FRANCE REJECTS BRITISH PLAN OF REPARATIONS

Says it will Wash Out Peace Treaty

POSSIBILITY OF A RUPTURE BUT DISCUSSIONS STILL PROCEEDING

BOAR LAWS PLEA FOR PRACTICAL RESULTS

FRANCE IN SIBERIA WITH PEASANTS

The Lend Lease Conference, held at the last chance the Allies have to agree upon reparations and related matters, above every possibility of ending in a rupture, though discussions are still proceeding.

The French have rejected the British plan detailed in yesterday's column, and maintain that it would, in effect, wipe out the Peace Treaty. They argue that payments would be those paid for debts and remain unsecured character and that France cannot agree to any reduction.

Mr. Bonar Law replies that the French proposal which would the recovery of Germany impossible, but says it is useless to discuss a plan unless it will bring practical results.

BOTH SIDES COLLAPSE IN SECOND INNINGS

South Africa Bowling

(THROUGH BRITISH AGENCY)

The third day of the second Test match between M.C.C. and South Africa opened today for the 5,000 spectators in perfect weather. South Africa closed their second innings for 242. A great partnership was made by the second wicket pair, the remaining batsmen fell before the bowling of Manley who took the last wicket for 4 for 48.

KING'S SISTER ILL

PRINCESS VICTORIA SUFFERS FROM BRONCHITIS

London, January 3.—Princess Victoria, the King's youngest daughter, is suffering from a severe attack of bronchitis, it is reported. She is at present in the Royal Hospital, Haslemere, Surrey, and is being treated by Dr. H. H. H. Pringle, Victoria's physician. The Princess is the youngest daughter of King George VI and Queen Elizabeth II, and was born on July 21, 1940.

BRITISH PREMIER REPLIES

No Use Unless Russia are Prepared

Mr. Bonar Law responded to the plan proposed by the British Government, which, he said, he was unable to accept. He reported that the French would like bringing the peace treaty into force, but the British Government has refused to do so.

WHAT MAKES a Good Tyre?

A Tyre is not necessarily a good Tyre just because it is a Cord or Tread Tyre. Good Cotton? Best rubber? Good construction at the hands of good workmen? A manufacturer might have all of these things and still present a poor Tyre. If he lacks the one thing vital—experience.

U.S. Royal Cord and Nobby Tread Tyres were first introduced many years ago, but years before that were spent in research, in experiments, and in tests. It took experience to build the Royal Cord and Nobby Tread Tyres and to place them at once in the first line of leadership. It is the experience of to-day that has held and consolidated that position.

To Our Country Customers.
Annual Stocktaking Sale.

We have pleasure in advising you that our ANNUAL STOCKTAKING SALE commences on Monday, January 8th, and according to precedent the prices of all goods will be substantially reduced in every department.

To enable us to give our Customers the maximum benefit of reduced prices, by economy, we have not issued an expensive Sales Catalogue, but ask you to select your requirements from the Catalogue posted in November which is still representative of our extensive stock.

All orders received during the Sale period will be executed at Sale Prices resulting a clear saving of 10 per cent. to 20 per cent. of usual prices, according to the class of goods. Country Residents will in every case receive the same benefits as those who are able to visit our Store and all orders will be attended to with scrupulous care.

The termination of our financial year is close at hand, and as it is undesirable for any outstanding debts to appear on our books, we respectfully ask you to, send cash with all orders. Our policy of satisfaction or money back guarantees you against any loss.

Trusting to receive your valued orders by return and assuring you of our best attention.

We remain,
Yours faithfully,

THE RUBBER OF THE WHEELS

The rubber of the wheels of our motor cars has been, from the beginning, a very important factor in the success of the motor car. It is the only part of the car which is in contact with the ground, and it is the only part which is subjected to the most severe wear and tear. It is therefore, of the utmost importance that the rubber of the wheels should be of the best quality and should be of the most durable construction. The rubber of the wheels should be of the best quality and should be of the most durable construction. The rubber of the wheels should be of the best quality and should be of the most durable construction.
