One of the most interesting  
meetings which took place  
during the month of January  
was a meeting of the  
representatives of the local  
settlers and the General  
Manager of the Railway.

The subject under discussion  
was the construction of a branch  
line to serve the farms near  
Thomson's Falls. It is now  
probable that the branch line  
will be built within a few  
months.

The General Manager  
of the Railway, Mr. Herzliff,  
is a man of wide experience  
and has been in charge of  
the railway for many years.

The meeting was held at  
Nakuru and was attended  
by a large number of settlers  
and representatives of the  
Government.
