reach of all but the very rich we are faced with the problem of "Carrying on" with substitutes. We give below three wool substitutes recently brought out by English Manufacturers. The new 'Twillinta' will appeal especially to Mothers who have to find warm healthy garments for the little ones. 'Twillinta' is ideal for Pyjamas, Night dresses, Vests and Combinations.

W. L. 100

The Famous Underwear that has become so popular in B.E.A.

The warm days followed by cool evenings and cold nights make it absolutely necessary to guard against chills.

W. L. 100 provides all the coolness of their cotton underwear for the day with the warmth and chills resisting properties of the wool for the night. It is an ideal combination of the two materials.

In men's sizes only.

Very Drawers Rs 3-95 each.

"TWILLINTA"

A new production—soft twill finish, in a wide range of narrow or wide stripes.

Twillinta is not wool but it has the soft warm absorbent properties of wool and will not shrink. An ideal material for shirts, Pyjamas, Vests and other garments for which Flannel is used.

30 inches wide.

Re. 1-90 yard.

Samples sent on application.

"SOLUNA"

A new Flannel with soft Twill finish. "Soluna" contains a percentage of wool—and the special soft finish, which is almost equal to pure wool in everything but price.

For Men's shirts and pyjamas, Ladies' Blouses and Night Dresses, Children's Sleeping Suits etc. it is one of the best material at a very moderate price.

30 inches wide

Rs. 2-75 yard.

Samples sent on application.

The Art of 'CARRYING ON'

Now that the price of wool has advanced so much as to place it beyond the reach of all but the very rich we are faced with the problem of 'Carrying on' with substitutes. We give below three wool substitutes recently brought out by English Manufacturers. The new 'Twillinta' will appeal specially to Mothers who have to find warm healthy garments for the little ones. 'Twillinta' is ideal for Pyjamas, Night dresses, Vests and Combinations.

W. L. 100

The Famous Underwear that has become so popular in B.E.A.

The warm days followed by cool evenings and cold nights make it absolutely necessary to guard against chills.

W. L. 100 provides all the coolness of their cotton underwear for the day with the warmth and chill resisting properties of wool for the night. It is an ideal combination of the two materials.

In men's sizes only.

Vests Drawers Rs 3-95 each.

"TWILLINTA"

A new production—soft twill finish, in a wide range of narrow or wide stripes.

Twillinta is not wool but it has the soft warm absorbent properties of wool and will not shrink. An ideal material for Shirts, Pyjamas, Vests and other garments for which Flannel is used.

39 inches wide.
Re. 1-90 yard.

Samples sent on application.

"SOLUNA"

A new Flannel with soft Twill finish. "Soluna" contains a percentage of wool—and the special soft finish, which our English Mills excel in, makes it almost equal to pure wool in everything but price.

For Men's shirts and pyjamas, Ladies' Blouses and Night Dresses, Children's Sleeping Suits etc. it is one of the best material at a very moderate price.

30 inches wide
Rs. 2-75 yard.

Samples sent on application.

 Full Report of London Proceedings

(Continued from Thursday.)
 The witness went on to say that before the article in the "Vigilante" was presented, Mr. Pemberton intended to file a copy of the telegrams to Mr. Arnold White. Mr. Hume-Williams—Who as he has been fighting German influence in England for many years. In what capacity?—As a published spurted Englishman. One of the following.

He does not hold any official official position?—No, that is why. Mr. Hume-Williams—I expected you to say that.
 How did you find the existence of the plot to bring Mr. Aguirre back to power to control Government?—A sudden guess.
 I said a corrupt party and an affair out of ideas of corruption, not the same.
 Mr. Hume-Williams—You hope now?—When did you get your information from?—I got it in pursuance of my duties as a political officer.
 From whom?
 The witness hesitated.
 Mr. Justice Darling—Answer that question, please.
 The witness—You are very anxious, my Lord. I got the information from abroad.
 From Mr. Hume-Williams—From whom?
 The witness—Am you asking on behalf of the German?—No. Mr. Justice Darling—Believe yourself properly and answer the question.
 The witness—From certain people, I believe, certain members of the American Embassy in Rome at a dinner in Rome on July 7, 1917.

CIVIL SERVICE SOCIETY
Request for Concessions Deleted From Rules

With reference to our remarks on Saturday concerning the Civil Service Co-operative Society, we understand that no concessions are now being sought. The position is that the Society has been formed purely and simply for the benefit of members of the Civil Service, and is prepared to commence operations on exactly the same basis as any other business concern. The submission of a request for certain concessions, to which we drew attention, only appeared in the Society's original draft rules. The request was sent forward, but was refused by Government, and the amended rules, as they now stand, contain no reference to the matter. This effectively disposes of the impression that the newly formed Society will enjoy preferential treatment.

Save Money

Every penny saved today helps to win the war, and, therefore, should be granted by every Britcher throughout the Empire in these days of high-priced foodstuffs, a credit balance at the end of the month, after household expenses have been met, is the exception. We can help to make it the rule. Instead of buying and the fact that we cater for large numbers, ensures economical living, and money saving.

'Sweet Lavender' Underwear

For Ladies and Children.

'SWEET LAVENDER'—The name conjures up memories of all that is sweet and fragrant in Old England. The blue of an English sky reflected in the fragrant blooms of this typically English flower. Its perfume brings back memories of our careful grandmothers busy in their linen cup-boards where the lavender and rosemary kept guard against the intrusions of "moths of silver grey."

'SWEET LAVENDER' UNDERWEAR is just as essentially English in its quiet simplicity and exquisite quality, and has an appeal to the true Englishwoman far stronger than the more flimsy and elaborate French creations of to-day.

SWEET LAVENDER UNDERWEAR is made from the very finest cotton, in quality and texture almost equalling fine linen cambric. The trimmings are never ornate or vulgar—laces and embroideries of the best with the indescribable touch of good taste that marks the best of English workmanship.

FOR LADIES, Nightdresses, Chemises, Combinations, Kitchers, Petticoats, etc.

FOR CHILDREN Night dresses, Chemises, Drawers and Petticoats.

Ladies' SILK Hosiery.

There is something about pure silk that makes a special appeal to the feminine mind, and silk hosiery has become a necessary part of a modern woman's dress. Japan produces some of the very best and our latest consignment from the Far East includes a wide range of colourings and sizes at a very moderate price. These stockings are pure silk and about one third the price of English or French silk. Colours—Black, White, Tan, Violet, Champagne Grey and Violet. PRICES, 4-95 pair.
