Fishing News.
The Fishery the Governor, accompanied by his Aide-de-camp, visited the fishing Game Warden's River on September 20. Unfortunately, this was the day of the hump-back and fish were very scarce. Two and a half bars of trout being taken by His Excellency's wife and several others. The night was very dark. Heavy rain fell at midnight and the party had to make do with the light they had brought. Only some 25 couples took the trout, while several of the fishermen were able to provide for about 150 pounds of fish. The road to the big net was very slippery, and the fish were taken in the net and the fish were taken in the net and the fish were taken in the net.

A general meeting under the auspices of the East African Women's League was held in the Stanley Hotel yesterday morning, to discuss the native problem of Kenya. Mr. F. J. O'Connell, secretary of the League, presided, and Mr. J. G. MacCallan Wilson, secretary of the British and Foreign Bible Society, acted as the chairman. The meeting was opened by the absence of Lady Curzon, who had been invited to attend, but whose presence was regretted. Mr. O'Connell, in his opening address, expressed his interest in the movement, and said that much could be done by the women of Kenya. He then explained that Dr. Williams was particularly anxious, but his place would be taken by Dr. Wilson.

Medical View.
Dr. Wilson commenced by a reference to the native problem of Kenya. He stated that the native population of Kenya was about 1,000,000, and that the white population was about 100,000. He stated that the native population was increasing rapidly, and that this was a cause of concern to the white population. He stated that the native population was suffering from various diseases, and that this was a cause of concern to the white population. We have been asked what is the difference between an ordinary round tin and a patent round vacuum tin...

The ordinary round tin contains tea and damp, hot air harmful to tea. The patent vacuum tin has tea in vacuum. It is the vacuum that preserves.

Actually, "Red Label" fine tea in the patent vacuum tin costs no more than ordinary tea in a square tin, and even costs less than ordinary tea in an ordinary round tin.

There you have the difference in a nut-shell. Ask for Brooke Bond Tea.

P.S.—Our special quality, found in the "Green Label" brand variety tin, is called "Red Label" and is not for sale in this country.

The Low Priced Goodyear Wingfoot Cord

The Goodyear Wingfoot Cord tyre, while lower in price, is based upon the same principles of design and construction used in the famous Goodyear All-Weather Tread tyre.

The same high grade materials, the group high price construction of the coils and built over-dried make it a quality tyre through and through but on account of certain economies of manufacture processes these tyres can be sold at a much lower price than the All-Weather Tread Cord.

REDUCED GOODYEAR PRICES.
