KILINDINI

10,000 MILES

IS GOODYEAR TYRE AVERAGE.

Where road conditions are ideal naturally pneumatic tyre will give longer and more satisfactory mileage. Rough, rutty or stony roads increase both tread and fabric wear. But a fair idea of what Goodyear tyre can average from all kinds of roads in all parts of the world is given by a course recently completed, where courses from all parts of the world were controlled and facts obtained. This data showed the average life of Goodyear tyre to be 1074 miles.

All weather tread covers	Heavy Tourist Tubes.

10,000 MILES

IS GOOD YEAR TYRE AVERAGE.

Where road conditions are ideal naturally pneumatic tyres will give longer and more satisfactory mileage. Rough, rocky or stony roads increase both tread and fabric wear. But a fair idea of what Good Year tyres can average from all kinds of roads in all parts of the world is given by a curve recently completed where owners from all parts of the world were consulted and facts obtained. This data showed the average life of Good Year tyres to be 6074 miles.

All weather tread covers.	Heavy Tourist Tyres.
30 x 4	9
31 x 4	130
32 x 4	128

Several of these properties have been early application is therefore advised.

J. C. GOVERDALE Land agent.
Box 888. NAIROBI.

OFFICIAL QUARTERS

Although many important matters have been under consideration since the meeting of the Council on the 21st inst., the only business of importance that has been dealt with is the question of the Official Quarters. The Council has decided to refer the matter to a sub-committee to be appointed by the Council to inquire into the matter and to report thereon to the Council at its next meeting.

The sub-committee will consist of the following members:—

The Council has also decided to refer the matter of the Official Quarters to a sub-committee to be appointed by the Council to inquire into the matter and to report thereon to the Council at its next meeting.

Dealings with the materials required may be at once admitted that it was necessary to purchase the most important of these, there would be good grounds for defining the project still better than that.

It can hardly be said that that houses built of coral stone have not been the cheapest to build, but are also of the most suitable type for the Coast. For this reason, it is suggested that the project still better than that.

The requirements are suitable designs by an architect, fresh land to a readily accessible point and the various essential commodities for the way of building materials and labour.

The first point to be considered is the Government Architect of the Government. It is suggested that the Government Architect should be consulted at an early stage in the project, so that the designs and estimates prepared by him may be in accordance with the requirements of the Government.

The second point is suitable sites, which will be dealt with by Mr. B. B. Brown, who is the Government Architect. It is suggested that the Government Architect should be consulted at an early stage in the project, so that the designs and estimates prepared by him may be in accordance with the requirements of the Government.

As to labour, skilled and unskilled, the Government should be consulted at an early stage in the project, so that the designs and estimates prepared by him may be in accordance with the requirements of the Government.

10,000 MILES

IS GOODYEAR TYRE AVERAGE.

Where road conditions are ideal naturally pneumatic tyre will give longer and more satisfactory mileage. Rough, rutty or stony roads increase both wear and tear. Goodyear's fair run of 10,000 miles is given by a course really completed where course from all parts of the world were so varied and facts obtained. This data showed the average life of Goodyear tyre to be 9974 miles.

All Weather tread covers	Heavy Duty
30 x 3 1/2	9
31 x 4	14
32 x 4	130
33 x 4	130
34 x 4	130
35 x 4	130
36 x 4	130
37 x 4	130
38 x 4	130
39 x 4	130
40 x 4	130

CHILDS & JOSEPH, AGENTS.

Goodyear pamphlets tell you how to obtain utmost mileage from your covers and tubes, others have made use of this information and service and have added thousands of miles of service to their tyres. These pamphlets are free. Call or write for them.

NO MORE PUNCTURES

Unpuncturable N.A.P. Pneumatic Tyres Have Arrived.

10,000 MILES

IS GOODYEAR TYRE AVERAGE.

Where road conditions are ideal naturally pneumatic tyres will give longer and more satisfactory mileage. Rough, rutty or stony roads increase both tread and fabric wear. But a fair trial of any Goodyear tyre on average from all kinds of roads in all parts of the world is given by a course recently completed where owners from all parts of the world were centred and facts obtained. This data showed the average life of Goodyear tyres to be 9974 miles.

All-weather tread covers.	Heavy Tourist Tubes.

THE MOYLLAN ESTATES,

5th Avenue (Theatre Royal Building), NAIROBI.

NEW RESIDENTIAL AREA.

Those in search of cheap and good residential sites within easy reach of Nairobi are invited to call on the

under mentioned, who have for sale a few plots of from 6 to 10 acres, all with river frontage.

The price and terms are such as will allow purchasers with small capital to become their own landlords, and avoid the payment of the present inflated town rentals.

THESE ARE NO BUILDING RESTRICTIONS.

Several of these properties have already been sold and early application is therefore advisable.
