A POUND A HEAD!

What Funding of Britain's Debt Will Involve.

SIXTY YEARS HEAVY TAXATION

What Any Scotias to Redem Her Word.

[LONDON, February 3.] Official circles consider that Great Britain's acceptance of the debt issue involves in principle a step towards breaking the cross strand of world debts which will result in a substantial improvement in the world's condition. This view is shared by the British cabinet without questioning the objection.

For Friendship's Sake.

LONDON, February 3. The Attorney General, Mr. Douglas Hogg, K.C. speaking in the House of Commons, explained the difficulty of this Cabinet's decision as regards the American debt issue in general taxation at the rate of one pound a head per year over the whole population of Britain for sixty odd years. The Cabinet consider that when Britain promised to pay, it was worth anything but a mere promise. It was worth anything but a mere promise. It was worth anything but a mere promise.

A POISONER TRACED.

Smart Work by the London Police.

A Lattado, the Reader of the Chobotas.

LONDON, Feb. 3. Walter Truett, head of the staff of a wealthy Italian resident has been charged with murder and attempted murder of a woman, on November 5, Sir William Horwood, Commissioner of Police, said today. He said that the man, who was a resident of the Hotel, had been traced to the man's residence in the district of St. Pancras, London, where he was arrested.

MANDATED TERRITORIES.

The Chamber for Africa Own's Government.

Paris, February 3. The Chamber of Deputies has today decided that all territories under the mandate of the League of Nations should be transferred to the Government of the French Republic, which will extend its jurisdiction over them.

THE ELECTIONS.

Postponed by Order of the Secretary of State.

OWING TO DELAY IN SETTLING INDIAN PROBLEM

What Now?

The following communication from the Colonial Office, dated London, January 29, was received from the Secretary yesterday. "Owing to the delay in the settlement of the whole Indian problem and particularly that of Indian representation, the Secretary of State has been compelled to choose between the dissolution of the new Council after election and the prolongation of the life of the present Council. In adopting the latter course the Secretary of State has been influenced by the fact that it has been intended, ever since Mr. Churchill's original attempt to reach a settlement acceptable to both parties, that the new constitution should be framed in time for it to be put into operation at the general election on due."

MORE RAILWAYS.

OPENING UP THE SOUDAN GARE DELTA.

We understand, says the Times, that an issue is about to be made of a loan guaranteed by the British Government under the Trade Facilities Act, 1921, to provide funds for the building of an extension of the Sudan Railway which will be about 217 miles in length and will go to Kassa on a point on the Atbara-Port Sudan line. All plans, materials, and rolling stock for the line will be purchased in Great Britain, and the work will be done by British labour for a large part of its cost. The considerable amount of work to be done during the present period of the year will be done by British labour, and the work will be done by British labour.

The Wisdom of the Wise

"MUST not down expenses!" Of and on we all make the calculation. Some of us buy immunity from heavy retaining expenses by wise expenditure on the controlling tripe—such as lubricating oil. Without having a monopoly of wisdom some of us act very wisely.

"An Eighth of an Inch!"

If you have ever cut into a worn automobile tyre you will have seen that the four tenths of tyre construction is cotton.

So little a difference as an eighth of an inch in the length of the fibres of this cotton can make thousands of miles difference in tyre performance.

Some tyre makers think cotton of extremely long staple is too expensive to use, and are satisfied with a less costly grade.

But Goodyear puts into its tyres only the long fibre kind. This is one of the reasons why

To the Members of the R.E.A.A.

Kenya Colony.

Would rather have you take another car owner's opinion than their own.
