R.A.P. Chieftain would handle public life in the THRILLING EXPERIMENT.

The polo tournament was held on Sunday the 27th, and was carried on the Cranworth Cup on Handicap.

The weather was cloudy and the ground was very soft. The players were not in the best of form, and the game was not very interesting.

The result was a draw, and the game was not very interesting.

There is a serious shortage of maize in Nyanza. One farmer has lost 30 tons of maize.

The shortage is due to the fact that the maize crop has been very small. The farmers are very anxious to get the maize out of the country.

The Government is doing its best to help the farmers, but it is not enough.

In reply to the Abbey "Sermon," Rev. O. H. Knight and Mr. Fraser have written a letter.

The letter is a very interesting and well-written one. It is a very good example of what a sermon should be.

The letter is a very good example of what a sermon should be.

The racing on the first day was very successful and brilliant.

The weather was very good, and the race was very interesting.

The result was a very good one, and the race was very interesting.

The King's Silver Medal for Merit was awarded to several chiefs.

The award was made in recognition of the services rendered to the Government.

The award was a very well-deserved one, and the chiefs were very pleased to receive it.

**THE MUNICIPAL LAW.**

The Town Council of Nairobi has passed a resolution to ask Government to make for the Corporation the sum of £20,000 on loan. A quarter of a million pounds is a big request, yet, looking around Nairobi, we do not think that it is too much to ask. It is done with the funds, if the town is to have the dignity of a capital and if the Town Council is to be given some work that really matters.
