AS WOOL GROWS DEARER LUX GROWS IN IMPORTANCE

Scarcity of wool means dearer clothes. The dearer the material the less one can afford to run any risk of it being spoiled in the wash. Economise by washing all your woollens and dainty fabrics with LUX. It will double their life and in addition, the rich lather preserves the soft fleeciness of woollens, the fresh faintness of delicate fabrics and IT WON'T SHRINK WOOLLENS.

B. E. A. CURRENCY.

Penalties of Rupee Coinage.

MAJOR WARD'S VIEWS.

The following memorandum on the currency system by Major Ward, was considered at a recent meeting of the East African Committee of the London Chamber of Commerce...

The development and colonization of British East Africa (understood and interpreted for by those who have passed through the Uganda Railway scheme) has always been principally European.

The point has now been definitely reached when the Uganda Railway, as the sole who administration of British East Africa, is of importance, not only from the point of view of imperial strategy, but from the point of view of economic development as an enterprise to the East and West.

By the unhappy chance which has befallen British East Africa the rupee coinage is the only one in vogue in the country.

It is impossible to produce locally, so that it should be obtained from South Africa, Simbabwe, or the East African Provinces should normally find a ready market for their goods.

WOODEN TOYS.—Wheat-barns, Engines at 8-50, 19-75, 22-75, Motor cars at 9-50, 19-75, 22-50, Push carts at 10-50, 12-50, 17-50.

TEDDY BEARS.—Dogs carts, Rabbits, etc., etc. Prices: 2-50, 3-95, 5-95, 6-75, 7-95, 9-75, 12-95, and 15-75.

being impaired by the war, the rupee exchange rate has fallen to 100 cents against 100 rupees...

It is a result of long experience, it is found that exchange rates between the various parts of the Empire having a sterling currency remain fairly constant, and are at all times subject to fluctuations.

THE AFRICAN PRODUCTS. (a) The rupee's commercial influence upon East Africa is not a healthy one, this requires note of a British East Africa's main products, and only four requisites on the great Britain require.

(c) The foregoing view in the matter of the rupee's influence is not only to assist in the production of the goods, but also to help in the marketing of the goods, and to help in the production of the goods.

THE ORDER provides that the rupee should be a legal tender in the East African Provinces, and that it should be a legal tender in the East African Provinces.

has to suffer unconsciously from the rupee's exchange rate. East Africa's colonies have suffered the maximum strain of war...

THE following suggestions, passed unanimously by the East African Committee, Nairobi, are presented for the consideration of the East African Committee.

THE following view in the matter of the rupee's influence is not only to assist in the production of the goods, but also to help in the marketing of the goods.

Scarcity of wool means dearer clothes. The dearer the material the less one can afford to run any risk of it being spoiled in the wash. Economise by washing all your woollens and dainty fabrics with LUX. It will double their life and in addition, the rich lather preserves the soft fleeciness of woollens, the fresh daintiness of delicate fabrics, and IT WON'T SHRINK WOOLLENS.

LUX coaxes rather than forces the dirt from the clothes, and LEVER BROS. REPRESENTATIVE:-
