MERRY GOES THE TUBE WHEN THE HEART IS SURE.

IT does not need to see the children romp, and mother likes to see the fun, even if the little ones do get excited quickly in the frolic. Mother knows from experience that it is no trouble to wash the children's clothes, if Lux is used.

The constant washing in the ordinary way, with soap, soda, and starch, is so costly and thoroughly and completely ineffective in fact, that it is a pleasure to see it.

VALUE OF GOLD. French Proposal to Stabilise Exchange Rates. INDIA BUYING? Reuter in London says the "best bid" for the rupee has revived the idea in some quarters whether there may be in future a standard rupee of 2s. The Indian Government has raised the price at which it will accept imported gold to 11 rupees 10 annas per sovereign. In view of the new rate of exchange this will virtually mean the equivalent of 28s. 4d. per sovereign as far as South African gold and gold from outside India is concerned. The internal price of gold in India, however, is, approximately 15 rupees per sovereign. The "Times" is commenting upon the position, saying it remains to be seen how much gold will be imported at the Indian Government price of 11 rupees 10 annas. CONCERT BALANCE SHEET. The Editor E.A. LUX WONT SHRINK WOOLLENS

MERRY GOES THE TIME WHEN THE HEART IS YOUNG. It does one good to see the children romp, and mother likes to see the fun, even if the little garments do get soiled quickly in the frolic. Mother knows from experience that it is no trouble to wash the children's clothes; if LUX is used. The constant washing in the ordinary way would soon spoil them, but the rich LUX lather cleanses dainty frocks, pinafores, woollens, socks and stockings so easily and thoroughly, and without shrinking or damage, that it is a pleasure to use it. SOUTH-WEST PROTECTORATE AS CATTLE COUNTRY.

Francis, October 9. Dutch parties, based on the South-West Protectorate, are doing all in their power to prevent the most important speaking men from taking the North-West Protectorate, but in the North-West Protectorate, however, to the detriment of the rest of the Union. The Editor, E.A. Standard.
The article by the Chief Native Commissioner entitled "Native labour required for our native farms and other public undertakings," published in your issue of October 27, and your leading article on the same subject seem to me to require comment.

Finally, you are, I trust, the "minutes" of the meeting of the Chief Native Commissioner's Committee, published in your issue of October 27, and your leading article on the same subject seem to me to require comment. I am particularly impressed by the fact that the Government is so anxious to get the native labourer to quit the country and directly employed in the various public undertakings. I am particularly impressed by the fact that the Government is so anxious to get the native labourer to quit the country and directly employed in the various public undertakings. I am particularly impressed by the fact that the Government is so anxious to get the native labourer to quit the country and directly employed in the various public undertakings.

The "Times" daily newspaper says that the Government is introducing a bill to amend the Native Labour Act, 1911, which will give the Government the power to compel native labour to work on public works. This is a very serious step, and it is to be hoped that the Government will be able to find a more equitable solution to the problem of native labour.
