THE British Soldier is used to having
the best. His whole equipment
from his service cap down to his boots
is the best which the British Govern-
ment can procure. So, too, when he buys
soap, he buys the best—

Sunlight Soap

He knows that it is the strongest and
most effective in action. He knows that
he could not obtain the same results
with cheaper soaps, just as he could not
obtain the same results with a cheaper
rifle, a cheaper bayonet, or a cheaper
pair of boots.
