To Our Country Customers.

Annual Stocktaking Sale.

We have pleasure in advising you that our ANNUAL STOCKTAKING SALE commences on Monday, January 18th, and, according to precedent, the prices of all goods will be substantially reduced in every department.

To enable us to give our Customers the maximum benefit of reduced prices by economy, we have not issued an expensive Sale Catalogue, but ask you to select your requirements from the Catalogue posted in November which is still representative of our extensive stock.

All orders received during this sale period will be executed at Sale Prices amounting to a clear saving of 10 per cent. to 25 per cent. off usual prices, according to the class of goods. Country Residents will in every case receive the same benefits as those who are able to visit our Store and all orders will be attended to with scrupulous care.

The termination of our financial year is close at hand, and as it is undesirable for any outstanding debts to appear on our books, we respectfully ask you to send cash with all orders. Our policy of satisfaction or money back guarantees you against any loss.

Trusting to receive your valuable orders by return and thanking you of our best attention.

JACOBS No. 100
MADE IN U.S.A.

U.S. Royal Cord
The Individual Tyre

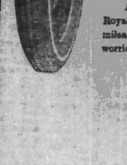

PERFECT in price of design, in balance, in beauty of appearance—the individuality of U.S. Royal Cord is apparent on sight.

And if you could not see a U.S. Royal Cord into sections you would see the more individuality in the construction of the tyre—individuality of construction that make the performance of Royal Cord individual.

Strength and mileage is built up with layers of slotted cords, each cord laminated from the centre by a machine of live rubber, and each member layered—just at right angles to those above and below—insured in the very way. This internal friction is obtained and an enduring resistance to internal wear built into the tyre.

Built into the tyre. That is the point. That is why Royal Cord looks good and endures—gives mileage, more riding ease and perfect freedom from tyre-rolls.

A VARIED ADVICE. LOOK BEFORE YOU LEAP. (From Our Own Correspondent.)

One of the most interesting features of the present situation in Kenya is the attitude of the various political parties.

It is a strikingly low estimate of the political situation in Kenya that the various political parties are so divided.

It is a strikingly low estimate of the political situation in Kenya that the various political parties are so divided.

U.S. Royal Cord the Individual Tyro PERFECT in grace of design, in labor, in beauty of appearance—the individuality of U.S. Royal Cord is apparent on sight.

And if you could not see a U.S. Royal Cord into sections, you would see the same individuality in the construction of the tyre—yams of manufacturers that make the performance of Royal Cord individual, too.

Strength and mileage is built up with layers of elastic cords, each cord imbedded from the other by a cushion layer of rubber, each successive layer—built at right angles to those above and below—laminated in the same way. This internal friction is eliminated and an enduring resistance to internal wear built into the tyre.

Built into the tyre. This is the point. That is why Royal Cord looks good and are cool—giving greater mileage, more riding ease and perfect freedom from wrinkles.

FIT U.S. ROYAL CORDS the Individual Tyres

A CLEAN SWEEP

Just prior to the Agricultural Show for the best sweep, made with "Duck" hair. This hair is naturally straight and is better to leave our floor free to compete with any other sweep. Many competitors, apparently unaware that they would have a better chance of success by the use of the best hair, put in their bids for sweeps made of inferior hair, and their bids in this best product have been simply thrown out for every first prize for which they were eligible. The fact that the sweep made with the best hair has been awarded the highest prize is a fact which is a strong recommendation for the sweep made with the best hair. The fact that the sweep made with the best hair has been awarded the highest prize is a fact which is a strong recommendation for the sweep made with the best hair.
