A RESUME OF LEADING CLUB MATCHES.

City's Defeated Again.

(From our own Correspondent.)

LONDON, March 1. Despite unfavourable conditions, the return match between Blackburn and the London Wasps, which the latter ground at Rothamsted, produced some excellent play and ended in favour of Blackburn by 14 points to goal and two tries to the Wasps' goal. At the first meeting, earlier in the season, Blackburn gained a decisive victory, but on this occasion the London side gave a greatly improved display. A try by A. A. Cook, which later the scores were levelled. If H. Jacobs' early lead had been maintained, and just before the change of ends Jacobs scored again with an unassisted try. In the second half the Wasps

came on often attacking on the "flank" but neither side could exploit their first defence. The London side was not so well served when Jacobs' score between the posts. Of 15 tries were scored, 11 by the Wasps.

City's Last Match.

After their last match of the season, at Horse Oak Park, City II played through through London and defeated their first defence. The London side was not so well served when Jacobs' score between the posts. Of 15 tries were scored, 11 by the Wasps.

FRIDAY, MARCH 30, 1923.
ANNIVERSARIES The tenth year
of the East African Standard is
celebrated to-day. The Standard
was first published on the 30th
of March, 1913, and has since
then been a constant presence
in the lives of the people of
East Africa.

Why is the demand for
UPLANDS PORK SAUSAGES
Increasing so fast, especially in
Nairobi?

BECAUSE (1) The only meat used in their manufacture
is prime quality Pork.
(2) The recipe is a constant one—the choice
flavour never varies.
(3) The Name 'UPLANDS' is a guarantee of
purity.

Always obtainable from Mr. R. B. Hanson and Messrs. Mackintosh

Cocks, Mombasa, etc. etc.

**A Low Priced
Goodyear Tyre**
30 x 3 1/2 Cross Rib Cover Shs. 92

This 30 x 3 1/2 Cross-Rib Fabric Cover is a genuine Goodyear product. This tyre, while selling at a low price, is also a quality tyre, and will outwear many higher priced tyres of other makes.
This remarkable Goodyear tyre is built of the heaviest quality fabric, the fabric in turn being made of long staple Egyptian cotton. This gives it a strength when properly inflated which practically eliminates the danger of bursts.
The side walls are made of the same wet resistant tough stock as used in the tread, this special rubber extending from bead to bead.

light, Good Friday, which we
celebrate to-day, is the anniversary
of the death of Our Lord.
The ordinary man of to-day may be
careless and forgetful, but those
who are in any sense Christians can
never forget what happened on this
day of supreme disaster, as it
is recorded in the little book of Luke's
Gospel, nearly two thousand years
ago. It should not be difficult for
us to reproduce in imagination the
scenes which we shall hear about in
the various Churches this morning.
But if we have not been invited to
our thoughts back to a period
preceding Christ by a hymn
singing or by the little book of
Luke, we sit on a bench of stone,
with the choir to our right and the
congregation on either side, and
listen to the story of the day.
Our attention is drawn by the
picture of an Egyptian woman
kneeling before the child's little
grave. Her eyes are turned with
sad and agonizing tears to the
angel, taken from a tomb which
was the last resting place of the
saviour of the world.
The scene is so vividly
described in the Gospel that we
can almost see the woman
kneeling there, and we can almost
hear the words of the angel.
