AGUICH INVITES CONFERENCE.

The Papers state that Mr. Anquith was yesterday at Mr. Ballou's who is in the country, having been to a conference on the outstanding issue. The "Daily Chronicle" believes that the Liberator has developed the impression about the announcement of a conference. The consideration of a conference has been developed the fear that it would be a prelude to a strike. They recognize that the King and the Liberator's labours by Angus Reid would be no more than a prelude to a strike. Mr. Anquith would be in the autumn season.

O'Connor's Opinion.

The Conference not Binding.
 Mr. T. P. O'Connor in an article notes that the "Standard" is in a position to be "purporters" as it would not be binding on anyone, unless it were approved by their respective parties.

CONFERENCE RE-ADVANCING.

The Conference of parties is re-advancing, and there are indications of a strike every where. Mr. Anquith's personal letter to Mr. Ballou asked if he were agreeable to have a conference on their outstanding difficulties. Ballou, who is going returns on Monday, is expected that the conference will be held with Lord Lansdowne. The following are quoted as making a good list of representatives: Anquith, Lloyd George, Grey, Selous, Curzon, Chamberlain, Long and Salomon. The Nationalists and Laborites are still distrustful of the conference. There can be no doubt that there are power in earnest over the matter. It is believed that in earnest over the matter. It is believed that in earnest over the matter. It is believed that in earnest over the matter.

LIST OF REPRESENTATIVES.

Nationalists and Laborites Distrustful.

LIBERALS Pessimistic.

In the lobby of the House it is believed that an informal meeting between Mr. Anquith and Mr. Ballou will be held.

Parties Should Follow South Africa's Example.

It has been suggested that the conference should meet at Buckingham Palace or Marlborough House. It is hoped that Mr. Anquith will have a conversation with Mr. Anquith Monday when he will perhaps announce a conference although there is no expectation that details will be given of it.

Threatened Strike.

There is a threatened strike of twenty thousand workers in the woolen trade in Yorkshire. A conference of masters and men at Harrogate was abandoned as the masters refused to accept the Bond of Trade's restriction on the question of wages.

"Times" Slaughter.

The "Times" makes a suggestion to Lord Cregee that a committee should be formed of representatives of the Colonial Office and the Natural History Museum to consider means of preventing the indiscriminate slaughter of plume birds in the Empire.

Audience at Marlborough House.

Four Colonial High Commissioners had an audience with His Majesty at Marlborough House and also Sir S. Salomon, by appointment, whose reception was most cordial.

SPORTING NEWS DOBBIE CUP LEAGUE COMPETITION.

Caledonians v. Town.

Calles had Town as visitors in this competition on Saturday last. A good game was played in which it was decided to have a draw which was made on a goal but the referee was of the opinion that the draw would be a fair one.

The following represented the teams - Caledonians. Goal: A Campbell. Backs: Roy and Keith. Halfbacks: Blacklaws, Chalmers and Dr Arthur. Forwards: Hobbs, Alexander, Anderson, Watson and MacNaughten.

Town. Goal: Firmian. Backs: Robinson and W. Dean. Halfbacks: Smythe, Wye and Pat. Forwards: Gage, Stevens, Todd, J. Tate and Noble.

THE GAME.

The Town assumed the aggressive immediately, but were repulsed and play was brought into the visitors' half. Dublin had a try as goal but his effort was unsuccessful. The visitors were again dangerous. Dr Arthur was playing a splendid game and he intercepted the ball time and again. The ball was being sent into touch frequently, and neither side was putting any life into the game. The Calles' right wing was causing the Town defence some uneasiness. Hobbs made several futile attempts to score, but eventually he succeeded in netting the ball with an easy goal which brought cheer to his side.

Gymkhana v. Railway.

Gymkhana and Railway met on Wednesday at the ground in the form of the above. Mr. Paithebor, referee, lined out the teams as follows - Gymkhana. Goal: Humphrey. Backs: Tennahill and Anderson. Half backs: Jackson, Stames and Goodbody. Forwards: Flach, Maclean, Thomas, Gardner, and Fraser.

THE GAME.

The Gymkhana opened the attack and within a few minutes had forced a couple of tries, but none of them were productive. The Railway continued pressing and looked dangerous, but broke down a critical moment. The visitors broke away with a sudden rush and the ball was sent into the hands of the Railway. The Railway was not up to the height of the ball, but they tried to get into their stride and after very good combination resulted. The forwards went in and the Railway was put in a very good position and it worked quite successfully. The Gymkhana backs were beaten frequently but the visitors were slow in showing away after a nice bit of tricky play passed the ball to the Railway. The Railway did not take this lying down and soon was playing back with the Railway defence. (Continued on page 15)

NOTES ON THE GAME.

H. E. the Governor was amongst the spectators and took an keen interest in the play. He was highly pleased with the play. A draw of a goal all would have been the result of the game. The Calles' motto Campbell at back who has not recovered from the injuries he received in the Gympkhana match. It is hoped that he will be able to turn out again in the competition at an early date.

Mr. Paithebor, referee, lined out the teams as follows - Gymkhana. Goal: Humphrey. Backs: Tennahill and Anderson. Half backs: Jackson, Stames and Goodbody. Forwards: Flach, Maclean, Thomas, Gardner, and Fraser.

AN EXCITING FINISH.

The game was a very close one and the visitors were in a very good position to win. The Railway was not up to the height of the ball, but they tried to get into their stride and after very good combination resulted. The forwards went in and the Railway was put in a very good position and it worked quite successfully. The Gymkhana backs were beaten frequently but the visitors were slow in showing away after a nice bit of tricky play passed the ball to the Railway. The Railway did not take this lying down and soon was playing back with the Railway defence. (Continued on page 15)

GYMKHANA IS THE BEST.

On play being resumed Gymkhana forced matters and within five minutes Tennahill and the satisfaction of equipping with a fine shot. The success-telling was the result of the play. A draw of a goal all would have been the result of the game. The Calles' motto Campbell at back who has not recovered from the injuries he received in the Gympkhana match. It is hoped that he will be able to turn out again in the competition at an early date.

Anglo-German Oil Mining & Exploration Co. Ltd.
The following report has been sent to Shareholders on the above company.

MASSA OLEA S.P.A.
By request of the Board of Directors I visited the mine on the 10th week of March and made a thorough examination of the property, mapping all the principal veins and leaders. I am glad to be able to say that the Venetio No. 1 vein has brought very much valuable property. The mine is situated on a hill about 100 feet high, and is known as the Venetio No. 1. It is a very rich vein, and is situated in a very favorable position. It is a very rich vein, and is situated in a very favorable position. It is a very rich vein, and is situated in a very favorable position.

The whole hill is honeycombed with extraordinarily rich quartz, and a very large proportion is full of valuable gold in nodules or grains.

Mr. Adams has done much more exploration and trenching work than supposed, and has now proved 7000 ft. and is to be equally as valuable as the others. On claims 1 and 2 is also some rich copper ore, some containing Gold which he in his modesty has never even referred to.

The transfer of the mine has been properly made to the Co. and registration effected at Massa. I am of opinion that there would not be the slightest difficulty in realising the mine at anytime at a great profit as no property anywhere could possibly prove so valuable on your selected mine. It is necessary to estimate the extent of the mine without further development, to the deeper workings, but for the time being it is a mine of great value.

It is a very rich vein, and is situated in a very favorable position. It is a very rich vein, and is situated in a very favorable position. It is a very rich vein, and is situated in a very favorable position.

London.
 The Budget will be taken in the last week of June.
 Mr. Asquith informed Mr. Wedgwood who is visiting a section of the Liberals that there would be no advantage at present in discussing the Commons the questions of the conference. Replying to an interjection he stated that there would be simple opportunity for saying a good deal before any decision was reached.
 Lord Knollys visited Downing Street and the House of Commons. Mr. Asquith and Lord Knollys conferred with Mr. Guinness and Lord Lansdowne. It is reported that they have agreed to a formal conference which will probably be on the 22nd of June.

Liberal Misgivings.
