Hopes of Peace Still Entertained

MINERS' ATTITUDE ON PUMPMEN.

VOLUNTEERS NOT TO BE MOLESTED

FROM OUR OWN CORRESPONDENT

London, April 10. The position of the coal crisis is still obscure, and there are many conflicting reports. There is a ray of hope in the fact that the Miners' Federation have issued orders to their members not to interfere with the volunteers operating the pumps, although the miners themselves are not allowed to work the pumps.

It is possible that negotiations will be re-opened to-morrow, but the Government is taking every precaution to prevent "striking miners' action."

(Duncan Baxter's Account.)

London, April 9. The discussion of the coal crisis was opened by the Leader of the House, Mr. A. Chamberlain, who said that a humble address by the Miners' Federation had been received by the Government, and that the Government was declaring the intention of the Ministry. Chamberlain stated that the Government was not prepared to accept the terms of the Federation's proposals, but that it was willing to consider any reasonable proposal which would bring about a settlement of the coal crisis. He said that the Government was not prepared to accept the terms of the Federation's proposals, but that it was willing to consider any reasonable proposal which would bring about a settlement of the coal crisis.

THE EAST

AFRICAN STANDARD

WEDNESDAY, APRIL 13, 1922.

WE will today extract from an extract from the Standard of the 12th inst. issued by the Editor of the Standard for the 12th inst. in connection with his present mission to the East. We do not know what the Standard has to say about the public, since we are not in a position to see it. But the publication now before us is highly commendable in its attempt to give a true and accurate account of the situation in the East. It is a most interesting and valuable contribution to the knowledge of the East. It is a most interesting and valuable contribution to the knowledge of the East. It is a most interesting and valuable contribution to the knowledge of the East.

STANDARD NOTES.

Monday evening members of the "Kiboko Club" were invited to a meeting of the Standard.

Lady Norbury and the Committee of the Lady Norbury Home for children will be at home tomorrow, on the occasion of the opening of the new Home, at 4.30 p.m., when all interested are invited to attend.

Two cases of pneumonic plague reported to the Medical Health Officer yesterday. Both victims were natives of the S. A. R. lines and the other from General Edwards.

The following team has been selected to play for East Africa against the F. C. S. team on Friday night:—Morgan, Hodge and Wade. Montague and Adams. Green, Goodwin, McVey, O'Keefe and Miller.

The following delegates have been selected to represent the Nairobi Political Association at the meeting of the East African Council, to be held at Nairobi, on the 15th inst. The delegates are:—Messrs. Buchanan, Innes, and Mr. Macgregor as an alternate delegate.

His Excellency the Governor accompanied by Lady Norbury, Mr. and Mrs. Martin, Capt. Caldwell and Mr. Sandford, left Nairobi for the East on Monday. They were the guests of Major Wade, Montague and Adams. The party arrived in Mombasa on the 12th inst. and will have established their headquarters in the most delightful district in Kenya.

Great dissatisfaction is felt at the fact that the East African Council has not yet been formed. The Nairobi Political Association has been asked to nominate a delegate to the Council. It is hoped that the Council will be formed in the near future.

The following team will turn out for the A. A. C. on Friday night:—Morgan, Hodge and Wade. Montague and Adams. Green, Goodwin, McVey, O'Keefe and Miller.

RAILWAY POLICY.

Colonel Hammond's Instructions from Colonial Office

THREE COUNTRIES "A SINGLE WHOLE."

FUNCTIONS OF THE BOARD.

Policy will be found in the instructions given by the Secretary of State to the Colonies...

The work which you would be required to carry out is as follows: (1) Generally to report on the possibility of improvement in all the lines...

STATUS OF COUNCIL. By this means the Council would be sufficiently independent of the Executive Government...

NOT AN INSTRUMENT OF TAXATION. Hence, as the railway is not the property of the Government...

CONSIDERATION OF ESTIMATE. To avoid this embarrassing and un-desirable arrangement I would recommend the following procedure...

DISCUSSION BY PUBLIC. By leaving plenty of time between the publication of the estimate and the discussion in the Council...

RAILWAY AND MARINE. The Railway Council, the Marine Council, the Colonies Department, and the Secretary of State...

GENERAL MANAGER'S POSITION. It would be desirable to allow the General Manager to remain in the Colonies...

PRIVATE RAILWAYS TAKING PART. The Government should be invited to take part in the Railway Council in all matters relating to private railways...

PUMPS. CAR LIGNMENT CYCLE. Mr. Davis would not usually trans-

each particular member of the Council as a whole?

Mr. J. P. Anderson said he had had time to draw up some resolutions to be presented to the Council...
