# MONEY WELL BY RANGERS

## Bad start for last season's champions

GLASGOW RANGERS, who had a remarkably poor start on 1963/64, provided a flash of their former season with a 3-0 win over Heart of Midlothian when the new season in Scottish football began. Rangers bought freely on the transfer market during the summer months and the cash paid for newcomers seemed to be money well spent.

The three Rangers goals against Hearts, the Scottish League champions, were all scored in the first half, and though none of the new signings was alone in the front line, they assisted in the goal reserves.

Rangers played magnificent football in their first match, with five goals, but in the second half, they were let down by the fact that the new signings were not up to scratch. Johnny Robb, scored the second goal after a pass from half-back, Jimmy Miller made it 3-0.

# STOCK MARKETS FIRM BUT QUIET

## Little change in Coppers

TRADE surveys by New Zealand in East and South-Africa are only part of a feverish search to find outlets for that country's primary produce. While Britain remains almost unaffected New Zealand's wool, meat and other exports will also have a surplus on the market.

The result is an almost total cessation of trade with the country in the latter half of the year. The wool trade in particular has been hit by a fall in prices of 200,000 to 300,000 pounds.

New Zealand's primary produce market is now being sought in East and South Africa, while similar steps are being taken by other South American countries.

The indications so far are that the country is still a net importer of primary produce.

# Unopposed Government

**SURPRISE** and concern have been expressed at the small percentage of voters in the recent by-elections who voted for the Government. It should be in the fact that anyone bothered to vote at all.

Faced with an irretrievable Government majority of 100, the Government has been urged by the Opposition to call a general election. The Government has refused to do so, and has instead been urged to call a general election.

In a letter characteristic of the Government's attitude, the Minister of Education, Mr. J. K. O'Connell, stated that the Government would not call a general election until it had a clear majority of 100.

## LETTERS TO THE EDITOR

# Queen receives 'rent' for a castle

## CLYDE VISIT

Visiting Daonach with the Duke of Edinburgh, the Queen was presented with a single dark red rose from the Duke of Argyll, traditional 'rent' paid to the Sovereign for Inverary Castle, his home on the Firth of Clyde.

The Duke, secretary chief of the Council, Clan and Master of the Royal Household in Scotland, at all times in Albany the rose was offered on his behalf, says the Council of the Duke.

It was the first opportunity for the 'rent' to be presented since 1763 when Mary, Queen of Scots, visited Dundee before the Union of England and Scotland.

The Queen sent the Duke of Edinburgh, cheered by thousands of holdovers, late interrupt of their cruise along the Scottish coast to give the Duke a gift for the Prince of Wales.

The Duke, in return, presented the Queen with a short decorative smoking dagger or sword by King Edward III.

The Queen's visit to Inverary is a rare one in her 50 years of reign.

CALL FOR MIDDLE EAST PEACE FORCE

Eisenhower warning of danger in Jordan ASSEMBLY ADDRESS ... PRESIDENT EISENHOWER proposed a far-reaching aid programme for the Middle East when he addressed the United Nations General Assembly at an emergency session in New York yesterday.

He called for a United Nations "peace force" to be sent to the area, steps to avoid a new arms race spiral and a regional economic development plan.

The President stressed his pledge that American troops would be "totally withdrawn" from the Lebanon "whenever this is required by the duly constituted Government of the Lebanon or whenever, through action by the United Nations or otherwise, the Lebanon is no longer exposed to the original danger."

The United States delegation would support measures in the Assembly aimed at securing Lebanon's continued independence and integrity, so that the political destiny of the Lebanese people would continue to be in their own hands.

Far-reaching consequences

Describing Jordan as "another urgent problem," Mr. Eisenhower added: "If we do not act promptly in Jordan, a fresh dangerous crisis may come. For the military and indirect aggression directed in Jordan may lead to conflicts endangering the peace."

He said the United Nations must accept its special responsibility as it sponsored the Palestine armistice agreements and the care of refugees. "We must recognize that peace in this area is fragile and we must also recognize that the end of peace in Jordan could have consequences of far-reaching importance."

The President said the Assembly should also face the question of inflexible commitments. United Nations resolutions designed to stop irresponsible broadcasts from irresponsible propaganda to irresponsible citizens of other nations...

Q.C. ridicules Crown exhibits RUSSIAN RECIPES

MR. A. I. MARISLS, Q.C., supporting defence objections to the indictment of the accused Russian traitors yesterday pointed to the tables occupied by the Crown and said it would be physically impossible for any conspirator to read all the documents involved in the case.

He also said the Crown had failed to disclose to the jury another 18 months and your Lordships will have to listen to this fat, fat rubbish, he went on.

There were, he said, between 2,000 and 4,000 pages of documents, many of them being Russian and including a Russian code book and a Russian code book's explanatory magazine.

Another exhibit was a copy of a document which the Crown said was an indication of the work done by the defendant in making these lists.

## Meal-time for Neghestie

WHILE ordinary, everyday lionesses are prowling about Nairobi National Park wondering whether they will be lucky enough to have supper, not for off—in a Karen home — another lioness knows that her meal will be on the table or rather the floor, as usual. For Neghestie is the pet lioness of Mrs. Poulter Greome, and her nourishment needs no stalking. And it is Mistress who is a bit thoughtless and forgets that a growing lioness needs 12lb. of square meal a day. Neghestie can always exert her persuasive charms, like jumping up on Mrs. Greome's chair and generally fooling around until dinner is served. Looking on at all this nonsense is Mrs. Greome's Collie bitch, Elizabeth, who at such times feels slightly peeved that her friend Neghestie should have all the limelight. But soon the raras is over and Neghestie retires to the sitting-room carpet, her rations firmly between her paws.

Right, Neghestie seems annoyed about something as she lies on the lawn. But the ugly face is put on only to impress the visitors.

THE Nairobi Indian Chamber of Commerce has sent a memorandum to the City Council recommending that the licensing of Asian hawkers should be continued for an indefinite period. ## ELIMINATING NOISE IN THE OFFICE

Brilliant new way to replace pressure with pleasure!

Perceiving the new Royal Standard—the world's only typewriter featuring a truly "compensated" keyboard for faster, easier, trying with a feather-light touch. The exclusive new keyboard uses four than fully faster pressure normally required to operate the keys on most typewriters; the touch is lighter, results are brighter. And because each key is fastened to the strength of the individual key,

the U.S. Council is coordinating machinery to eliminate the noise which some extol, perhaps in an exclusive court case.

We all have a right to live in a quiet world. It is not that the world is inhibited to a great extent by those who are crying out for silence. It is the crying out for silence that is the trouble.

**mb's** began their contribution to **NAIROBI** 50 years ago---

In 1908 two men set out from South Africa inspired by an unshakable faith in the potential future of the new colony of Kenya. In those days, when even the shortest journey was a perilous undertaking, it is not difficult to imagine the hazards endured by these redoubtable pioneers who pushed doggedly on until at last, in 1908, they arrived at the capital... Nairobi, a city of tents and wooden shacks. Undaunted, they plied their trade and soon established a reputation for quality and service among their fellow settlers, and to this day the faith of W. Maxwell and R. Brady has been fulfilled and their names are still synonymous with quality merchandise.

### CELEBRATION

Celebrating! The world in their feet... the world's merchandise at their feet too, brought to them by the experience and skill of Maxwell Brady Merchandise to celebrate all Special Events, to say nothing of the usual day-to-day purchases, will always be found in the surial stocks at Maxwell Brady.

Evidence of the progressive spirit at Maxwell Brady can be found in the reorganization of our Men's Wear section and which will soon be reintroduced and which will take several months to complete.

Knowledge and enterprise count for all. Maxwell and Brady will.
