THE PRODUCE EXCHANGE
WHAT IS TO BE DONE IF IMPORTE AMBER.

THIRTEEN IMPORTANT POINTS.

In an earlier article on the subject of the Produce Exchange it was pointed out that the Government should consider what steps should be taken for the Exchange to be able to handle a list of brokers which will be added to come on stream.

As the suggested notes have been exchanged the sample is available. The broker should have a list of the names of the brokers to be admitted to the Exchange, to be approved by the Government.

Brokers should make arrangements to work on the Exchange day by day, to be able to handle the quantity of the business which will be added to the Exchange, to be approved by the Government.

As the suggested notes have been exchanged the sample is available. The broker should have a list of the names of the brokers to be admitted to the Exchange, to be approved by the Government.

URGENT INTEREST IN MILK PROCESS
BUT ABOUT WHAT?

Writing in the Rhineland Herald on the cattle industry of Rhineland, a contributor for feeding an article on the subject of the new method of meat preservation.

A small paragraph of the article reads: "The new method of meat preservation is a method of freezing meat in a special solution of salt and sugar, which is known as the 'Beef Export' method."

A HINT TO KENYA
SHOW ADVERTISING AT EMPIRE EXHIBITION.

The following letter emanates from the South Africa Press, Cape Town, dated 10th March, 1925.

"The Government view is, I fear, a very narrow one, and it is not a very far-reaching one. It is not a very far-reaching one. It is not a very far-reaching one."

THE PROCESS AND RESULTS.

Experiments are now being conducted in Rhineland and in the Netherlands, to determine the best method of meat preservation.

The results of the experiments are as follows: "The new method of meat preservation is a method of freezing meat in a special solution of salt and sugar, which is known as the 'Beef Export' method."

NAVY CATTLE.

Although Rhineland cattle are being sold in a relatively short time in the way of trading up to the Government, it is not a very far-reaching one.

The results of the experiments are as follows: "The new method of meat preservation is a method of freezing meat in a special solution of salt and sugar, which is known as the 'Beef Export' method."

GERMANY NEAR A COLLAPSE

Reparations Debate in the House of Commons

DIRECT ACTION BY UNITED STATES FORESHADOWED

POSSIBLE NEXT INTERNATIONAL LOAN TO BEHAYT

The condition of Germany has reached a point which has caused Mr. Bonar Law to admit that she is very near to collapse.

The repeated failure of Anglo-French statements to reach an agreement without resort to force has led to awakening American interests, that America should take a hand in solving Europe's problems.

America it is thought that "something very big" is likely to happen.

The possibility of a vast international loan to help Germany is again on the forefront of events.

Paris, December 14.

Interpreted by the *Paris Herald* before sailing from New York on the completion of his tour in America, Mr. Chamberlain declared that he approved the occupation of the Ruhr and suggested that the French Government should be submitted to President Harding's submission to view.

MR. BONAR LAW'S VIEW

London, December 14.

The House of Commons debated reparations today. Chamberlain's series of questions by Sir John Simon, Mr. Lloyd George, and Mr. Amery, after consultation with Mr. Amery, Mr. Lloyd George and Mr. Amery, Mr. Chamberlain.

Referring to Sir John Simon's question as to the effect of the proposed moratorium which has been proposed by the French Government, Mr. Bonar Law referred sympathetically to the French proposal, and said he was convinced that his own country would be glad to pay the United States Government's debt, which would reduce the standard of living in this country.

There are indications accumulating that America is contemplating a course which would reduce the standard of living in this country. It is possible that there is a distinct intention to secure moderation, not only in this country, but in all other countries as well.

The information has been received that the United States Government is very near to a complete collapse, and that it is not producing reparations which would allow it to pay its debts.

There is a possibility that the United States Government is very near to a complete collapse, and that it is not producing reparations which would allow it to pay its debts.

A SIGNIFICANT VISIT

New York, December 14.

The visit of Mr. F. P. Taylor to Mr. Hoehn, Secretary of State, is significant in view of the possibility of a vast international loan to be held by the United States Government.

More Protests Against Proposed Publicity Postponement

NECESSITY FOR KENYA'S 'SHOP WINDOW'

VIEW OF PRODUCTION AND COMMERCE.

Further views on the subject of postponement of Kenya's Publicity Office are given below. The importance of the decision which must be made by the Legislative Council...

It is believed and I sincerely trust, that the public of the Colony will sympathize in favor of the early establishment of the Publicity Office in London...

When the two projects, namely to antagonize and incapable of a permanent producer and so forth...

To postpone the opening of the Publicity Office would be sheer folly. The Colony wants immediate Government attention...

It is a mistake to believe that the Government will do anything for Kenya unless it is asked to do so...

It is in the interest of the Colony to have a Publicity Office in London, for the Government has approved of the expenditure...
