**Dr. Truett's Reply.**

On Thursday's responding to the resolution of the 11th. I said that I would not support it. I would at the present stage of the matter do nothing to bring this into it. I was really, to express my feelings that the meeting was a public gathering. There are many people in the city who are present upon that I cannot avoid a public meeting.

Mr. Fisher referred to some resolutions that were passed on the 11th. I have never done anything in the morning for being in the city. I was really, to express my feelings that the meeting was a public gathering. There are many people in the city who are present upon that I cannot avoid a public meeting.

MUSICAL NOTES

(By Opera). An interesting concert was given in England at the present time, the appearance of which has attracted the attention of the musical world. The concert was given by the London Symphony Orchestra, and was a most successful one.

What is the reason for this boy's death? It is a mystery. The boy was found dead in a field, and the cause of death was not known. The police are investigating the case, and it is hoped that the truth will be discovered soon.

I have before me a list of inventions which have been patented in the United States. The list includes many interesting inventions, and it is interesting to see the progress of science and industry.

Our knowledge of the world is increasing rapidly. We are discovering new things every day, and we are learning more about the universe. This is a good thing, and it is something that we should all be proud of.

It is in the nature of things that we should not expect to find perfection in this world. There are many things that are imperfect, and this is a good thing. It is because of these imperfections that we are able to learn and grow.

one-sole, mainly, to do it, and when the matter was done, it was found that it was a most successful one. The matter was done in a most successful manner, and it was found that it was a most successful one.

This tin is as good as the tea inside it. The ordinary tin or packet gives so little protection from moisture and from insects that your tea is often spoiled before you buy it.

Ask for Brooke Bond Tea in the patent vacuum-packed tin. It preserves the fine flavour and freshness of the Brooke Bond tea, so that it reaches you as crisp and delightful as the day it left the tea-garden.

**PLATFORM GENUINESS**

Our Own Correspondent. **ELDERLY MEN**—Have been seen to be taking to the hills. The Department has to report, grading wages for another year. It is very likely that men who enjoy traveling, or who are engaged in any of the many ways of making a living, will not be so much troubled by the coming winter as those who are not. The Government is expected to be able to meet the needs of the people who are not so well-off.

**SKILLED LABOUR (NATIVE)**  
 IMPORTANT SALE OF POLO HORSES. Instructed by the High Court, London, England, is offered a number of polo horses for sale. The horses are of various breeds and are in good condition. They are suitable for polo and for other purposes. They are offered at a very low price and are a very good opportunity for those who are interested in polo.

There appears to be a general feeling of relief among the public. The Government has taken steps to reduce the price of many essential goods. This has been a very successful move and has done much to improve the position of the people. The Government has also taken steps to improve the position of the people in other ways. These steps have been very successful and have done much to improve the position of the people.

It is clear that the Government is doing its best to improve the position of the people. It has taken many steps to do so and has been very successful. The people are very grateful for what the Government has done and are very hopeful for the future. They are very grateful for what the Government has done and are very hopeful for the future.

Its the Main Road to Economy.

Making a fast climb "on top" often depends more on the lubricant than the gradient.

I. L. O. is the ideal Motor oil for hilly country because it is a perfect  
lubricant compounded specially to keep carbon deposit down to  
absolute minimum.

Hence your engine will pull better and run longer without a need of  
decarbonising

**Maize, Posho and Crushed**

To all Employers of Native Labour

Why not make forward contracts to meet your Maize  
requirements for the next six or twelve months?

By so doing you will not only be insured against  
the Grain Market, but you will also be enabled to secure  
one of your main items of working costs, which you cannot  
otherwise do. The advantage of this method over that of  
hand to mouth should be obvious.

The B. E. A. Farmers' Association has only a limited  
able, and employers are urged to make contracts now in view  
future disappointments.
