Trooper Clark served in S.W. Malaria Rifles, was
afterwards captured at Malindi
Seyidani, joined the U.S. as an ambulance driver
(Presumably his ranking was Sergeant M.M.R. on a T.124
agreement) & went down in 1918.

His brother wants his gratuity & war decorations

Presumably ~~the~~ Clark sent of him in 1918. His
gratuity & war decorations should have been granted to

The question of payment of gratuity when a soldier
has served under both the C.S. & the Aden. is under
discussion - an arrangement similar to our arrangement
with A.S.O.

This has been proposed to Aden. M.M.R. ratings are
settled with us by shipping & I suggest that

we should open the matter with us of S. when Aden
reply has been received - they will probably accept

the arrangement Aden. accepts.

Under Secretary of State,
Colonial Office,
London S.W. 1.

In reply to your letter dated -
9th December, 1918. I wished to have
an interview concerning my brother
who had been in the East African

Mounted Rifles. Discharged from Nairobi
(Wounded) and went home to Dublin
but never received any pension?
I should want to find out, whether
there is any settlement re monetary
matters, gratuities, war decorations
etc won and earned by my brother.
I may state that he has been killed on
A. Service since his return home from
East Africa, he lost his life on the
ill-fated Ontario he being then one
of the mercantile crew as a stoker.
Thanking you in anticipation and
hoping to have full particulars as
soon as possible.

Yours Obedient Servant
James Clark.
