MUNICIPAL COUNCIL
Deputation to H.E. on the Ordinance

MEMBERS APPOINTED

A general committee of the Municipal Council has been appointed to consider the Ordinance proposed by the Hon. Mr. P. G. Richardson on the 10th inst., and their report was made to the Council on the 15th inst. The members of the committee are: Messrs. Wood, James, Shilling, Thacker, Smith, T. Jones, and Harcourt, and the Hon. Mr. T. Jones (Mr. Walker), who is the chairman.

The committee has considered the Ordinance with the following recommendations:—

The committee is of opinion that the Ordinance is not in accordance with the provisions of the Municipal Ordinance, and that it is not in the public interest to give effect to it. The committee has accordingly resolved to advise the Council to refuse to assent to the Ordinance, and to recommend that the Council should take such steps as may be necessary to amend the Ordinance so as to bring it into conformity with the provisions of the Municipal Ordinance.

The Council has resolved to accept the recommendations of the committee, and to refuse to assent to the Ordinance.

It had been stated that the chief aim of the Ordinance is to give effect to the provisions of the Municipal Ordinance, and that it is not in the public interest to give effect to it. The committee has accordingly resolved to advise the Council to refuse to assent to the Ordinance, and to recommend that the Council should take such steps as may be necessary to amend the Ordinance so as to bring it into conformity with the provisions of the Municipal Ordinance.

The Council has resolved to accept the recommendations of the committee, and to refuse to assent to the Ordinance.

Are You Going to Build or Repair

IF SO THIS WILL MEAN SOMETHING TO YOU

Neponset Paroid Roofing, familiarly spoken of by thousands of users throughout the world as "PARIOD." One of the first ready roofings made, and which through all these years has built up a cumulative record of quality and long service which is unequalled. Grey finish. Each roll contains 216 sq. ft. Nails and cement with each roll.

Neponset Proslate Roofing. The durability of NEPONSET "PROSLATE" is unquestioned. It is less expensive both in original cost and the cost of laying than tiles, shingles, or corrugated iron. Its rich colour makes it particularly suited to the highest class of work. Two colours in stock, dark-red and green. 116 sq. ft. per roll. Nails and cement with each roll.

Neponset Wall Boarding For panelling, wainscoting and ceiling work. It is just the thing for partitions; can be painted any colour easy to apply, extremely attractive and durable. Comes in sheets 32" wide and in two lengths 7 ft. and 9 ft.

NEPONSET roofs defy time and the elements and are useful and beautiful through the heat and rain years, and They will not catch fire from sparks.

Samples and prices of the above products will be sent to all interested.

posed an actual problem, which proved a matchless illustration of our industry. We will give a picture of the 110' for the best answer when we discuss on this subject on or before the 1st June, which solves the difficulty.

SPEEDED PROBLEM

X had a motorcycle, whose speed, both electric and mechanical, was such that it had run perfectly for eighteen months, but the engine had broken down. On being brought to the workshop, the engine, on taking off the parts, was found to be in the worst condition. The piston had broken, the valves were all tight, and the engine would not run on any fuel.

TIRE

It is far better to replace tires than to have them replaced. The tires on a motor car should be replaced when they are worn, and not when they are nearly worn. It is better to have them replaced when they are worn, and not when they are nearly worn.

THE NATIVES OF BRITISH EAST AFRICA

"Young as it is this Protectorate already has a native problem. This is probably due to the fertility and abundance of a land which allows the natives to satisfy their wants, almost without an effort. Until the native, like the white man, is compelled by economic forces to labour in order to live, this problem is likely to become more and more acute."

Get the best value in **ASK FOR "W. L. 100"** The best value in East Africa **UNDERWEAR FOR MEN** The best value in East Africa

'W. L. 100'

A perfect substitute for all wool. This Vest is made from pure Wool with an admixture of cotton. It has an absorbent and non-chilling property of Pure Wool with the additional advantages of low price and unshrinkability. The present high price of Wool has made this underwear more popular than ever.

Our Lowest Price
Rs. 4-50.

A COMPROMISE

The majority of medical men recommend wool—the majority of ordinary men in a hot climate prefer cotton. In 'W. L. 100' you get the compromise combining the good qualities of both. It has enough wool in its texture to avoid the chilling effect of cotton while the proper proportion of the two materials give it the added virtue of being Unshrinkable—it scores still further by being Inexpensive.

Our Lowest Price
Rs. 4-50.

COFFEE STEADY
The National Cash of South Africa for the latest London report on produce, dated April 25, 1919, is as follows: The probability of the production of the preliminary crop being within the work of two to six months is a fact which is likely to be of great importance. It is anticipated that the harvest is very average, but the output of coffee is not so good as last year. It is not so good as last year. It is not so good as last year.
