### TO VOTERS.

To the Editor, "E.A. Standard."  
 Sir—A very great number of applications on the "Votes" list of Nairobi have been received, and still passed on to the Registrar. A number more have been sent direct.  
 However, in view of the importance of the matter, the fact that nobody failing to register now is prevented from voting will August, 1921, which period will include the General Election, it seems desirable to again point out that the last day for registration is FRIDAY, MARCH 25.

### PRIVATE IMPORTS.

To the Editor, "E.A. Standard."  
 Sir—On reading the account of the proceedings at the meeting of the Chamber of Commerce, we wonder if we are a few people in any sense of the word. We have been grossing under the burden imposed by a Government forment for a long time past, and now we are asked to pay for the goods we import. It is a heavy burden, but we should be fairer to ourselves if we should give every one in the country a fair chance at the present time. The proposal actually suggested that we were not to do so until we had been relieved by the Government. It is a heavy burden, but we should be fairer to ourselves if we should give every one in the country a fair chance at the present time. The proposal actually suggested that we were not to do so until we had been relieved by the Government.

### COST OF EXCHANGE.

A leading merchant of the town has lately written me on an exchange matter, and has expressed his surprise at the cost of exchange. It is a very serious matter, and one which we should all be interested in. The cost of exchange is a heavy burden, and one which we should all be interested in. Why not make contracts to mine your Maize and other requirements for the best at 10% or more?

If you doing you will not only be insured against fluctuations in the Grain Market, but you will also be enabled to purchase at the lowest prices. The advantages of the method over that of buying from the market should be obvious.

The B.E.A. Farmers' Association has only a limited supply available, and employers are urged to make contracts now in order to avoid future disappointment.
