MR. ROSCOE AND UGANDA'S GREAT DAYS

THE OLD CIVILIZATION AND THE NEW

(Transcribed from East Africa by John Roscoe)

(By Walfrey)

This is a book that tells the story of the old and new Uganda. It is a story of the old civilization and the new. It is a story of the old days and the new days. It is a story of the old and the new.

A GREAT LAND

Mr. Roscoe has been in Uganda for some time. He has seen the land and he has seen the people. He has seen the old and the new. He has seen the old and the new.

SOME SECRET POWERS.

Some of the powers of the mind are secret powers. They are powers that are not known to the world. They are powers that are not known to the world.

A LIKABLE MONSTER

Monsters are not always the creatures of our imagination. They are creatures that are real. They are creatures that are real.

at the time of the... (text continues)

THE AGRICULTURAL PROBLEMS OF THIS COUNTRY

THE EAST AFRICAN STANDARD
SATURDAY, JAN. 14, 1922

The Lord Delamere and his wife have departed for England early in the morning, and have been Mr. Churchill. Their work has begun, and the country looks with confidence to the success of their mission in the near future. The departure of Lord Delamere will be a singularly happy circumstance, as the Chair at the East African Congress Friday week will be held in London. But the essential and primary object of the Deputation is to continue and complete the great work of the East African Congress, and to secure the necessary funds for the maintenance of the East African Congress, and to secure the necessary funds for the maintenance of the East African Congress, and to secure the necessary funds for the maintenance of the East African Congress.

STANDARD NOTES.

The debate started two weeks ago in the Eastern Western Parliament at Sir Sturges D'Oyly's residence in London, under the auspices of the York and London Association, continued to-day at 6 p.m. All interested are cordially invited.

The Railway Institute decided the Town Goods at football by 4 goals to nil, and the Railway Institute by 2 goals to 1. The matches were played on Thursday last and were keenly contested.

WARNING

"MILKMAID" Condensed Milk as manufactured by us for importation to this Colony has the words "PREPARED FOR EXPORT" in red ink across the label.

A considerable quantity of Milkmaid Milk and Nestlé Milk has been imported, by some other firms, into this country for sale, which has apparently been obtained from continental stocks, presumably out of convenience sold by us some time ago to the Government, under rationing arrangements in the Peace Treaty. This milk is contained in tins bearing a label which has printed across it in red ink—

"Prepared in Switzerland" or "Prepare Aux États Unis."

This latter milk we do not guarantee in any way, and we will not refund any Money, or Exchange any Tins, if same is found defective.

SOME RECENT EVENTS OF INTEREST.

GENERAL IMPROVEMENT.

(FROM OUR OWN CORRESPONDENT)
London, December 14.
The death of H. H. Aspinall, one of the greatest cricketers in the world, has been announced. He was the last man to be killed by a cricket ball in the world. He was the last man to be killed by a cricket ball in the world. He was the last man to be killed by a cricket ball in the world.

OXFORD V. CAMBRIDGE.

The records of the cross country race between Oxford and Cambridge Universities show that no team has proved successful in the last 100 years. The present year, however, the success of W. P. Beaumont last Saturday was pleasing to many sportsmen.

could now that Billie Bodd has finished his 'Twenty shillings' career. Others will come along, however, and the hour often produces the man.

HILLIARDS.

Interest in the coming billiard championship has been increased as the result of recent matches. South and Falkner had a great struggle in their level match of 16,000 up each leading in turn at the very last session. Falkner managed to make a break of 200 at a critical time however, and with an unbroken effort of 201, he ran out the winner by 200 points. This is the first defeat of the season for South who, however, played splendidly making breaks of 67 and 64 during the match. Falkner's best was 73 and he is in great form.

BOXING.

When Jack Bloomfield stopped twenty rounds against Kid Lewis at Holland Park for the London middle-weight belt, some critics said Lewis was not colour and had not done himself justice. Subsequent happenings suggest that Bloomfield is a better man than we thought and the apparent poor form of Lewis may have been due to the difficulty of getting at Bloomfield. The latter has certainly added to his reputation by the clean out victory he secured this week against Tom Barber (Irish). The latter is a heavy weight a competitor to be feared as well as he knocked out his man. He suffered a reverse last Friday when opposed to Jimmie Brown. Against Bloomfield, the Bombarter forced the fighting and found his rival willing to mix it.

The Right Drink for B.E.A.

The flavour is right. A wholesome and beneficial drink that quenches thirst. Safe at all times.

THERE IS NO DRINK LIKE 'O-T'

It must be tasted several times by some people to appreciate its particular and enjoyable flavour, and as there are so many ways of drinking 'O-T' it is best to buy a bottle—it costs only a rupee or two—then try it by mixing with Soda or plain Water, or Lemonade. Another way is to add a little 'O-T' to Gin, Whisky, Sherry, Vermouth, etc., while a dash or two in Ale or Lager gives them a new character and flavour. Everyone is sure to like 'O-T' in some way and will always feel better for drinking it.

TRY 'O-T' AS SUGGESTED AND YOU WILL AGREE THAT IT IS A FINE DRINK

Agricultural Essay

WHEAT GROWING AND ITS PROSPECTS.

VALUE OF BLACK SOIL.

There is an essay on "Wheat growing in Kenya" by Mr. C. L. Ball, which was published in the "E. A. Standard" in the month of August last.

After the crop has been harvested the straw should be burnt off, as a clear stubble will be necessary to allow the soil to dry and to allow the soil to be ready for the next year's crop.

GENERAL REMARKS.

The wheat crop in this district is a very important one, and it is one of the main sources of the farmer's income.

PREPARATION.

The first object of course will be to clear the land, and to remove the old crop, and to leave the land in a good state of preparation for the next year's crop.

many to learn how M. Poincare proposes to enforce any obligations on Germany outside the terms of those which the Allies are determined to impose, by force if necessary. The rift in the Allied ranks is again from the Atlantic north to the Adriatic, since its repair will require time and labour that are so urgently needed for other more progressive work.

Some idealists, however, who are in the present instance, the unwillingness of France to leave behind which the other Allies have been so compelled to leave behind, is a serious consequence to Europe.

We do not unjustly condemn our Ally, much as we deplore the co-sequences of her attitude. It may be, for example, that our great Ally can point to some measure of justification for the influence and activity of British imperialism outside Europe as a guarantee for French influence on that continent; we do not know but it remains to be seen whether this responsibility now for European progress or retrogression rests with the persistence and good-will of the spirit of 1870 in France herself or with any immediate reality of the Versailles Treaty. The French Press refers bitterly to the revision of the treaty which is being proposed in the quarter the view is gaining ground that that revision before it reaches finally may have consequences which none of us at present dream

STANDARD NOTES.
 Better attention should be given to the duties of the Standard Producer of East Africa was resolved with Lord Delamere and Col. Greywood by Mr. Churchill on Wednesday last.
 "The Sagebrusher" will be shown at the Theatre Royal on Monday and Tuesday nights. It is full of realistic scene, pathos, and humour, and is a perfectly balanced work in setting. This characteristic is shown in the Spectator's review of the most impressive film production shown at the Royal for some time.

In the final for the Milligan Polo Cup played on Friday at Makuyu, Makuyu beat Nyeri by 8-0. The match was held in five extra on being played for a decision.

 Another match which was played in the third round and was played in the evening. The match was between the first and second teams of the club. The match was a very interesting one and was won by the first team. The score was 10-0.

RUGBY FOOTBALL
 The Oxford and Cambridge Rugby authorities have announced that they have decided to change the venue of the first Test match from Queens Club to Twickenham, the scene of some of the fiercest international struggles.
 Upwards of 20,000 spectators are expected to witness the very interesting match. It is reported that the Cambridge forwards were much superior to the Oxford forwards in the first three scrums. Had the half-backs followed the "three" better, a try for the Light Blues would probably have been scored. In this line, the Cambridge stand-off half usually kicked to stand-off or tried to burgle himself, no way of his had no one behind him.
 Fewer chances came the way of the dark Blues, but better use was made of them. The first time they crossed the half way line, Fifteen on the wing was given possession and after passing several, he crossed to Campbell when it became the latter drew the opposition before passing back to Fifteen, who kicked over to score. The Oxford Blues scored another try later on and his pass was a decided factor in the victory of Oxford by a try and two tries to a goal. The match was the forty-sixth in the series of which Oxford has won 17 to 18 by Cambridge, whilst 9 have been drawn.
 The winning team included three Australians and one South African, and they all played a big part in the success of their side.

A SCOTTISH FIND
 The prospects of Scotland in the international match look better in consequence of the trial game at Gaitheirish on Saturday between teams representing Scotland and the North and South.
 R. H. LEITCH, who is the spirit chief of Scotland, has been playing centre three-quarter for Edinburgh University, but without attracting particular attention. In Saturday's trial he was tried on the wing and L. Grant to his partner. The two were at school together, Leitch in Kent being the establishment, and this had much to do with the splendid way they combined. Grant led Leitch to such purpose that the latter secured five tries and Scotland won by 10 points to 0. The players took little making an ideal wing for Scotland and most letters will be washed with interest.
 Guy Hopkin ran up the "scissors" score of 10 against 0.

LAWN TENNIS
 Matters of great importance claimed the attention of the delegates at the recent meeting of the Lawn Tennis Association. It was decided that no prize of a greater value than 50 shall be awarded to a player who in challenge trophies, National and International events.
 Several delegates spoke of the wish that the United States will see fit to join the International Federation. Lord Bessborough in particular pointed out how desirable it was to have the cooperation of the Americans.

WARNING

"MILKMAID" Condensed Milk as manufactured by us for importation to this Colony
 has the words "PREPARED FOR EXPORT" in red ink across the label.

A considerable quantity of Milkmaid Milk and Nestlé Milk has been imported, by some other firms, into this country for sale, which has apparently
 been obtained from continental sources, presumably out of compliance with the terms of the Convention, or other Governmental order relating
 arrangements in the Paris Treaty. This milk is contained in tins bearing a label which has printed across it in red ink—
Prepared in Switzerland or "Prepare Aux Etats Unis."

This Letter Milk we do not Guarantee in any way, and we will not Refund any
 Money, or Exchange any Tins, if same is found defective.

 TUESDAY, JAN. 17, 1922.

A meeting to discuss the participation of Kenya in the Empire Exhibition is to be held in London next year has been called for this morning at the Department of Agriculture, and we trust that all whom it is any degree concerned will make an effort to attend. The public are invited. For the exhibition this Colony will send to the Exhibition must be worthy of this country in every respect. It is a matter of pride and honor to be able to show to the world the progress of our country. The Exhibition will be a great opportunity to show to the world the progress of our country. The Exhibition will be a great opportunity to show to the world the progress of our country. The Exhibition will be a great opportunity to show to the world the progress of our country.

It is hoped that the British Government will have the opportunity to show to the world the progress of our country. The Exhibition will be a great opportunity to show to the world the progress of our country. The Exhibition will be a great opportunity to show to the world the progress of our country.
