Application for Appointment

1919

10. Apl.

Last previous Paper.

Requests he be informed of probability of being offered — Considers treatment unfair.

~~Major Furse~~
Mr. Eriddle.

Mr. Creery was chosen by the head of the Cadet School branch of the Survey Dept. for engagement as a Computer & the CA. were instructed in July 1914 to enter into an agreement. He declined, however, owing to having joined up at the outbreak of war; the place was not to be kept open and it was decided that he should leave from the corps when a vacancy occurred after his services were available. I should be prepared to put him forward now if there was a vacancy.

a vacancy occurs and that he should
give any idea when there will be a
vacancy. That he should apply to C.A.
as he suggested. That the salary of
a computer remains at £250-£200-
£350, but that there is at present
a four bonus, the amount of which is
now under consideration, and
that pursuant to excess of salary
in the Post. since generally have
also been proposed.

The Under Secretary of State,
Colonial Office, S.W.1.

Sir,
With reference to your 10380/1919 of 5/3/19, I have not yet received any communication from you. I beg to draw your attention that in July 1914 I had obtained an appointment under you, and though in default of you and no fault of my own I was compelled to give it up. It seems unfair that I am unable to be considered with other candidates when vacancies occur, especially in view of the letter of the Hon. Secretary, Harcourt of 15/8/14 - No 30108/1914. per 2. to my father - Sir R. F. Green.

I should be much obliged if you would let me know at your earliest convenience the probability of being offered an appointment with approximate remuneration &c, to enable me to make necessary arrangements to resign my present position.

I am Sir,
Your obedient servant,

R. F. Green
