I had the report with the others required for the Committee's annual Report (They have gone, with a spare copy of that in 16993 & 6 Call. Cox for digesting) & I did not realize that this called for an answer. I do not quite understand why the Gov. thought it necessary to ask for approval.

The report shows that the Dept. did very well until they were swamped by the thousands of the "Kikisipia" or their "arrivals" but
