~~Mr. Buckley, Mr. Schurley~~

25689/19 As far as the railway fare is concerned I do not see that any exception can be made here. If the statement in the train service is correct there would be a good case for a night detour. The D.B.C. hours take longer than the number mentioned in the 6.20 and 11.45 p.m. I phoned the Exton Enquiry Office and am informed that these tickets have not been seen in the 1919 book and perhaps he can be given a night detour allowance up to 100/100 in production of receipts. He is making the usual mistake, it should be told to the man Mr. W. A. local fare is not chargeable for the various grounds. The 10th Dec 1919 is night detour at the termination of the war service, being suspended on 1919/19. 20 p.m. 17.6.19
