Permit to take out Rifle

Enquires if .303 calibre rifle is allowed  
in S.A.P. if not, what calibre?

Mr. Calder.

I can find nothing to show that  
~~the~~ importation of a .303 rifle into  
S.A.P. is prohibited, which it may  
not be taken into account.

? inform Mr. England that no permit  
is required to take a <sup>.303</sup> rifle into the S.A.P.  
which though it may not be imported into  
the League of Nations.

The Secretary  
Colonial Office, Whitehall

Sir,

I am about to sail for the Protectorate of British East Africa where I intend to live as a settler, in the district to which I am going a rifle is a necessity & I wish to take a .303 or similar rifle, some doubt exists as to whether this calibre is permitted in the Protectorate I shall be glad therefore if you will kindly inform me whether there is any restriction regarding this calibre, if so what similar calibre is allowed.

Yours faithfully  
J Douglas England Lt.  
late The Rifle Brigade.
