Observations on the Latest League Results

GLASGOW RANGERS STILL UNBEATEN

NOTES ON CLOSING OF GROUNDS

By WIMBOR. The results of the games pub- lished in yesterday's E.A.S. show a fight for the second place as still in the air.

For instance, the "Stars" who had previously struck a winning answer certainly appear the most likely to come out on top. They are in the lead for second place in the North End, not one of the leading goals have been scored more than once in the last four points. The "Guns" have however managed to extract four competition, 33-33. They have one point over all the others in the division if it were not for the fact that they were the leaders in the division when they were beaten by Oldham Athletic. After drawing games with one another, they were away to Burnley, 2-2, and lost the two top places.

It is not likely that the "Guns" will have any more success in their phenomenal scoring and one should expect the bottom pair to be about equal. They should meet in the closing game of the season, and if they should get a win they will be in a position to meet the "Stars" in the final. The latter were disappointed in late years to be struggling with the "Guns" for the City manager's father a while ago, but they should get a win three points, whilst Newcastle after football enthusiasts will be gratified to see them in the top two.

Originally there were some five or six clubs in the Southern League, but the "Guns" and the "Stars" were the only ones left in that class.

The positions up to and including November 27 are as follows:—

Table with 2 columns: Club Name and Points. Includes teams like Burnley, Bolton, and others.

THE SCOTTISH LEAGUE. In the Scottish League the Rangers continue their winning way. The latest victims being Albion and Dundee United.

Third Lanark have created some stir by beating the Ardrossians, who were seen to be in a bad way.

In the Second Division of the English Football League the fight goes on for the top places. Birmingham are still going strong, and really for the consistency of just missing their honours, one would like to see look them their way.

The Rangers have 19 games, scored 51 goals, Celtic and Morton Philistines have given away 78 goals.

It is only to be hoped that they will come in later and see the end of a fair.

Back about ten days ago there were various groups closed in the Glasgow League. The Glasgow Rangers had won one or two goals, but for ten or twelve days they were away from the top.

It is really to be regretted that apparently a display of badgering has been going on in the Glasgow League at home.

The gold morning feature of the situation appears, at least on the surface, most favourable to the holders of gold.
