THE ROAD TEST.
 The need for supplying and having in order good roads in the country in which we are situated by every member of the community has owing to the various difficulties with which the Administration is faced, the chief of which is that of finance, the subject has been discussed just as much as it has been brought up. And yet the necessity for roads which will stand the strain of the ever-increasing volume of traffic is becoming more and more acute. In spite of the increase in traffic and the widening of roads which have been put into operation on the country has been reported by the Government as being in a state of emergency. It is not too much to say that the Government is in a state of emergency. It is not too much to say that the Government is in a state of emergency. A Marriage Tragedy.

INTERESTING ARAB CASE IN TRIAL.

An interesting case has occupied the attention of the District Magistrate, Mombasa, since the opening of the trial. An Arab was charged with the abduction of a woman under the age of 16 for an immoral and unlawful purpose.

Mr. Justice, C.I.D., stated that at 12 years ago, an Arab, now deceased, married a Moslem woman, and after her death a daughter was born to him. The woman had a daughter for several years and was one day in league on the suggestion of the accused, who absconded with the girl in the Mombasa Jail. It then appears that the accused disposed of the girl in a village to a Somali.

Mr. Justice further claims that he was the second husband of the girl, and that he is the father of the girl. The accused was sentenced to 10 years for the abduction of the girl, but the prosecutor has admitted that for the first year of the girl's life he made an attempt to see her and for her maintenance and stated that he divorced the woman. The case attracted much interest among Arabs. The case was adjourned for two weeks for the defence.

Mr. Charles Paine writes: "I have just received twenty 2 1/2 inches of rain in Nairobi. It is the first rain since the 1st of August. It is a most welcome relief after the long dry season which has been so oppressive to the country." The P.M.O. speaks of the regulations which are being made for the purpose of providing for the needs of the country in the event of a serious drought. It is the intention of the Government to provide for the needs of the country in the event of a serious drought. THE DEFERRED FORCE.

The statement made at Mombasa by the Colonial Secretary in reply to the question by the member for the Lake on the subject of the Indian Force will give rise to some interesting discussions in the country, but it will not be altogether unimportant to that part of the community which had long experienced of military service during the recent war and is still aware of the importance of retaining in the Kenya community the Indian force of the present strength and numbers of the Indian Force.

Without a word of explanation, the statement is framed today as unlikely to amount completely to a concession on the part of the Government. It is a statement which may be taken as a sign of the Government's intention to maintain the Indian Force in its present strength and numbers, but it is a statement which is likely to give rise to some interesting discussions in the country.

Blindness in Kenya.
"Cotton gives every hope," said Mr. Flynn, Rhodinia's Trust, in submitting the bill to the Legislative Council. It is a bill which will provide for the relief of the blind in Kenya. Blind!

"I was once blind, says he, and never a word about the tea being so superior to-day. Just like a man - why he never even seemed to see his way but let alone notice the bread and butter. And yet - I was blind, nearly man in his day for some months, but now I see as well as you, because I was using Brooke Bond tea. And you know it is the best tea in the world."

A little luxury you owe yourself

It is the little and scarcely noticed things that count. A cup of good tea - what a treat it is! But what a refreshing treat it is! And what a good thing it is to have a cup of good tea in hand for a few hours! Be as particular about the tea you buy as we are about the tea we sell. Always buy Brooke Bond. You will prefer it, because the quality is very good; because the blending is just right; and because the vacuum packing keeps it at the zenith of perfection.

You'll prefer Brooke Bond

the good tea in the tin that keeps it good

COLONIAL SECRETARY'S ANALYSIS OF THE BUDGET

ITEMS OF INCREASED ESTIMATES EXPLAINED.

Government Schemes & Ambitions.

PLANS FOR THE TRAINING AND EDUCATION OF ALL RACES.

Statement on Main Policy.

(By an special correspondent.)

On Monday, Thursday, the Hon. Mr. E. D. Thomas, the Colonial Secretary, introduced the Budget Estimates and delivered a most interesting and comprehensive analysis of the Government's financial position and its policy for the next five years.

The Hon. Member explained that the Government's policy was to increase the standard of living of the people of the Colonies and to provide for the education and training of all races.

He stated that the Government was committed to the principle of equal opportunity for all races and to the development of the Colonies as self-governing communities.

The Hon. Member also mentioned the Government's plans for the improvement of the roads and the development of the agricultural sector.

He concluded his statement by expressing confidence in the Government's ability to meet the challenges of the future.

Further estimates of the Government's financial position were provided, showing a steady increase in revenue and a decrease in expenditure.

The Hon. Member also discussed the Government's policy on public works and the improvement of the infrastructure of the Colonies.

He mentioned the Government's plans for the improvement of the health services and the provision of social amenities.

The Hon. Member concluded his statement by reiterating the Government's commitment to the welfare and progress of the Colonies.

There is a general feeling of optimism in the Colonies, and the Government's policy is widely appreciated.

The Hon. Member also mentioned the Government's plans for the improvement of the roads and the development of the agricultural sector.

He stated that the Government was committed to the principle of equal opportunity for all races and to the development of the Colonies as self-governing communities.

Recently we were informed that the Immigration Bill had not a successful issue. The withdrawal of these Bills, even in its most restricted form, is a cause for regret. Our feeling is that the Government should make a provision for the Bill to be introduced at a later date.

The Bill is a very important one, and it is very regrettable that it should have failed. We hope that the Government will make every effort to see that it is passed in its present form.

Where is the Team for Mombasa?

ROBERT OSTERHOFF TO BE OVERCOOK.

(By M. CHAZA)

There seems to be a general opinion on the part of Mombasa that the team for the Mombasa race will be made up of the following:—

Probably very few of these realize that without these visiting guests, the Mombasa race will be a poor affair. It is a pity that these visiting guests are not more numerous.

FIRST, LARGEST, BEST

Certain estimated prices on spreading the report that our milling plant is "unimpaired." This is quite untrue. Certainly we have been established for over 15 years but the new flour milling machinery installed by us this year, last year, and in 1911, has a larger capacity than that of any mill now running or being erected in this country. And in planning our new plant we had the advantage of 15 years experience of local conditions and local wheat.
