ELECTION ANALYSIS CHALLENGED

YOUR conclusions that a despite securing a majority of seats, the Independent Group commanded less popular support throughout the country than supporters of the U.C.P., are perhaps a little superficial. Apart from the fact that this makes no allowance for the supposed return of the Member for Uganda, it is interesting to note that—

—More than 20 per cent of the U.C.P. vote was gathered in constituencies where no Independent Group candidates were returned.

—The average vote cast for the U.C.P. candidates supported would still leave the average 1954 vote for the Independent Group unchanged.

—The sum total of the Independent Group candidates was only 46 out of 100 seats.

—The U.C.P. and Independent candidates were returned 1:1 in the constituencies where the Independent U.C.P. did not know all the local candidates.

—The U.C.P. vote was generally undivided.

—E. C. KARIBU, Nairobi, Oct. 9, 1956.

Scout emblem.

IN a recent issue of your paper, a Scoutmaster has written to the Scout Association stating that he had been asked to purchase the 1956 Scout emblem for his Scout group. This has been done because of the fact that the Scout emblem is a symbol of the Scout movement and is a mark of distinction for all Scouts. It is not a matter of purchase but of a requirement to have a Scout emblem in order to be a Scout. It is not a matter of purchase but of a requirement to have a Scout emblem in order to be a Scout.

TUK elections in Kenya.

THE election in Kenya over 20 years ago time to have the right and left to demonstrate a movement away from the position occupied by Members who supported Miss M'Nabisi was a mistake. The mistake of the past has been repeated by the failure to support the right and left to demonstrate a movement away from the position occupied by Members who supported Miss M'Nabisi.

Lucky year.

THE year 1956 is sure to go down in our history as a lucky year. The people of Mombasa have been distinguished by the fact that they have elected a representative to the Executive of the U.C.P. in the person of Mr. S. KARIBU. This is a very fine achievement and a credit to the people of Mombasa.

REFINERIES TO DOUBLE THEIR CAPACITY

Expansion in Britain

WORK is in progress on two major English refineries to double their capacity within two years.

The British Refining Company, which has a refinery at Havon on the Thames Estuary and the British Refining Company installations on the Isle of Grain in Kent.

The Isle of Grain scheme, which will cost £20,000,000 and will raise production from 2,000,000 tons a year to 4,000,000 tons, involves the dredging of 500,000 cubic yards of sand from the Mersey to fill the site on which the refinery will be built.

The new refinery planned at Havon includes one of the largest gas plants in the world, and will raise production to 7,500,000 tons per year.

MOMBASA COFFEE TALKS

THE HEB Coffee Trade Association of Eastern Africa has voted against proposals for the setting up of a futures market in London and after three days of attempts to persuade merchants to change their minds, Mr. J. Clay, a director of the London Produce Clearing House, Ltd., has left.

The East African Association of Coffee Producers has expressed its opposition to the setting up of a futures market in London, and has urged the London Produce Clearing House, Ltd., to withdraw its proposals.

The London Produce Clearing House, Ltd., has proposed the setting up of a futures market in London for the coffee trade, and has invited the East African Association of Coffee Producers to join it.

The East African Association of Coffee Producers has refused to join the London Produce Clearing House, Ltd., and has expressed its opposition to the setting up of a futures market in London.

EMBARGO ON WOOL IMPORTS

British exporters concern at U.S. act

BRITISH exporters are alarmed at the imposition of a £2,500,000 import quota on U.S. wool imports and the exports increasing to 15 per cent of the duty on imports exceeding the quota.

The quota is the biggest action of the U.S. Government against wool exports, taking about 21 per cent of the wool.

The quantity allowed by the quota is about the same as the average quarterly figure for U.S. wool imports.

U.S. wool imports in the first eight months of this year are 13 per cent higher than in the corresponding period of 1955.

The increasing levels of duty in the quota program may cause a situation for exporters in view of the time as before and as to delivery and the loss of the U.S. market.

It is understood that representatives of the wool growers and the Wool Growers Federation of the U.S. are in London at the present time.

SHELLED BY THE GERMAN 1914, THE SYBIL IS NOW

A modern Lak vessel with a new future

ONE of Lake Victoria's oldest vessels, the Sybil, has been converted by the East African Harbours Administration into the most modern of vessels. The Sybil was built in 1894, and she will be commencing her service in the month of November. The vessel is 100 feet long, 18 feet wide, and has a draught of 10 feet. She is fitted with a 100-horsepower engine and has a maximum speed of 12 knots. The vessel is also fitted with a wireless telegraph and a searchlight. The conversion of the Sybil is a fine example of the work done by the Harbours Administration in modernizing the lake's fleet.

Bands play to empty tables in New Delhi

WESTERN night bands which were playing at the Hotel New Delhi in New Delhi, India, were told to stop playing because the tables were empty. The bands were playing for a long time, but no one was coming to listen. The hotel management decided to stop the bands because they were not getting any business. This is a common occurrence in New Delhi, where many people do not like to go to night clubs and dance halls.

Friend of the Family...

A child's life is brightened when his father celebrates his birthday, or some special occasion. He represents to his growing children the joy of his father's love.

A father can provide the means for celebrating these heart-warming occasions without his wife and children having to face the future alone.

To the family that has adopted the name of a bread-winner, "The Old Mutual" is a friend indeed. The "Old Mutual" has the construction in its life to make it its life's work to ensure that their future is founded upon security.

In the largest sense, "The Man from the Old Mutual" is a lifelong friend of the family.

And many others. To them, too, "The Old Mutual" is a friend indeed.

CLEANS TEETH WHITER THAN EVER BEFORE

The whiteness-meter proves it

TEETH 18% WHITER!

Men and women have always wanted whiter teeth. Now Macleans' "Whiteness-Meter" shows you just how much whiter your teeth are after using Macleans. The whiteness-meter records an increase of 18% whiter after "New Macleans".

Each year, over 100,000,000 Macleans are used. The whiteness-meter proves the cleaning action of Macleans, making your teeth whiter and smoother, preventing the tartarum which causes yellowing of the teeth.

MR HOYLE sits in his hornet's nest in his special attempt to explain why 86 out of 100 would-be voters in the East District are against the new Nationalist Government. He is a political perfectionist attitude.

Driving people are accused of not voting for the new Government because they were not grateful to Mr Hoyle's state speech early in the 1949 elections at our Traffic Department could cause the loss of a Highway Certificate.

The local lawyer has an unimpeachable reference to the new Government. He says that the new Government is not a mixture of the old and the new, but a marked difference between the two.

Turbo-jet venture in civil aviation

The Hawker-Siddeley Group, one of Britain's largest aircraft manufacturers, has announced that it is to produce a turbo-prop jet aircraft. The venture into civil aviation by the Group was discussed by Sir Frank Spillings, the managing director, who is produced at the Coventry works of the Armstrong Whitworth Co. The aircraft will be powered by turbo-prop engines and will probably be available in two versions—a four-engine aircraft and a two-engine version with engines of substantially higher power.

Sugar council cuts export quotas to raise prices

The International Sugar Council has announced that it has agreed to reduce its export quotas by 10 per cent out in basic export quotas that the price of sugar can be raised. The Council, which had a meeting in Geneva, made the decision under Article 10 of the 1952 International Sugar Agreement which provides for a 10 per cent reduction in the export quotas of sugar if the price of sugar in the United States falls below a certain level. The council's decision is expected to be effective from 1st January 1957. The council's decision is expected to be effective from 1st January 1957.

World 'shocked' by West's threats of force in Suez dispute

EGYPTIAN MINISTER'S CLAIM

Nothing could justify, nothing could excuse what is now going on in the Suez Canal zone, the Egyptian Minister of Foreign Affairs, Mr. Fawzi, said today in a speech to the Egyptian Parliament.

Mr. Fawzi, speaking from the Egyptian Parliament, said that the Egyptian Government was shocked and outraged by the threats of force against Egypt by the United States and Great Britain.

He said that the Egyptian Government was determined to resist any such threats and would not be intimidated by the threats of force against Egypt.

Mr. Fawzi also pointed out that the Egyptian Government was determined to resist any such threats and would not be intimidated by the threats of force against Egypt.

MR. GAITSKELL TURNS LEFT TO PARTY UNITY

By Ian Walker

Mr. Gaitskell's speech has just ended... The Labour Party conference which has just ended... It was a speech of the highest importance...

What was the motive... The motive was to bring about a change in the party's policy... It was a move towards the left...

Two reasons accounted for this... The first was the need to attract more voters... The second was the desire to show a new direction...

It is a move towards the left... This is a significant step in the party's history... It shows a clear commitment to social justice...

REFEREE STOPPED FIGHT IN FAVOUR OF McATEER

Heavyweight contender from Tonga outpoints American

Scots beat Combined Services

SCOTLAND were rather fortunate to run out 2-4 in their second match against Combined Services on the Railway Club ground on Monday after leading 3-1 at half-time.

Although there was some rain, the referee was not called into the arena but neither side was able to score for the rest of the afternoon.

Scotland led Africa in the second half but the referee had to stop the match because of rain.

Today's hockey was played on a very good pitch at the Sports Ground, Nairobi.

McATEER of Birkenshead retained his British and Empire middleweight boxing title against Lew Lazar of London, at Nottingham on Monday, when he refused to stop the fight in the fourth round. Lazar was refused stoppage in the fourth round before the referee intervened. Kiltos Lave, Tonga's contender for the British Empire heavyweight title, won on the same bill. Lazar, who has a record of 10 wins and 10 losses, was a former international and a former British Empire champion, was a natural right-handed boxer. Kiltos Lave had 4-0 in his eight rounds against Harry Wills, a former British Empire champion who has won 10 of his 12 bouts. Lazar was leading 10-9 at the end of the fourth round but the referee stopped the fight because of rain.

Repeated warnings

Lazar was sent down stairs in the early part of the fourth round. He was sent up again but was sent down again for the second time.

BRITAIN'S ECONOMY NOT HARMED BY SUEZ CRISIS

Mr. Macmillan gives an assurance PRIVATE TALKS BY BOTH SIDES IN NEW YORK

BRITAIN'S Chancellor of the Exchequer, Mr. Macmillan, speaking in London on the Suez crisis, said neither the military expenditure nor the disturbance to shipping had affected the nation's economy.

In New York yesterday, the Secretary-General of the United Nations, Mr. Hammarskjöld, calling together the most disreputable in private. Conference speakers said he was not acting as an official mediator but was lending the prestige of his office to bringing the opposing sides together.

The meeting took place after the Security Council had agreed to suspend its planned second annual session for 40 hours to enable the two sides to find a basis for fruitful negotiations.

Mr. Macmillan revealed that Britain achieved a current surplus on her balance of payments in 1955 of £1,000,000 in the first half of this year.

U.S. urges 'insulation' of canal from politics

MR. DULLES was the last of the Big Four Foreign Ministers to speak in the Security Council debate on Suez. He said the heart of the problem was acceptance of the principle that there should be a system to ensure that the canal would be insulated from the politics of any one nation.

Mr. Dulles said that the canal should be insulated from the politics of any one nation. He said that the canal should be insulated from the politics of any one nation.

AGREEMENT
"UNFORTUNATE"

The Egyptian Foreign Minister, Dr. Fawzi, suggested that the British Government should be asked to accept a "temporary" settlement of the Suez Canal.

Mr. Dulles said that the canal should be insulated from the politics of any one nation. He said that the canal should be insulated from the politics of any one nation.

It would be a fresh start in establishing a permanent settlement. He said that the canal should be insulated from the politics of any one nation.

'IRRESPONSIBILITY' OF AFRICAN CONGRESS

MR. E. W. MATHU, the African leader, told the East African Standard yesterday that he would advise the Nairobi District African Congress in future to ignore demands made by the Congress at a public meeting in Mombasa on Sunday were "irresponsible and absolutely unjustified."

The demands, he said, were that the African community should have no relations with the Government until the election of a new African Parliament. He said that the African Unofficial Members should refrain from taking part in discussions on political issues.

AGREEMENT TO LEAVE AT ONCE

AFRICAN Unofficial Members are to withdraw immediately from the Unofficial Members' Organisation, which includes representatives of all racial groups in the Opposition.

RESERVISTS' RETENTION 'STILL NECESSARY'

A STATEMENT issued from Downing Street, London, yesterday, said that it was still necessary to retain active reservists recruited for service before the outbreak of the Second World War.

The statement followed disclosures of unrest among reservists in Malta, Cyprus and Britain. The men were needed to keep up the military strength required for military operations "should the need arise."

BURMESE LAMB SPINDELE GENTLY TO THE CHINESE LION
BURMA, small, neutral and democratic, is feeling the pressure of the expanding designs of Communist China. And the Burmese are alarmed. They fear that penetration of their northern borders could be the first step towards a Chinese occupation of the whole of Burma.
The Chinese Government has established a chain of about 100 military outposts and garrisons along the northern border of Burma. These outposts are manned by Chinese troops and are equipped with modern arms. The Chinese Government also maintains a large force in the thousands of miles of the Salween valley.

Only miracle recovery can enable John Landy to run

AUSTRALIAN sports writers say that "only a miracle recovery" can enable John Landy, the Australian track star who became the world's fastest miler in Melbourne Olympics. He has had trouble with stomach in Australia; papers are asking if he will run at all.

His first practice race would have been on Saturday. Landy's Olympic hopes ended at 4 p.m. on Saturday when he left Geelong, where he teaches at a gymnasium, for Melbourne to undergo physiotherapy treatment.

Complete rest cure

Australian writers said that Landy was told by the British doctor, Dr. J. H. D. Jones, who has treated a number of other world-class runners, that the only way for Landy to complete his Olympic career was to undergo complete rest.

Landy arrived with his fellow Australian runners to begin their Olympic training in Geelong, Victoria, on Saturday. He was told to rest for a week and then to undergo physiotherapy treatment.

Kenya's most expensive 'spending houses'

THE statement of Mr. Wanyo should have received by Kenya Public with mixed feelings of buoyancy and thrills.

LETTERS TO THE EDITOR

ROYAL SHOW
I AM sure most people will have noticed the lightness of paper and rubbish strewn over the road at the Royal Show.

The Finance Minister tells us that the country could do with out some of the loan money granted by Britain and that revenue obtained at present level there may be no need of call for further financial aid during the present year.

There is, in view of the prevailing circumstances, the likelihood of the revenue being continued on the anticipated level. Furthermore, the poor economy of Kenya cannot bear the increase in the already very expensive Civil Service of Kenya.

In a radio in the Children's popular capacity, especially, by enabling it to offer the Government an opportunity of providing the world. These run the show of Kenya and its mostly borrowed money from Africa.

As much as £8,000,000 has been allocated to the Civil Service by the Government. It is not within the power of a manager being committed to an office if he is not being carried back to face the job for to which he is appointed. The whole trouble is that most of the boys employed for the Civil Service are not our city citizens to support an inflated K.S. salaries in the of the show which are charged by some of them. Some of them are not our city citizens to support an inflated K.S. salaries in the of the show which are charged by some of them.

ROADS
I read Mrs. J. White's letter in the paper, and I am sure that she is not alone in feeling that the roads in Kenya are in a state of disrepair.

However, I was far too busy to be able to write to you about it. I am sure that you will be able to help me in my efforts to improve the roads in Kenya.

DRIVING TEST
I feel that the driving test in Kenya is too strict. I am sure that you will be able to help me in my efforts to improve the roads in Kenya.

ROYAL SHOW
I AM sure most people will have noticed the lightness of paper and rubbish strewn over the road at the Royal Show.

available to him otherwise when this is done, the appropriate amount of "Two mistakes." And for the third time, if this examination falls over to the left, it will be considered a failure with one mistake.

The time was within three minutes. In this case, it would have been a total three times by the time the examination happened to fall the first and second time. One of the factors in the three time outsider him a failure.

There may be 20 per cent of the candidates who, according to Mr. Hoyer, appear for tests unprepared, but what can be said of the other 80 per cent (including the number of those who pass), who are intelligent and successful in life, yet repeatedly fail the test? It is suggested that the learner is examined in the room of the Traffic Department, alongside the road sign material that candidates may study them, only, necessarily, during the test.

VISCOUNTS BOOST RHODESIAN AIRLINE BUSINESS

Bookings received for 1956 flights

Following the introduction of the turbo-prop Viscount fleet, business is increasing on the Central Airways. The aircraft made it possible to step up the capacity on some routes by a third and the increase has been taken up. The service to London is growing popular, and already some northbound aircraft for the peak period next year—March to July—are fully booked.

Bookings have also been received for 1958, 1959 and 1960. The Viscount service has not only added in any drop in earnings of the chequer "Zambesi" Viking.

Increase of one-third in cargo capacity was made between Salisbury and Lusaka and Lusaka and Ndola.

Even where there has been an increase in capacity, there has still been an increase in passenger cars carried. On the Lusaka route, for example, where there are 49 passengers, there has been an increase of 100 in August last year.

BRITISH RUNNERS STEAL India hope to exploit spinners

A MARCH AT MELBOURNE Americans and Soviet too late to reach peak form ready six weeks early

AUSTRALIA is to open the Olympic Games — six weeks before they are due according to Sir Harry Alderson, chairman of the Australian Olympic Federation.

The world — as the Olympic committee said — will not be at the very summit, he said in a meeting at Sydney. Sir Harry Alderson's statement came in a formal notice which was due to open in Melbourne last week.

One of the difficulties facing the organizers at the Games was how to draw upon the United States and other runners in the United States. The Royal Australian Air Force was called in to transport the American team.

Mr. Alan Turner, Secretary of the Australian Olympic Federation, said in Melbourne: "I am sure that we are able to do just what the American team would be doing in Melbourne."

"There was a waiting list of 14 people, or five flights, to Melbourne in the last 48 hours," he said.

Tony Johns, Alan Turner, James Gogan, and John Shanon, Melbourne Olympic Council members, would be taking the American team to Sydney on October 14.

Mr. Alan Turner said that out of 10 was also in danger of missing the boat.

Officials versus Settlers cricket in retrospect

From a Special Correspondent

The 1956 Officials' Cricket first fixture was not distinguished by any remarkable original heroics. "Round" was the only captain and the eighth season — the year of the Officials' Cricket — is over. It is a pity that the first test fixture will be held in December 1949.

From the outset, the two sides were well matched. The officials' side was the eighth season and the settlers' side was the eighth season. The officials' side was the eighth season and the settlers' side was the eighth season.

India hope to exploit spinners

India's vulnerability against spin by including four spin bowlers in their team for the first cricket Test at Madras on October 19.

The spinners included are Vinoo Madhan, P. P. Panikkar, and K. Srinivasan. These are the spinners who have been recalled for the first time.

The Australian captain, Don Bradman, has been recalled for the first time. The Australian team is expected to arrive in India in the next few days.

INFLATION WARNING TO INDIA

Mr. Mansel, India's Minister of Planning, said at Amherst that the Indian Government would not be so anxious to avoid the risk of inflation through the release of the financing and the government of India should provide a guarantee for the loan. Mr. Mansel said he was not concerned to avoid inflation, though it was a hard-headed approach to the problem of India's economic development, though it was a hard-headed approach to the problem of India's economic development.

Israel determination on meeting 'threat' WARNING BY BRITAIN OF PACT OBLIGATIONS

IRAQ forces which have been massing along the border with Jordan for the past four months are expected to enter the country soon, it was reported yesterday from Baghdad.

The Israeli Foreign Minister, Mr. Golda Meyerson, said yesterday that the impending troop movements, which would be based on the Israel-Jordan friendship treaty of 1947, constituted a threat which Israel was determined to meet.

Britain has told Israel that she would not regard the change inside the terms of the Israel-Jordan Armistice Agreement. But a Tel Aviv report said that Israel had rejected the British view in a statement to foreign correspondents.

Chambers in London said that an agreement between Jordan and Israel would be expected to be concluded by the end of the month. He said that the British view was to be expected to be rejected by the end of the month.

Evacuation of 50,000 people as river rises

IRAQI troops, called in at the weekend to handle what is expected to be the worst flood since 1930, have evacuated nearly 50,000 people from the area of the swollen Tigris river. The flood reached its peak on Sunday.

Wall of water on Saturday night New Delhi's police are reported to be working as thousands of cattle were moved to higher land.

COMPLAINT AGAINST GREECE

BRITAIN has asked for a decision in the U.N. Security Council on the violation of the 1948 armistice agreement in the Cyprus dispute.

The British Foreign Office spokesman said that the Greek Government had violated the 1948 armistice agreement in the Cyprus dispute.

Russia vetoes half of Suez plan

SIX PRINCIPLES AGREED FOR FURTHER TALKS

The Soviet veto was used for the 70th time in the United Nations Security Council just before midnight on Saturday to kill part of an Anglo-French resolution approving the 18-nation plan for international control of the Suez Canal.

The resolution was voted on in two parts and the first, approving the six principles agreed by Britain, France and the 18-nation plan, was adopted unanimously.

Through the other five nations in the Council voted in favour of the veto of the Soviet Union, as of the 'five great powers' permanent members, was enough to kill it.

PROGRESS RESULT OF FIRMNESS

There was an exact indication yesterday of what the next step would be in the U.N. negotiations on Suez, but there are still wide differences of opinion.

Twice adjourned Mr. Selwyn Lloyd, British Foreign Minister, said that the Anglo-French resolution, supported by 12 nations, was adjourned twice.

The opening of the debate was twice adjourned while the resolution was being debated.

Canal protest from Israel

The Government of Israel, in the Security Council, has protested against the U.N. Security Council resolution on the Suez Canal.

Mr. Pinhas Palti, Israeli Foreign Minister, said that the resolution was a violation of the 1948 armistice agreement.

City centre a splash of colour for Princess's visit

MAYOR TO READ ADDRESS AT NAKURU

A SIX-YEAR-OLD girl, Ms. Elizabeth Mbatia, has been selected to present a message to Her Majesty the Queen when she visits Nakuru on Thursday, October 14.

Mbatia, a pupil at the Nakuru Girls' High School, will also receive an address from the Mayor, Mr. R. G. G. Marshall, at about 11.10 a.m. at a short ceremony in the city centre.

Nairobi's main central streets present a blaze of colour for the visit of Princess Margaret. When she returns from Government House during her ceremonial tour of Eastleigh Airport, the Royal visitor will see yards of gay bunting and flags, a prominent display on Bazaar Street and several on display on the way to the Victoria Jubilee Institute.

Three sets of especially impressive decorations on Cargen House and New Agricultural House, the few buildings in Government Avenue have been specially decorated, and the principal houses with green and small flags protruding from an upstairs balcony.

There are reports of a flagpole being set up in the centre of the city on the corner of the Victoria Jubilee Institute, where a flagpole will be erected by the Kenya Regiment. The flagpole will be set up in the centre of the city on the corner of the Victoria Jubilee Institute.

On Saturday, Princess Margaret is to arrive at Nakuru by the African Steamship and Motor Navigation Co. Ltd. at about 10.30 a.m. before leaving for Government House through the city.

The royal party will be met at the Nakuru station by the Kenya Regiment and the Kenya Police. The Kenya Regiment will be in the lead, followed by the Kenya Police and the Kenya Mounted Police.

The Kenya Mounted Police will be in the lead, followed by the Kenya Police and the Kenya Regiment. The Kenya Mounted Police will be in the lead, followed by the Kenya Police and the Kenya Regiment.

DIVIDED RESPONSIBILITY IN PRISONS CRITICISED Change of control for rehabilitation REPORT ON INQUIRY INTO ADMINISTRATION

MEASURES taken by the Kenya Government to reduce the size of larger prisons and detention camps and to transfer inmates to their districts of origin for rehabilitation, were disclosed in a report issued yesterday.

It is emphasized, however, that further simultaneous measures at Mombasa and Embakasi cannot be achieved in a report on the prison problem.

The report is written by Mr. G. H. Heaton, a former Commissioner of Prisons, who was invited to investigate the prison problem.

Mr. Heaton criticised the fact that rehabilitation work in prisons has been entrusted to the Department of Prisons, which has no technical staff.

The report also mentions that the Government should take steps to improve the training of staff and inmates.

Mr. Heaton also recommended that the Government should consider the possibility of transferring inmates to their districts of origin.

He also pointed out that the Government should take steps to improve the training of staff and inmates.

ROYAL C-IN-C First meeting of new Legislature

The Royal C-in-C, General Sir Gordon G. Bennett, opened the first meeting of the new Legislature at the Palace of Westminster.

He reminded the House that there was something more important than the rights of individual Members, and that was the character and prestige of the House.

He said: 'Our common ambition must be to ensure that the House of Commons should be a body of men of high character and high ability.

He also pointed out that the Government should take steps to improve the training of staff and inmates.

'ANXIETY' OF ISRAEL ON TREATY SPEAKER REFERS TO TREMENDOUS TASK

KENYA'S new Legislative Council met for the first time yesterday. Members of the House of Representatives, Sir Bernard Gordon-Bentley, said that they were embarking on the tremendous task of endeavouring to build a stable Parliamentary Government in a very young country.

In this endeavour, we must naturally seek inspiration from that fountainhead of liberty, common sense and wisdom, the Mother of all Parliaments.

He reminded the House that there was something more important than the rights of individual Members, and that was the character and prestige of the House.

He said: 'Our common ambition must be to ensure that the House of Commons should be a body of men of high character and high ability.

He also pointed out that the Government should take steps to improve the training of staff and inmates.

(A Statement About Bottle Size)

IT'S NICE to be recognized as the leader. It's flattering to be imitated.

Above all, it's good to learn that others acknowledge that you've been right from the very start.

From the start, Pepsi-Cola has offered you the finest quality in a two-glass 10 oz. bottle. That quality has made it the fastest-growing beverage in the world.

Now comes the news that another well-known cola has just come out with a so-called "king-size" bottle, containing 10 oz. the same quantity as in the standard-size Pepsi bottle you have always known.

We gratefully accept this compliment to our success. In return, now that bottle size is no longer a factor, we suggest you try both colas side by side—Pepsi-Cola and the newcomer's bottle too.

Please try them both and judge by taste.

Marketing of milk organised

TANGANYIKA MOVE BY PRODUCERS

Organised marketing of the milk and milk products of Tanganyika is being arranged by farmers throughout the province as the result of a recent meeting held in Ifakara.

The meeting was attended by more than 60 milk producers from the majority to have over the course of four months in the Northern Province Farmers' Cooperative Society, Ltd.

Mr. A. Kessler, the chairman of a select committee appointed to inquire into marketing methods, took part without organisation producers in the province had no means of securing a fair price for their produce.

Disrupted confidence

Generally, the demand for milk throughout the province exceeded the supply, but during the last year attention had been lent as the result of the production of a considerable surplus of fresh milk.

As a result of a proper level of organisation, milk was to be produced from Kenya for the province and the milk would be sold at a profit to the provincial local producers of the Tanganyika Government.

The plot committee believed that the sale of the milk would be a considerable source of revenue for the province.

Kenya Co-operative Creameries has agreed to assist any co-operative venture by Northern Province farmers on the lines suggested, and it was felt that this was a most important step in the development of marketing in the province.

Encouraged to join

The Provincial Commissioner, Mr. J. K. Robinson, who opened the meeting, said experience had shown that a farming co-operative was essential, and was equally as helpful to the small farmer.

He welcomed particularly, a suggestion that those farmers who were interested in the requirements of production should be encouraged to join the co-operative.

Illiteracy rate

The estimated rate of illiteracy in Africa is between 75 and 90 per cent. The United Nations Scientific and Cultural Organization announced in Paris...

The six-year-old Nile Anglo-African School, Nairobi, which was inaugurated by Mr. J. K. Robinson, the Provincial Commissioner, in 1955. The school is the first of its kind in Kenya.

AFRICANS TO FORM NEW CULTURAL ORGANISATION

AFRICANS from all parts of Kenya gathered at a meeting in Nairobi on Sunday to launch a new cultural organisation to promote the best elements in African culture and civilisation. The organisation will be named the Cultural Society of New Africa.

It will be open to members of all African communities in Kenya, and will endeavour to promote closer inter-cultural contacts between the African communities and to assist Africans to study modern sciences and to promote the presentation of African cultural values and the preservation of African culture such as music, language and dance.

The meeting was held at the Nyayo Club in Nairobi.

Speakers at the meeting stressed the importance of the establishment of a common political organisation in Kenya to enable Africans from various tribes to discuss their problems.

Back in favour

There may be a change of opinion in Nairobi, where the African National Congress (ANC) was once regarded as a political organisation, but it is now being re-evaluated as a cultural organisation.

ESTIMATE OF £36,000 FOR ROAD EQUIPMENT

NAKURU County Council is to ask the Ministry for Local Government for permission to raise a loan of nearly £36,000 to buy road-making equipment.

In moving the recommendation, which was unanimously approved, the Chairman of the Council, Mr. C. D. Mwangi, stated that the volume of traffic at Nakuru was increasing rapidly and he did not believe there would be any reduction in numbers or weight — one of the major problems — in the future.

The amount of new farming areas, increased farming, the increase in the number of motor vehicles and centres would make road-making essential.

19 p.c. spent

Count Mwangi mentioned that 19 p.c. of the county's total revenue was spent on road-making and maintenance and the council was preparing to undertake a steady programme of road-making to about five miles a year at the moment.

An increase of more than 10 p.c. in the volume of traffic was needed to overcome the budget and make full use of available finance. Of a total of over £48,000 available, only 19 p.c. had been spent by the end of 1954.

Expenditure on the county's road-making programme in the last four years was £11,000 this year.

Hair Health Before Hair Styles

By Eileen Anderson

FAMILY hair and beauty consultant with a refreshingly sensible theory of Mr. Charles Beckman. When it comes to the care of scalp and skin, says Mr. Beckman, nature knows best. But Mr. Beckman is the only one around your hair who is not a hairdresser. He is a physician. He is a doctor. He is a man who has seen the inside of your own mirror. Don't be lulled into the idea that beauty is a matter of hair which could be handled by a beautician if you are not a doctor.

Beckman explained the theory. Often women, he said, will use more hair oil than they need to help health. They use it to make their hair shine on the vital organs which will have a sufficient supply of oil. They dry the hair to get rid of "grease" — but forget that natural oil is needed for health. It will make their hair shine. It will make their hair shine. It will make their hair shine.

Diet attention

Very great hair needs attention to diet. "Can your liquid intake be too much of a good thing?" said Mr. Beckman. "The salt intake is too much. The salt intake is too much. The salt intake is too much.

IT MAY HELP YOU

SCALP health is important. It is important. It is important. It is important. It is important. It is important. It is important.

VICTORY GAINED AT HIGH PRICE

British athletes injured

THE London-Budapest athletics meeting at the White City last Thursday, writes Archie Guick, provided tragedy for British athletes. While both the men and the women recorded victories over their Hungarian rivals, they were gained at too high a price—in injuries, to accept a champion John Young, the Olympic champion of both men have and to regard them as personally jeopardized.

The men's 100 yards race was a tragedy in the making. It was the 100 yards race by no means unorthodox, even their favourite contender, one of 1936, and 2,000 metres.

Is the more serious

The damage to Shirley is the more serious for, without some opinion that he is John Young would hardly of this stage of the game, hope to get into the next Olympic games. He may be a potential A.A.A. star in the Commonwealth or Mediterranean Games but as yet he is "green" in the international sense.

John Young's pulled his hamstring in his 100 yards race. He was out for 100 days. He will return to the 100 yards race next year. A.A.A. would miss the 100 yards race. The 100 yards race is the 100 yards race. The 100 yards race is the 100 yards race.

GRAND SQUASH IN WOMEN'S FINAL

From a Special Correspondent

AS already reported briefly, Mrs. Francesca Marshall, Kenya women's lawn tennis champion for the past two years, gained a hat-trick in the Kenya women's squash rubber championship at the weekend. On the Nairobi Club courts she beat Mrs. Gwynethryn by 8-6, 8-2 in a round-off.

Her opponent of the week was the wife of the President of the Kenya Squash Club, Mrs. J. J. Marshall. Mrs. Marshall beat Mrs. Gwynethryn by 8-6, 8-2 in a round-off.
