[From A Correspondent.]  
It has been noted on many occasions in the Press of this City that there is a lack of honesty in the conduct of public affairs. This is particularly true when it comes to the conduct of the Government. It is not only the Government but also the private sector that is guilty of dishonesty. This is a serious matter and it is one that must be dealt with if the country is to progress.

### THE NEED OF HONESTY

[From A Correspondent.]  
It has been noted on many occasions in the Press of this City that there is a lack of honesty in the conduct of public affairs. This is particularly true when it comes to the conduct of the Government. It is not only the Government but also the private sector that is guilty of dishonesty. This is a serious matter and it is one that must be dealt with if the country is to progress.
