It was from a Manufacturing Director: Here it is, which he says: My income is over £1,200.

GLENN TUCKER BROWN. Another instance of material benefit derived from Palmistism is given in the following letter. It clearly shows that the man or woman who conscientiously studies Palmistism, is not only able to get on in the world, but to get on in the world in a way that is not only profitable, but also enjoyable. You can study the "Billie Gray" books (trained psychics) at the moment of the day. Minutes wherever you are can be invested in their study and yield you a golden reward.

Income over £1,200 a Year more
SPECIAL OFFER TO READERS.

A letter recently received at the Police Institute gave praise to a staff in whom reports of the income tax returns have been submitted a common place. The Police Institute has some Director. How it would be said—My income is over £1,200 a Year more—than the ordinary in the land, practical teaching of the Police Institute is the income tax returns of the Police Institute that this letter.

CLEAN TRIBLES INCOME.
Another instance of material benefit derived from Felimanin is given in the following letter. It is clearly shown that the Police Institute has a trained staff who receive immediate recognition from the Director for the sake of the Police Institute. In this instance a clerk writes: "I am deeply indebted to the Police Institute, as they have given me the means to get my income tax returns. I have more than tripled my income, which is due solely to your teaching."

FINANCIALS AS A HOBBY.
Felimanin in the career study to the world is a sought after by correspondence, and every student has individualized, personal tuition from one of a large staff of expert University-trained professionals. You can study the "little grey books" anywhere at any old moment in the day. Minutes otherwise wasted can be devoted to their study and yield you a golden reward.

Special Offer to Readers of "The East African Standard"
The Proprietors of the EAST AFRICAN STANDARD have pleasure in announcing that they have completed arrangements whereby Felimanin can be brought within easy reach of East African residents.

Heretofore there has been a delay of from four to six months in procuring a course of instruction, two months to get a prospectus from Durban (the nearest Felimanin branch), and another two to three months awaiting the book and getting the books. Now this long delay is obviated. The STANDARD is now furnished with a plentiful supply of prospectuses and initial lesson books. Right up to the moment here in Nairobi and all the various day areas away.

Furthermore, owing to the stabilizing of the rate of exchange the STANDARD has secured special terms for its readers. The £1.50 Course can be obtained through "The Standard Office" at Sh. 50. This offer only holds good for a limited period, and readers who are conscious of the universal need for Felimanin should seize the opportunity now.
